Chapter 41 – Hero Saves Beauty

I don't know why, I felt like my body was unusually powerful after getting reborn, at the start I thought it was the result of my frequent training. However afterwards, I felt like something wasn't right, I was never as energized as now before getting reborn. This feeling became more and more obvious after returning from Yanjing, I felt like my body held energy that never ran out. I should ask old bro Yama another day to explain what exactly is going on with me to me.

“Help —” A female voice asking for help sounded out from faraway, it sounded really good. I couldn't help but stop and looked around.

“Shout? Continue to shout! Even if you shout until your throat breaks nobody will save you!” A coarse voice rang out.

Ai, I swore in my heart, what kind of education does this criminal have, can't you use some new words.

As expected, that voice stopped asking for help, and changed to a scared tone, “Wh-what do you guys want?”

You guys? There are accomplices?

“What do we want? Birdie, have some fun with me,” It was a sissy-like voice this time.

Fuck, isn't this so unprofessional? Wanting to be delinquents just because of their loud? They have no future!

“Ahh! Let go! If you don't, I'll fight you!” the woman shouted.

“Fight? Good! I, grandpa, is waiting!” the coarse voice responded.

Ai~ Today I was pretty happy, let me act as a hero and save... Wait, I have to see if it's a beauty first, if I save a tigress that is hell bent on repaying me with her body then I'll be screwed.

I followed the voices quietly and walked over, it was actually a small alleyway by the road.

Two people with contrasting physiques had their backs turned to me, a fat and a thin. Why did their backs look so familiar? They can't be the fat and thin Buddhist monks from The Deer and The Cauldron right? I hurriedly glanced around, and made sure that no one was holding a camera.

Under the moonlight, I could clearly see the young woman that was being robbed by the two people, she was about seventeen or eighteen of age, with a refreshing look. Her development was good~ It should be said that its super good, a pair of large breasts was bulging out, almost bursting out of her shirt. His grandma, I swallowed my saliva, going out in the middle of the night with a body like that, if I was a delinquent I would rape you too.

The girl's face was pretty good, an oval face, thin eyebrows, her clear eyes had hints of anxiousness and fear, but had a beauty that was hard to describe, that made people want to spoil her. Damn, she's a beauty~ How can I let these two monks ruin her, if she has to be mounted, it should be by me!

How did the song go, roar when unfairness is see, make a move when the time is right. I sneakily went over and tapped the thin monk's, in other words the sissy-sounding one's, shoulder.

"Fuck, ghosts!" The thin monk had his semen in his brain, and now that his back was suddenly tapped, he freaked out.

"Shout you mom!" The fat monk turned around unhappily, and suddenly saw me who was behind him, and said surprisingly, "Who-Who are you?"

"Two bros, nice interest tonight," I said with a smile.

"Fuck you scared me to death! Who are you? It's none of your business here, fuck off!" The short monk said to me.

"Help!" Seeing that I have come, the girl started screaming crazily.

"Don't be so loud for now!" I glared at the girl in dissatisfaction. Then said to the fat monk, "Do you even know how to be delinquents? Why are

you so farmer?”

“Ai? How’d ya know that us bros are farmers?” The short monk replied.

“Shut up, what the fuck are you saying to him!” The monk on the side immediately stopped the short monks, then turned to me and said, “What fucking business is it of yours if the two of us are farmers or not?”

Ai! This intelligence, I’m speechless! I said gloomily, “Come, let me show the two of you how to be delinquents!”

The two people and the beauty just now looked at me dumbfounded, the girl’s expression was beyond depressing, she thought she was about to leave the tiger’s mouth, instead another delinquent came. The girl sighed, it looks like her pure body was destined to be ruined here today.

I turned around, fermented my wished for a while, and even thought about Ye Xiaoxiao’s large breasts, and finally managed to force out a face of lewd smile, and walked up to the beauty.

“Are you ready?” I suddenly thought of a quote in the play “Mai Guai”, so I said it out.

The thin monk exclaimed, “Fuck, old bro look! That’s skill, asking them if they’re ready before raping them.”

The fat monk also agreed, “Yeah! City people really are more educated, so fucking polite!”

“Okay, I’m about to start. You have the right to resist, but your resistance will only excite me more!” I reached my hands towards the beauty’s chest, and the moment I was about to touch it, I retracted my hands.

To be honest, I didn’t want to retract it, but it can’t be helped, I’m playing the hero right now, and not a pervert, I have to think about it from another point of view. If I really touched it, wouldn’t I be the same as the two monks? So I can’t do this.

“Okay, demonstration over,” I said to the monks. “The two of you can fuck off now.”

“Boss, you really are an amazing delinquent! How about you mount first? After eating, you do need to leave some for the bros!” the short monk said.

“Whose a delinquent? I wanted to act as the hero and save the beauty from the start, and seeing that the two of you are so unprofessional, I generously demonstrated a bit for you guys,” I got angry. They actually gave me a cap that said delinquent.

“Laoer, this brat was messing with us! Beat him up!” then they rushed up to hit me.

Ai! The fat and thin monks have really been treating themselves as the fat and thin monks, flashing this sort of kungfu in front of me. I was a sanda champion in my previous life, and I got even stronger in this one, I really didn’t want to increase the burdens of the white clothed angels.

“Wait!” I quickly shouted, and made a stop sign with my hands.

“What? Scared? If you’re scared then scram!” the thin monk shouted.

“I just wanted to ask if you brought any medical fees on you? If I made the two of you disabled, and you didn’t have any money to see the doctor, and thus delayed the illness, I’ll feel bad!” I said kindly.

“Hahahahahaha!” The fat and thin monks laughed together cockily.

I really didn’t want to waste any more breathes with them, I said everything that needs to be said, it’s not my problem if they died now. I sent the fat monk flying with a kick, and he smashed onto the thin monk with a “Hong” sound. The sound of bones cracking was heard, certain bones of thin monk probably got crashed by his big bro.

I went over to check their breath, they were still breathing, the two of them only fainted. It looks like it is unlikely for the two of them to wake up again once more, two brand new vegetables have just been born.

“Ai, okay, beauty, why are you still standing there like an idiot? You can’t be wanting to stay there until the next group of delinquents come right? I said to the dumbstruck girl.

Chapter 42 – Da Gege

“I —— Err, thank you just now,” the beauty returned to her senses after my call.

“Oh, I’m actually a delinquent too, it’s just that I temporarily changed my mind,” I said.

“Hehe, I know you’re a good guy,” The beauty looked at with thankfulness in her eyes.

The moment her and my gaze met, I immediately shuddered, and immediately looked elsewhere. This beauty’s gaze was so alluring, just looking at it caused some biological reaction for me, no wonder so many bad people have unhealthy thoughts about her.

“What are you doing so late at night? Don’t you know that there are that many bad guys nowadays?” I scolded her. Who knows what her parents are doing, but if I have a daughter that was like flowers and jade, I would definitely not let her come out to wander around at night.

“It’s —— It’s my first time traveling, I got lost the moment I got off the car,” The beauty said shyly.

“Oh, is that so. Then tell me your family member’s phone number, I’ll contact them for you,” Since it’s a foreign tourist, I’ll show off Songjiang’s good citizen image.

“I —— I don’t have a home!” The little beauty bit her lips and forcefully said.

“No home? You’re an orphan?” I asked weirdly. I didn’t believe that this little beauty could survive alone till now, and wasn’t raped by sex maniacs then murdered.

“My daddy and mommy don’t want me anymore!” As the little beauty said this, she sounded like she was choking.

Ai! I sighed. So she’s an abandoned child, I really don’t know what her

parents were thinking, this excellent daughter can be sold for a really high price even if she was sold to rural mountains! No, what? How can I think like this, I am a good citizen.

So I said, “Xiao Meimei, what are you going to do from now on? How about I take you to the police station?”

It seems like this little beauty is older than me, but never mind, nobody made me the beauty-saving hero. I can't say to her: Da Jiejie——. How much face will I lose. Furthermore I'm so handsome and buff, as long as I don't say anything, who would know that I'm 16?

“Da Gege (My evil plan worked out as expected), don't take me to the police station, they'll send me back to daddy and mommy's side!” The little beauty tugged on my sleeve with coquetry.

Ai, I can't take it. This voice, is essentially a little kistune. However hearing what she said, it seems like it isn't her parents that don't want her right?

“Actually-actually, I ran away from home!” The little beauty saw through my suspicion, and finally said the truth.

“Ai, in my opinion, Xiao Meimei. This is your wrong, think about it, running away from home like this, how worried would your mommy and daddy be? Listen to Da Gege, let's go to the police station!” If such a beautiful flower wasn't sent back to the greenhouse, I couldn't be sure if anything would happen.

“I'm begging you, Da Gege. Don't send me back! I don't want to return to that home! Daddy and mommy doesn't love me anymore, they just socialize themselves, and don't care about my stuff. They —— I just don't want to go back! Da Gege, I really had enough!” Saying that, the beauty's eyes got wet. Tears poured down without stopping.

I immediately found a handkerchief from my pocket, and dabbed away the tears on her face. Ai. Zhao Yanyan gave it to me, and I was actually using it to wipe tears for another girl.

“Okay okay, don't cry. I won't send you to the police station okay!” I

comforted the little beauty, I didn't think that she would have so much issues despite being so young. Did I have a rebellious attitude when I was her age?

"Really?" The little beauty asked happily.

"Of course it's real. Da Gege never lie," I said in a matter-of-fact tone. At the same time I thought, lying is what I'm best at.

"Da Gege is amazing!" the little beauty immediately stopped crying and turned to laughter. She suddenly turned around and kissed me softly on my cheek.

My first reaction was, crap! What problem is this? My poor cheeks, it must be covered with snot and tears now!

"Okay, I promised not to send you to the police station, you can leave now. I'm going home," It's already ten o'clock after messing around like this, I think my mom will go berserk if I don't go back now.

"Ah? Da Gege, you're just going to leave me here?" the little beauty pouted.

"Then what am I supposed to do? You don't want to go to the police station either!" I had to leave quickly, if I don't go back now, my mom would also go to the police station.

"What if I meet another bad guy?" Helplessness flashed cross the little beauty's eye as she looked at me.

"——" I really can't take it, she's using this again. Look at her, I'm having a reaction down there again.

"Then what do you want to do?" I said helplessly.

"I want to follow Da Gege, then Da Gege can protect me!" The little beauty blinked as showed an expression as if her ploy succeeded.

God! She definitely had a premeditation, and finally tricked me into it after so long. Bring her home, I was naturally happy about it. I'll feel good just bring home such a little beauty to look at. But what about my parents? Was I supposed to tell them I picked her up off the streets?

Seeing the hesitant expression on my face which looked trouble, she said pitifully, “Da Gege if it’ll trouble you then never mind, let me fend for myself in this wilderness.”

——, although I knew this girl was bullshitting, what wilderness, this is the city! Fend for herself? Die by herself was a true possibility¹, let’s see her survive by herself? However, I could not help but feel pity for her, I sighed, “Okay, I’ll bring you back. But let’s say it now, just for a night, after tonight I’ll help you find another place to live.”

The little beauty cheered and kissed me again. Why was she so willing to kiss others? Wasn’t she taught that man and woman shouldn’t be so intimate?

I got a cab, and let the little beauty get on first, then I told the driver my address. I am a millionaire now, I should take a cab and enjoy sometimes.

After I got home, my mom and dad were staring angrily at me in the cloud-filled living room, they were just about to explode, when they suddenly realized that there was an extra person behind me.

“Hi Uncle, Auntie!” the little beauty said sweetly.

“Who is this?” My mom looked at me weirdly.

I was just about to explain before the little beauty spoke up first, “Auntie, my parents don’t want me anymore. I was being bullied on the road just now, fortunately Da Gege save me. Auntie, I don’t have a home to return to now, please take me in.”

The moment the little beauty opened her mouth, I looked at her dumbfounded, and felt speechless, this is too...? A natural socializer? This is my home, I haven’t even spoke yet, but she already started talking.

Did she plan to stay in my home for the long term?

Chapter 43 – Together

“Ai! This child is so pitiful, Old Liu, what do you say?” My mom asked my dad.

“I think we should call the police, we don’t know if this child comes from somewhere bad, what if something happens?” My dad said worriedly.

“What do you mean comes from somewhere bad! Look at how pretty this chick is, I like her from first glance! I’ll make the decision, and let this chick stay in our home!” My mom looked at the little beauty with eyes full of fondness.

“But ——” My dad still wanted to say something, but was interrupted by my mom.

My mom said quietly, “Don’t but now, look at the chick’s looks, how good would it be to let her be the wife for our family’s Leilei .”

Although my mom said it in a small voice, the little beauty and I still heard it. The little beauty’s face turned bright red, but why do I feel like she was quite happy? The little beauty can’t have fallen for me right? Hero saves beauty, after that... Gaga, if it’s like that, then letting her stay was a pretty good choice.

“Girly, what’s your name?” My mom walked over, and happily caressed the little beauty’s head.

“Auntie, I’m called Xia Jing,” the little beauty replied.

“Hehe, so cute. Call me Bomu in the future. Let’s go Xia Jing, come to Bomu’s room, and tell me about what happened. Old Liu, just watch TV with Leilei for now,” with that my mom took Xia Jing’s hands and led her into their room.

Sounds of laughter kept coming out of the room, my dad and I could only look at each other.

After a while, Xia Jing ran out, and said to me, “Liu Lei-didi, I’m older than you! Heh, and you dared to proclaim yourself as Da Gege, call Jiejie!”

It looks like my mom must have told Xia Jing my real age. Seriously mom, saying everything, isn’t this cockblocking me?

I glared at Xia Jing, then in a strong tune, “If you think you don’t need me to protect you from now on, then I can call you Jiejie.”

“Mom ——! Look! Didi is bullying me!” Xia Jing suddenly shouted loudly.

Mom? Where is your mom? Both my father and I raised our heads, and looked around.

“Stop looking around, I just admitted Xia Jing as my goddaughter, so I’m naturally her mom,” My mom came out of the room with a happy expression.

I was about to faint, I can’t stay here anymore, if I stay any longer, I’m going to end up running away.

I stood up, and said that I was going to study, and returned to my room.

“Where is Xia Jing going to sleep at night?” My dad asked.

“Let her sleep in the same room as Leilei,” my mom replied.

”That’s not so good right, Xia Jing is a girl,” my dad said.

“Why are your thoughts so complex, they’ll both kids, what do they know! After all, Xia Jing also agreed just now,” my mom glared at my dad.

This idea is great, hehe I like. If I was there, I would definitely be really happy, but right now I was in my room thinking about what happened today, and what I should do in the future.

Now that I have startup funds, which wasn’t a small amount either, what industry should I invest in? Although the “Interim Provisions on Prohibition of Exorbitant Profits” was passed on January 11th 1995 in the

country, its effect wasn't great, industry with exorbitant products still existed even after the year 2000. The industries I can think of right now includes real estate, education, network cafes, domestic appliance production, communication product production and migration consultants. These are all super profitable industries, if I use my all the funds I have to invest into these, then the return would be no less than a hundred times.

Real estate not only required a huge amount of money, but had to work in on both the surface and the underworld, or else problems will occur. From the looks of it, I've touched both, yet haven't touched either.

Education, in other worlds cultural schools like Shao Nian Gong. I had enough money to open a school, but what about fame and teaches?

Network cafes, it required a large investment, although the profits currently would be high, but after a few years network cafes would be everywhere.

Domestic appliance productions, this industry was rather suitable for me, and was slightly related to what I learnt in my previous life.

Communication product production, this industry was pretty similar to domestic appliance productions, and could be done at the same time.

Migration consultant? This was too terrible, for my own name, it's better to stay away from it. At the end of the day, only real estate and domestic appliance productions was more suitable for me.

As for the computing industry, isn't Uncle Zhao there? From the looks of it now, Tianheng Computers was essentially mine.

Just as I was thinking, the room to my door was pushed open. I said unhappily, "Did I say that don't disturb me when I'm studying?" Ever since I had been reborn, because I had a lot of things to hide, so I made my parents promise that they will always knock before entering my room.

"Da Gege, it's me," I looked up, and found out that it was actually Xia Jing.

"What did you come here for?" I asked weirdly.

“To sleep with you!” Xia Jing said.

“What?? You’re sleeping with me?” I looked at Xia Jing in disbelief, after a long while, I said with difficulty, “Aren’t you scared me of doing something?”

“I know Da Gege is a good person, you wouldn’t do anything to me. If you wanted, then you would have just now outside ——” Saying that, Xia Jing’s face suddenly became red, like a little tomato.

I’m a good person? In truth I’m just a pervert. Hehe, sleep with me? Whose idea was it! It’s too amazing!

“There’s just one bed in my room,” I said.

“I know,” Xia Jing said softly with her head down.

“When I sleep I don’t like to wear clothes,” I continued.

“Me... Me too,” Xia Jing said extremely quietly like a mosquito.

“Oh, that’s fine, then let’s sleep,” I said. Suddenly I thought of something, and hurriedly asked, “What? You aren’t going to wear clothes either?”

Xia Jing didn’t say anything, and only lightly nodded with her head down, her head was nearing in her chest.

I took a took breath, my heart was starting to worry. If I didn’t have a girlfriend, I would be infinitely welcome for Xia Jing to sleep with me, and I wouldn’t mind anything beyond friendship that happens between her and me, but the main problem is, I have Zhao Yanyan already, why was Xia Jing coming in to join in the fun?

Isn’t this troubling me? If I said that I had no thoughts about Xia Jing, that would be a lie. A beauty that didn’t lose out to Zhao Yanyan at all was standing in front of me, and her body was also more mature than Zhao Yanyan, if my heart didn’t waver, then I would have some physical or mental issues.

However now... I really didn’t know what to do, I took a deep breath, and felt helpless.

Never mind, I'll take it a step at a time, I am, after all, someone that has been reborn, how could I be such a pussy? I'll find a chance to confess to Zhao Yanyan, I'll let her kill or skin me.

Chapter 44 – Spring Roll

I put all the planning forms on the table into my drawer, and looked at my watch, it was already twelve.

“Why aren’t you sleeping yet? “I looked at Xia Jing, who was spacing out while sitting on the side of the bed, and asked.

Xia Jing hung her head, her face was so red that water was about to come out. After a while, she replied softly, “Go out first, I’m going to take off my clothes.”

“Aren’t you going to sleep in the same bed with me? You’re scared of letting me see?” I asked.

“Even — Even so you can’t, just go out first, come back in when I got onto the bed,” Xia Jing pushed me out of the door.

Ai, what’s with this woman! She’s sleeping with me, yet she’s still scared of people seeing her strip. I walked reluctantly out of my room, it would be good if there’s a hole on my door.

After a while, Xia Jing shouted from inside, “It’s okay now, you can come in.”

I pushed open the room door excitedly, and ran straight to my bed. Yi? What’s that position? She actually wrapped herself up with the blanket, just like a huge spring roll.

“You can’t be going to sleep like that right?” I asked without giving up. If it really is true, then there’s no meaning of her stripping or not.

“Of course! Although I know you’re a good person, but you see, you’re still lecherous, for my safety it is better if I wrap myself up,” Xia Jing replied craftily.

“Fuck! If you’re scared of it being unsafe, then don’t sleep on the same bed as me! What are you doing!” I shouted angrily. I felt like I was being played with.

“But-but I still hope that you can protect me from the side!” Xia Jing said sadly.

“Completely not understandable,” I turned off the lights angrily, and swiftly took off all my clothes, when I only had a pair of underwear left, I still took it off while clenching my teeth. I climbed onto the bed, and pulled over another blanket to cover me, turned my back towards Xia Jing’s direction, and didn’t talk to her.

Yet I couldn’t sleep no matter what, instead I got more and more energized. Xia Jing’s happy expression and her voluptuous body swirled around in my mind, I really wanted to forcefully take her blanket off, and see what those huge breasts feel like.

Just as my mind was wandering, a sound rang out from behind me, “Da Gege, are you angry?”

So the little beauty Xia Jing didn’t sleep yet either, I thought she fell asleep ages ago.

“No!” I replied coldly, “Also, don’t call me Da Gege, I’m not as old as you!”

“What! Da Gege, you’re definitely angry, did I make you unhappy by wrapping myself up?” Xia Jing asked in a wronged tone.

“Why are you still asking, even though I already told you I’m not!” I said impatiently.

“You are!” Xia Jing argued.

I didn’t say anything, I couldn’t be bothered to fight over this pointless issue with her. Instead asked if I was too perverted? I already had Zhao Yanyan, but was still interested in Xia Jing’s huge breasts. Ai, where did my faithfulness in love from my previous life go, it’s been an utter failure in this life, I’m a huge pervert.

After a while, seeing I wasn’t talking to her, Xia Jing said softly, “Da Gege, I’m scared, can you turn around?”

“I have bad intentions, continue being your spring roll,” I was still

annoyed at her method.

“Ai!” Xia Jing sighed, and said coyly, “How about I open the blanket, but you can’t do that to me!”

Suddenly, I felt like I was truly a bastard. It was very normal for the girl to wrap herself up, what was I angry for, were they born so you could touch them? I laughed wryly, then shook my head, and turned around. I just wanted to apologize to Xia Jing, I didn’t expect Xia Jing really opened the blanket that was wrapped around her body. Under the moonlight, I could see the embarrassment on Xia Jing’s face.

“Da Gege, is okay now right,” Xia Jing said softly.

“Go to sleep, just now it was Da Gege’s mistake, Da Gege did have ill intentions,” I said shamefully. I was messing around with a seventeen or eighteen years old girl even though I’m already thirty.

“I believe Da Gege,” Xia Jing smiled and said. Then suddenly continued shyly, “Actually, even if, even if Da Gege really wanted to do anything to me, I wouldn’t blame you...”

Could this count as a hint? It can’t be? Why is the heavens favoring me so?

However I didn’t do anything in the end, since my image as the Da Gege was still rather positive. I couldn’t bare to leave any traumas in the little greenhouse flower’s heart.

Thinking to that point, the desires in my heart also calmed down quite a lot, I gradually fell asleep.

I woke up in the middle of the night once to go to the bathroom. When I came back, I found that Xia Jing kicked away the blanket covering her, the whiteness in front of her chest appeared unrestrained before me.

This — I didn’t know what to do, you were the one who seduced me, it’s not my problem right? Thus, my hand subconsciously wanted to reach over...

Suddenly Xia Jing shouted, “Da Gege, don’t leave me! Don’t send me

home! I won't cover myself like a spring roll anymore..."

I was shocked, and immediately retracted my hands. After looking at Xia Jing for a while, and realized her eyes were shut, and her breathing was calm. So the little beauty was sleep talking!

I reached my hand over again, Xia Jing spoke again, " Da Gege, I opened the blanket already, you can do whatever you want to me, just don't throw me away!"

I looked at my hand that was hanging in midair, and finally gave up. Hearing Xia Jing's poor sleep talk, I felt like if I really did something while she was sleep, then that would be too contemptible.

The entire night, Xia Jing and I didn't have any contact between our bodies, although I wanted to, every time I saw Xia Jing's smiling face, I couldn't bare to reach out the sinful hand.

Ai, it's so hard being a good person, I kept on restraining myself, I felt like I nearly turned into a Teenage Mutant Ninja Turtle. ¹ It can't carry on like that, staying at my home for one or two days was fine, but if it goes on for a long time, then what?

Although it felt great with a little beauty around, but I could only look and not touch, and couldn't have any bad thoughts, that would be too difficult.

It looks like I have to find a time to have a chat with Xia Jing, continuing on like this really won't do, if she really stays, then sleeping on separate beds would be better, or else I won't even be able o sleep well. If I continue suffering like this everyday, I'll definitely breakdown.

Even if I'm a good person, I will be tortured into a pervert with ill intentions.

Thinking about these random crap, I gradually became more sleep, and fell asleep, however, subconsciously, I still tried to control myself, and didn't allow my hands to go over to Xia Jing.

Does this count as finding suffering for myself?

Chapter 45 – Changed so Quickly

The sunlight of early morning poured into the room through the windows.

When I woke up, I noticed that the position Xia Jing and I were in were extremely ambiguous. Originally we each slept on one side of the bed, respecting each other and never crossing the line.

However Xia Jing was actually clinging onto me like an octopus. The worst thing was that this little beauty was naked, the peaks on her chest were touching my body.

I couldn't help but move my gaze down, thank god I wasn't a virgin that haven't done anything, or else I would instantly have a nosebleed!

I restrained my impulses, and moved my gaze to the side, but, I could feel that, a certain part of my body have already sinfully raised up, at that moment, the little fellow was closely poking at Xia Jing's stomach.

I wanted to roll around, but Xia Jing woke up. I couldn't help it, and could only continue in this position and asked awkwardly, "You woke up?"

Xia Jing blurrily opened her eyes, there was still a sliver of saliva at the corner of her mouth, and said unclearly, "Da Gege, what are you poking me with, it's so hard. "Saying that she reached over to grab it.

I just wanted to stop her, but Xia Jing's hands were already gripping it... This really made me sweat, this was way too quick right?

Ya!" Xia Jing exclaimed, and immediately sat up, her sleepiness instantly disappear, and shouted loudly, "Pervert!"

I quickly jumped up and covered Xia Jing's mouth, I didn't want my mom to hear the shouting in here.

"Don't shout! It was you who clung onto me like a squid, and now you're calling me a blackguard..." My gaze looked around, and actually

noticed that Xia Jing was completely butt-naked, there was nothing covering her chest, the shuddering whiteness made my gaze stop on it, unable to move away.

Hearing me say that, Xia Jing embarrassedly dipped her head, and noticed I was gazing at her chest without moving, since her mouth was still covered by me, she couldn't even scream even if she was shy, and so desperately bit down on my hand.

"Ah!" It was my turn to scream. The moment screamed, Xia Jing immediately stopped biting, and asked with me with a caring gaze, "Da Gege, I didn't hurt you right? I didn't do it on purpose."

I looked at the row of teeth marks on my hand, and said in an annoyed tone, "You'll know if it hurts or not if you bit yourself once!"

Getting messed around with her like this, the desires in my body also disappeared. Looking at the little fellow with his head down, I was a bit speechless, if I become impotent in the future, I'll definitely find you.

"So petty! Then I'll let you bite me once!" Xia Jing reached over her hand in front of me and said like she was wronged.

Ai, it's this pitiful gaze again, my heart immediately softened. Ugh, if I get impotent, then impotent it is.

"Never mind! How can I get angry! If you don't want me to do anything that crosses the line, then don't sleep with me together tonight," I said helplessly.

After hearing that, Xia Jing's expression was really weird, like a little fox that stole a grape. Her face was as red as the sun.

I got dressed really quickly, and ran towards the bathroom. I didn't have time to mess around with her, I still had to check if my little fellow could still be used.

In the bathroom, I began to remember the porn I have watched in my previous life, hoping that my little bro could harden quickly, but it had no reaction. This damn child, he can't actually have some issues right.

“Leilei, open the door quickly! What are you doing? Xia Jing still has to go to the bathroom!” My mom’s voice sounded out from outside the bathroom.

I lifted up my trousers, opened the bathroom door, and stared at Xia Jing, who was standing at the door with a smirk on her face. I felt like I had been too kind, if I knew this would happen why did my hand stay so still, I should have directly let something happen. Just great now, it was already of a concern if I still have that function.

On the way to school, I was listless the entire way, I can’t be that lucky right? I just returned to 1994, and didn’t get a laugh for so long, a problem occurred in my body, what am I going to do from now on?

“Hubby, what happened?” Seeing that I had a face full of worries, Zhao Yanyan’s clearly became unhappy.

“Ai!” I didn’t know how to explain it to her, was I supposed to say that I can’t ever do that with her anymore? I felt helpless just thinking about this issue, damn Xia Jing.

“Hubby, if there’s any problems then speak it out, Yanyan will share it with you,” Zhao Yanyan said caringly.

This really was pretty bad, I really was embarrassed to say it out. In the end, it is due to my lecherousness that caused this effect. I still decided to come clean to Zhao Yanyan in the end, since I didn’t want to lie to the person I love most.

Thus, I told her everything from how I acted as the hero, to how my mom admitted her as her goddaughter as well as how I slept on the same bed with her, without hiding anything. When I said I was scared impotent, Zhao Yanyan actually started laughing out loud.

“Damn chick, why are you laughing and not crying?” I said angrily.

“Haha! I was wondering what it was! So it’s this! Haha, I’m laughing to death,” Zhao Yanyan laughed unrestrainedly lying on the table, like a peacock with its tail open.

I angrily clenched my teeth and turned away. Just as I turned around, I

felt a little hand climb onto my jeans, and quietly pulled open the zip on it.

“What are you going?” This is the classroom, this chick is way too daring.

“Hehe,” Zhao Yanyan laughed. “I’ll help you see if it still works.” With that, Zhao Yanyan’s icy hands slithered in.

“Isn’t this working?” Zhao Yanyan giggled and looked at me.

“Okay, let go since it’s working. There are so many people in the classroom,” I freaked out, I didn’t think Zhao Yanyan was so daring, and hurriedly made her take her hands away, and looked around nervously, and only after noticing no one was looking this way, I let out a sigh of relief.

Luckily Zhao Yanyan and my seat were closer to the back, or else, if we were seen, we wouldn’t need to even mention the awkwardness. However, now that I think about, since Zhao Yanyan wasn’t scared, what was I, a man, scared of? But I felt that since Zhao Yanyan was even more daring than I was, I didn’t dare to mess with her, and could only take her attention away.

“Didn’t you get angry after hearing about Xia Jing?” I could only change the topic. Yet I immediately regretted it after saying it, why was I such a fool, and even managed to ask such a retarded question.

However after I heard Zhao Yanyan’s reply, I was completely mind blown.

Zhao Yanyan said, “What use is getting angry, the moment you mention her, your eyes are full of lewdness. You must be interested in her. But if hubby you really like her, then do her too ——“

Although Zhao Yanyan didn’t say the last few words, but even idiots would understand what she was saying. But I really didn’t understand, why wasn’t Zhao Yanyan even have a tiny bit of anger?

“You really think so?” I asked weirdly.

Zhao Yanyan didn't say anything, just bit her lips and stayed silent for a while, finally she said slowly, "Liu Lei, I don't care if you find Xia Jing or not, but you can't not want me in the future."

I looked at Zhao Yanyan with deep passion, this girl that deeply loves me, that would give me surprises all the time without asking for anything in return. I said seriously to her, "Yanyan, don't worry, I will love you for a lifetime"

"Heh! How many days have it been, you've already changed your mind!" Zhao Yanyan glared at me dissatisfied.

What happened? Just now she was acting as tender as water, now in the blink of an eye —, Ai, women really change quickly than pages are flipped!

Seeing I look at her dumbfounded, Zhao Yanyan actually started laughing, "Last time you said you will love me for two lifetimes!"

Chapter 46 – Just you wait

The class bell rang, Ye Xiaoxiao walked into the classroom full of happiness.

What happened to this little woman? She can't possibly have gotten a boyfriend right? I remember Zhao Yanyan also had this expression when she just agreed to go out with me. Thinking to this point, my heart tensed.

Did she get a boyfriend? A terrible thought flashed across my mind. However I never heard about it in my previous life?

Which turtle took my first, Zhao Yanyan is someone that moved my heart after I got reborn.

Ye Xiaoxiao's following words made me completely relax. Ye Xiaoxiao said, "The test results of this mid term exam came out, I'm really happy. The first and second place of the year are both in our class." Saying this, Ye Xiaoxiao deliberately paused, the entire class looked up, and started talking among each other about who had this honor.

"Zhao Yanyan," Ye Xiaoxiao said. "Your total score for all five subjects is 460, you got second place in the entire year."

After hearing that, Zhao Yanyan didn't show any joy or unhappiness, as if nothing happened. She was worried about my result, I had promise Zhao Junsheng on Zhao Yanyan's home's dinner table that I would surprise everyone in the mid terms.

Zhao Yanyan scanned over the classmates in the classroom, and finally stopped her gaze on me. I just had a face of smile, but don't misunderstand, I wasn't happy about Zhao Yanyan getting second place in the year, it was because I was sure that Ye Xiaoxiao didn't find a boyfriend.

Seeing my expression, Ye Xiaoxiao glared at me unhappily and said, "Liu Lei, your total score is 493."

I was a bit speechless, I did bring light to your face by getting first place, yet you didn't even say what place I got. Although even idiots could tell that I was first place, but I didn't feel good about it. Did I mess with her, she was so happy when she entered, but why did she turn ice cold after seeing me.

Hearing that my score was even higher than hers, Zhao Yanyan sat there happily, her mouth nearly turned into a crescent moon.

"Liu Lei, come with me," As expected, Ye Xiaoxiao is targeting me on purpose! I don't know how I pissed off this missy.

All of the students thought that Ye Xiaoxiao was going to give me some kind of reward for getting first in the entire year. Guo Qing also turned around and said in envy, "Boss, you're really awesome this time."

I laughed wryly, I still don't know what's going to happen with Ye Xiaoxiao's expression? I stood up helplessly, and followed Ye Xiaoxiao out of the classroom.

"Liu Lei, you really did it!" Before reaching the office, Ye Xiaoxiao started.

I know that Ye Xiaoxiao was saying the opposite thing, but I still didn't know where I pissed off this beauty teacher. Before knowing the truth, it was better to pretend to be confused.

"Puchi!" Having hearing that, Ye Xiaoxiao got so angry that she laughed, although she wanted to continue to stay pissed, but the serious atmosphere was destroyed by what I had said. She said annoyingly, "Not even able to tell the difference between commendatory terms and derogatory terms, I don't even know how you got your grades."

"If I could tell the difference between them I would have gotten 500 marks," I knew that I must have lost marks in Chinese.

"How did you know you got 100 marks in everything except Chinese?" Ye Xiaoxiao said weirdly.

"I don't know, but you told me, so I know," I said.

“You!” Ye Xiaoxiao was so angry that her face was pale. She didn’t understand, why did this student of hers always say stuff that doesn’t suit his age? The chats with him completely didn’t seem one between teacher and student, rather it seemed like communication with another person of the same age, or even a person that was even more mature than herself.

Ye Xiaoxiao opened the office door, and said, “Go in first!”

I waddled into the office, and seeing that there was no one inside, I sat right down on Ye Xiaoxiao’s chair.

“You ——! Liu Lei, why are you sitting on my seat?” Ye Xiaoxiao pointed at me and shouted.

“Why can’t I sit here?” I said as if I was laughing, and yet not laughing.

Ye Xiaoxiao glared at me, and didn’t argue, and got a chair from another desk and sat beside me.

“Liu Lei, do you have any issues recently?” After a while, Ye Xiaoxiao calmed down a bit and asked.

Issues? It can’t be? She could tell that I had issues? It gave me a headache just speaking about this issue, how did I pick up a spring roll from the streets, and now it’s even stuck onto me.

“I... What issues could I have,” I have a secret, so what I said didn’t link up.

“Ai!” Ye Xiaoxiao sighed, “I know you ——“

What does she know? Why didn’t she say anything? Did she want me to die in anxiety? I anxiously looked at Ye Xiaoxiao, the little beauty was actually blushing.

“Liu Lei, at your age, having feelings towards the opposite sex... Including the teacher is actually rather normal,” After a long while, Ye Xiaoxiao forced it out a blushing a long time.

I kept sweating, did Ye Xiaoxiao notice my feelings towards her? No, I just occasionally fantasize a bit, how was it possible for her to know?

I pretended to be calm, “Ye-laoshi, what do you mean by that?”

“Liu Lei, did you already forget what you wrote?” Ye Xiaoxiao decided to calm down now that the bubble has ben popped, and didn’t have the shyness from before.

What I wrote? What did I write? Why am I getting more confused the more I listen?

Ye Xiaoxiao thought I was pretending to be confused, and snorted, then took out a test paper and threw it in front of my face, “Look at the composition you wrote.”

I looked at the test paper in front of me, and finally remembered the English composition I wrote during the test. I was just messing with her, she can’t have misunderstood right?

“Liu Lei, you are in puberty, it is very normal if you have interest in the opposite sex, including towards laoshi, but laoshi will tell you that your thoughts are very immature, your primary mission is ——” Ye Xiaoxiao continued to talk about the disadvantages of puppy love and interest in a teacher without stopping.

“Stop!” I shouted, “ I think Ye-laoshi misunderstood, it’s you who told me that we are good friends!”

“Good friends yes! But what do you mean by this sentence? What do you mean by you like me, and I also like you?” Ye Xiaoxiao pointed to the sentence at the bottom of the test paper.

“Please! Ye-laoshi, you can’t be unable to differentiate between “like” and “love” right?” It seems like she shouldn’t make this type of low level mistakes, unless... Thinking to this point, I shook my head, as a child younger than Ye Xiaoxiao by six years, I should have any murderous abilities towards a twenty something girl right?

“Of course I know the difference! But I think you do mean that!” Ye Xiaoxiao said without reason.

“I ——, fuck! Then I’ll admit it, I do like you, I always dream about you, you already became my fantasizing target, what about it? Are you happy now? I’ll leave first if there’s nothing else,” I said annoyingly, and

without hearing her reply, I walked out of the office.

Ye Xiaoxiao looked at the open office door, and her heart jumped for no reason. She only came back to her senses after a long while, and kicked the desk really hard, and said while clenching her teeth, “Liu Lei, I don’t believe I can’t deal with you! Just wait!”

This student actually dared to say filthy things to her, Ye Xiaoxiao’s face seemed like it started burning.

Chapter 47 – Wife

“What did Ye-laoshi find you for?” Seeing that I angrily returned to the classroom, Zhao Yanyan asked weirdly.

“Ya thought too much into stuff,” I was so angry that a Beijing line popped out of me,

“Ya?” Having been born and raised in Songjiang city, Zhao Yanyan didn’t understand what is “Ya”.

“It means her, it’s just a pronoun,” I explained.

“Oh, how did that Ya think too much? Zhao Yanyan’s was able to understand quickly, and immediately used it.

“Ya thought I had a crush on her,” I didn’t want to hide anything from Zhao Yanyan.

“Isn’t that true?” Zhao Yanyan’s eyes scanned across my face, as she said with deeper meaning.

The moment I heard that, I nearly climbed under the table. I asked stuttering, “Who did you hear it from?”

“I have to hear it? You always sleep in other classes, never raising your head. Yet the moment you see Ye Xiaoxiao, you get energized, your eyes are nearly grown onto her... Her chest!” There was clear jealousy in Zhao Yanyan’s words.

“Hai! I... I...” I really couldn’t retort.

Seeing that I couldn’t even reply, Zhao Yanyan smiled and said, “Okay now, there’s no need to be embarrassed about admitting it, just your narrow-mindedness, I didn’t say anything thing either.”

My narrow-mindedness? I sweated, this chick was too precocious. I really didn’t understand, why wasn’t Zhao Yanyan a tiny bit angry? First Xia Jing in the morning, Zhao Yanyan not only get angry, but told me to... Then there’s Ye Xiaoxiao, what is this chick thinking?

“Yanyan, aren’t you angry?” I asked weirdly.

“Angry? Do I have the time to be? Yesterday, you went to bed with that Xia Jing, what can I say? Would the objection be effective? Your mom seems to already treat her as the daughter-in-law right? Where do I, a little girl without name or place, come in!” It was fine for me not to ask, now that I did, I got out all of Zhao Yanyan’s suffering, she frowned, and tears were about to come down.

“What do you mean went to bed? I didn’t do anything with Xia Jing!” I quickly explained.

“I can’t control if anything happens, Liu Lei, I’m asking you, if your mom wants you to marry that Xia Jing, will you abandon me? Zhao Yanyan looked at me with a face full of worry.

“Yanyan, don’t think too much, what do you mean marry or not, how old are we!” I didn’t know whether to laugh or cry after hearing that, and lightly grabbed hold of Zhao Yanyan’s hands. Did this chick think about too far into the future?

“Heh, don’t touch me! I knew it, you’re too scared to answer!” Zhao Yanyan flung away my hands, her tears started flowing.

“I-I, Yanyan, I swear that if I can only marry one wife, then that person can only be you!” I quickly swore, but I still played a little technique, this means that aside from Zhao Yanyan, I could still marry others.

Zhao Yanyan turned from her tears into laughter, and asked with a blushed face, “Really?”

I quickly replied, “Yes! Of course it’s true!”

Zhao Yanyan glared at me and continued, “Don’t think I didn’t hear the other meaning in your vow, I don’t care how many girlfriends you find, but your legal wife must be me in the future!”

I kept sweating, Zhao Yanyan was really intelligent, I couldn’t hide anything from her.

I grabbed hold of her hands once more, and said passionately, “Yanyan,

I will definitely marry you in the future! This is my wish for this life.”

Zhao Yanyan closed her eyes in happiness after that, and kept on nodding. After a while, she said softly, “Xia Jing, Ye Xiaoxiao, I’ll let you guys be proud for a few years, after a few years when my breasts have grown, let’s see if you still dare to compete with me.”

She was still jealous! However what Zhao Yanyan said was true, after a few years, her breasts definitely surpass Ye Xiaoxiao’s, I witnessed this process in person in my previous life.

Seeing I that I was spacing out like an idiot, Zhao Yanyan found it funny and said, “I was kidding with you. If you really can’t hold it, then tonight make Xia Jing...”

I was even more dumbfounded after she said that, there are women that encourage their own husband to mount another woman? This was too unbelievable.

“But how could Xia Jing agree, it’s just wishful thinking from us,” I said regretfully. After stimulating by Zhao Yanyan, I thought back to the ambiguous position that Xia Jing and I were in this morning.

“Heh! Look at you expression right now. Why do I feel like you are still trying to get more even after getting an advantage?” Zhao Yanyan glared at me, I immediately felt a sense of coldness.

“How could I...” I laughed.

“Okay now, don’t think I don’t know what you’re thinking! I’ll help you once, I think there’s eighty percent chance that Xia Jing likes you!” Zhao Yanyan said.

“How do you know?” I asked curiously.

“A woman’s intuition! After hearing you tell me about her weird reactions after you saved her, I knew that she must have fallen for you. What does it show when a girl older than you by several years call you Da Gege? Heh! But I feel like she feels contradicted, she wants something to happen with you, yet was worried about something,” Zhao Yanyan frowned and said, she didn’t forget to express a little dissatisfaction in

her tone.

I really didn't know if I should feel lucky that I found a woman like Zhao Yanyan, this chick seems to let things go my way as much as possible, as if she was a different person from that ice-cold beauty in my previous life. I'm not disregarding the possibility that my rebirth has caused her personality to change, Guo Qing was an example. But isn't this change a little bit too much?

In the afternoon, Ye Xiaoxiao limped into the classroom. What happened to her? Wasn't she fine in the morning, how did she turn disabled in a moment's notice?

"What did you do to her in the morning?" Zhao Yanyan looked at me as if she's smiling, yet at the same not as if she's not smiling, there was an emotion that can't be put to words in the expression.

"She wasn't like this when I left!" I looked at Zhao Yanyan's eyes, and immediately understood, she can't possibly think that this is the sequel of Ye Xiaoxiao's first time.

This misunderstanding is too much! If I really did something beastlike, but I really didn't do anything? Isn't this framing me? I was really scared that Zhao Yanyan would get angry, and quickly tried to explain myself, "What are you thinking!"

Zhao Yanyan pouted, "What are you angry for, it's just like you're hiding something. If you did it, then you did it, I can't say anything."

Ai! It looks like the more I touch the darker I got¹. I still wanted to say something, but I didn't think that Ye Xiaoxiao was actually coincidentally glaring at me, Zhao Yanyan saw all this, a smirk could be seen as the corner of her mouth, as if she was saying: You can't say anything now right.

About this, I really am innocent, but how was I supposed to defend myself? It looks like the more I explain, the less Zhao Yanyan believed, I could only suck it up this time.

Chapter 48 – Proud Dad

When I was eating dinner at night, I noticed something was wrong with the atmosphere at home. My dad said with a face of jealousy, “Leilei, your mid term test results came out right?”

“How did you know?” I asked weirdly. Results did come out, but I only just found out today.

“Our company’s Xiao Liao’s child is also in your school, in the same year as you, but not in the same class. At noon today, Xiao Liao’s kid told his result to Xia Liao, 10th in the whole year! You have around 1000 people in the year, they actually got into the top ten! Look at how much Xiao Liao was bragging at the factory in the afternoon!” My dad said unhappily.

“Heh! Old Liu, didn’t our family’s Leilei get first place in the national computing competition!” My mom said after hearing that.

“I think Xiao Liao did it because of me, he was pointing at the mulberry tree and scolding the locust tree¹, saying that extra curricular specialties are useless, and studying well is the right path,” my dad sighed.

I was a bit puzzled, why did they ask me how I did? Its as if my results are too terrible to look at, truly a puzzle. However my results before getting reborn actually weren’t too great. I know this Xiao Liu’s family’s child, he was a top student from primary school.

“What’s so special about top ten!” I said with disdain, “Oh yeah, dad, there’s a PTC tomorrow afternoon.”

“I’m not going!” My dad roared subconsciously, “Would it just be losing face if I see Xiao Liao there!”

“What are you shouting for! You have to go even if you don’t want to!” My mom glared at my dad, and said to Xia Jing, who was sitting on the side, “Jingjing, you’ve seen a joke, the kid Liu Lei always make us

worried!”

Hearing that, Xia Jing giggled, a pair of fox eyes gazed at me, causing my heart to feel annoyed.

Never mind, I won't tell him my results. I think that they won't believe me even if I told them, they might even think I'm lying. It was better to let my dad feel awesome once tomorrow when he gets to school, and show off in front of other parents.

When we were going to sleep at night, Xia Jing still insisted on sleeping with me. I did consider Zhao Yanyan's suggestion extensively, but what exactly was Xia Jing's background? From her words, she isn't a local from Songjiang, when I asked her yesterday, she answered perfunctorily. No, I have to find out today, or else I might not be able to stop myself and eat this little beauty, what if her daddy is a crime boss, then I'll be fucked.

I made my decision, and solemnly made Xia Jing sit properly and asked seriously, “Xia Jing, what do your parents do?”

Xia Jing thought about it then said, “My mom works in a corporate, my dad is a government official, what are you asking this for?”

“It's nothing, nothing,” I said that, but thought in my heart, as long as they aren't fucking part of the underworld then it's fine.

“Da Gege? Do you want to throw me back home?” Seeing me be so hesitant, Xia Jing asked unhappily.

“How can I, I can't even like you enough,” what I said was the truth, it's just that this girl's background is unknown, so I am a little worried, even though con men weren't that popular, but most importantly, what was worthwhile to con from me?

“Really?” Xia Jing became joyful again.

“Of course it's real, didn't I say I don't lie!” It looks like I'm lying again.

“Da Gege you said it, you aren't allowed to lie to me in the future!” Xia Jing said happily.

“En,” I replied restlessly, because the little beauty had already started stripping.

“Why aren’t you going out?” Xia Jing asked shyly as she saw me gaze at her without moving.

“Since I touched it in the morning, and have also seen it, aren’t we just lying to ourselves if I went out now?” I said shamelessly.

Xia Jing dipped her head, and thought for a bit, then actually said, “That’s true.”

Between the little beauty’s lines and gaze was a hint of slyness, but I didn’t notice since I was completely focused on the little beauty’s chest, and didn’t bother with anything else.

Hearing that, my eye balls nearly fell out of their socket, it can’t be, I just bullshitted but Xia Jing actually said it’s true.

Just as I was dumbfounded, the little beauty quickly took off all her clothes, and jumped onto the bed. I just came back to my senses, the little beauty was already under the blanket. Shit, so fucking unlucky, I didn’t actually see anything since I spaced out.

“Can you strip again?” I asked shamelessly.

Hearing that, the redness on the little beauty’s face was about to spread to the neck, she quickly covered herself with the blankets, and said embarrassedly, “Da Gege, you.... You are so perverted!”

“Hai!” I coughed, and said with a red face, “I was just kidding.”

“The little beauty climbed out from the blankets, and asked softly with her face as red as the sun, “ Da Gege, do you like watching me?”

“Watch you?” I asked confusedly.

“Aiya! I mean... in other word, do you like watching me take off my clothes?” Xia Jing’s face was so red that water could drip out.

I swallowed my saliva, was this a tease? Can I open her blanket?

“I like, of course I like!” I said without much thought.

“Ai!” Xia Jing actually sighed, and said, “Da Gege, I promise you, I can let you see all you want in the future, but... but now is no good.”

Hearing Xia Jing say that, my heart went cold again. She can't be playing with me right, what do you mean see all I want in the future, but now is no good? Does she think I'm an idiot! I lose any mood, and immediately turned off the lights and climbed onto the bed.

My heart started hating my old bro Yama a little, fuck rebirth is rebirth, he had to make me so perverted. I started thinking about the little beauty again.

(Yama was exclaiming in the underworld: I'm innocent! Little bro, you held back too fucking much in your previous life, and now that you've exploded in this life you are blaming it all on me??)

“Da Gege, you're angry again?” Xia Jing poked my back with her hand.

‘Yes, you promised to let me see, but you didn't,’ I pretended to be angry.

“I-I'm just scared that you want to do that to me, and I-I don't want to reject you!” Xia Jing said faintly.

What? I was suspecting that I had some issues with my hearing or I was hearing things, don't want to reject me? Doesn't that mean that I can... have some relationship surpassing that of friends with her?

I was shocked and happy, but also a bit hesitant. On one side, I didn't know if Xia Jing was testing me again, this little beauty was twisted, and only half of what she said could be believed.

However, seeing Xia Jing's large blinking eyes, I couldn't hold back anymore.

I excitedly turned around, and pulled the little beauty into my blanket... The moment our bodies touched together... Xia Jing shuddered.

Xia Jing clearly didn't think that I could be so daring, and humphed, resisted lightly a little, then embraced me with her backhand.

Everything, was so natural, it gave me a surreal feeling. Between Xia Jing and I, did it happen too quick? And I didn't understand Xia Jing's real identity at all, and didn't understand Xia Jing's purpose for coming to Songjiang.

This is always a knot in my heart...

Chapter 49 – Mysterious Person

“Liu Lei, I can’t ——” Xia Jing didn’t resist, just laid on my body and said softly.

“Who exactly are you?” My instincts told me that Xia Jing’s identity is definitely not as simple as what she said.

“Just, don’t ask. They might already have found here, I’ll be grabbed back real soon, but I really don’t want to leave,” Xia Jing choked.

“What, they? Who are they?”

Xia Jing didn’t say anything, and only embraced me. After a while, she sighed faintly, “Da Gege sleep while hugging me like this.”

Although my heart was full of questions, since Xia Jing didn’t want to tell, it wasn’t right of me to ask anymore. Embracing Xia Jing, I fell asleep.

In the morning, I feel like someone was kicking beside me, but the movement was quit small. I opened my eyes, and noticed the person moving around was Xia Jing. The little beauty wanted to escape from my embrace, but I was hugging her really tightly, so she couldn’t escape at all.

Suddenly, I understood the little beauty was trying to escape from my embrace. A certain part of my body was poking right between Xia Jing’s legs.

I moved slightly...

“En ——” Xia Jing moaned. Then immediately looked up towards me, I closed my eyes to pretend to be asleep. The little beauty thought I was sleeping since she noticed that I wasn’t moving, but this time she didn’t dare to move around.

The feeling just now was too good, when I couldn’t help but want to move again, Xia Jing actually moved first.

She lightly twisted her waist, and took the initiative in rubbing me there, I heard her breath quicker, but she might be scared of waking me up, and so tried hard to control herself to not let out any sound.

After all this, Xia Jing opened her eyes wide in palpitation, and examined my reaction in detail. Seeing I didn't move at all, she let out a breath of air as if she felt relieved.

I held back the impulsion in my heart, and laid without moving on the bed. Why wasn't she moving? Continue moving, move more. I wished in my heart.

I squinted my eyes and peaked at Xia Jing. The little beauty raised her head and looked around with a blush face for quit a while, finally she started moving again.

“Hu ——” Xia Jing's breath quickened again, this time her action didn't stop!

I quietly checked out Xia Jing, the little beauty's face was bright red, and kept on moaning, clearly enjoying it a lot.

Xia Jing suddenly continued, she might have felt something amiss.

I laughed wryly, if you continue like this, how can I resist? Some things cannot be controlled!

Xia Jing clearly wasn't that kind of innocent girl, she knows what this means. She carefully laid on top of me and breathed heavily. Then she covered her face, and didn't dare to look at me.

“I think... We should go and wash up...” I suddenly said, scaring the living hell out of Xia Jing.

“You're awake?” Xia Jing got off from my body, and acted a bit frantic, her face was a little flushed, like a child that was caught doing something bad by an adult.

“I'm not a robot, you were like that just now, how could I not woke up?” I smiled wryly, “It felt pretty nice just now right?”

Xia Jing nodded subconsciously, then immediately started shaking her

head again.

“Then what were you doing just now?” I asked as if laughing, yet as if not laughing.

“I-I just tried it!” Xia Jing explained.

“Really? But someone tried it once, then continued to try,” I immediately poked a hole through it.

“So-so you were already awake! Actually... I just think that feeling is quite nice, and I want... to try it again, but I couldn’t stop! I said it already, are you satisfied now!” Since Xia Jing said it out loud already, she didn’t act shy anymore and raised her face to glare at me.

“Liu Lei, I like you!” Suddenly, Xia Jing said passionately.

“Me too, “ I don’t know when it begun, but I already fell in love with Xia Jing. Her naivety, her cuteness were all deeply scorched in my heart.

“Promise me that we can’t have an even closer relationship, I don’t want anything to happen to you,” Xia Jing said while frowning.

“Something happen to me? What can happen to me?” I asked.

“They’ll find me really quickly, if they know you and I had intercourse, they will definitely kill you,” Xia Jing said seriously.

“Who are they? Who exactly are you?” I felt like I had to understand this whole thing, from her words it seems like I was about to hit the grave.

“Don’t ask, how about this, Da Gege! I promise you, the next time I see you I’ll give myself to you,” after that Xia Jing escaped from my embrace, and stood up while naked.

“What are you going to do?” I stared at Xia Jing’s voluptuous and white body, and asked.

“Shower!” Xia Jing snorted with a red face, “I have to quickly take a shower before mom and dad wakes up, or else what are we going to do?”

It can’t be, I was about to faint, that’s my mom and dad okay? Why did

the little beauty say it even more naturally than me, it feels like they're her real parents.

I was restless the entire morning at school, and kept on thinking about those incomprehensible sentences that Xia Jing said to me. Was she really some mafia boss's daughter?

Zhao Yanyan seemed to notice my unhappiness, and asked softly, "What's wrong?"

I felt like there wasn't anything to hide, so I told her everything from start to finish, when I talked about the rubbing, Zhao Yanyan gave me the evil eye.

"This Xia Jing's identity is definitely not simple!" Zhao Yanyan said after hearing that.

"I know this as well, but what use is it? There are many underworld bosses in Huaxia, who knows whose daughter is she of?" I smiled wryly.

"You're wrong, I'm certain that this Xia Jing definitely comes from a governmental background," Zhao Yanyan said assuredly.

"How do you know? It's not that I didn't believe Zhao Yanyan's words, I just didn't get why she was so certain.

"Don't forget about my family background, from the way you described Xia Jing talks normally, I can be sure that she was definitely born in a high class family, this is a unique feeling!" Zhao Yanyan explained.

I nodded, perhaps, her analysis was right, but this doesn't solve the issue at all.

Within Songjiang city's Guobin Hotel, an eighteen or nineteen years old young man that was very particular about what he was wearing was speaking on the phone to someone else, in front of his room door was four or five bodyguards.

"Xiaolong, did you find Jingjing?"

"Uncle Xia, I already have people looking out for information. There should be news tomorrow."

“Oh, good! Jingjing is your fiancé, don’t let anything happen to her.”

“I understand, Uncle Xia.”

The person called Uncle Xia hung up the phone, and sighed, this chick was too daring, she actually hid in the car of the secret services and went to Songjiang. These rice buckets, they can’t even spot a girl, and are still investigating others?

Chapter 50 – Young Master Lei

“Mom, what did you make so many dishes for? Where’s my dad? Did he come back from PTC?” The moment I entered the door, I saw the table full of dishes, and asked my mom a bunch of questions.

“Your dad came back ages ago, and is frying saury in the kitchen for you,” my mom took over my backpack and said while smiling.

“We have guests tonight?” I asked weirdly. My family couldn’t be said to be in poverty, but we definitely weren’t very rich, making so many dishes would only mean that either relatives or guests came to visit.

“Nope! Your dad and I made it just for you,” My mom shouted towards the kitchen, “Old Liu, Leilei came back, make it quicker.”

Hearing that I came back, my dad came out of the kitchen holding a spatula, happiness was also covering his face.

“Leilei, you really made dad proud today! You didn’t know that stupid look Xiao Liao had on his face after looking at the year rankings, not to mention how happy I was!” My dad said excitedly.

This dinner passed by through the praises of my parents. Hearing their happy laughter, I felt really guilty. In my previous life, I broke my parents’ hearts when I was going to school, they were actually so easily satisfied. A little bit of my achievement was enough to make them proud.

“Da Gege, you’re grades are quite good!” After dinner, Xia Jing asked in my room while holding my results.

“What year are you in?” I didn’t answer her question.

“Second year,” the little beauty replied.

Fuck, a second year was calling me, a first year, Da Gege, she can’t have some perverted tendencies right. But I like it.

“Which school are you in?” I asked casually.

“Yanjing XX high,” the little beauty didn’t know I was getting words

out of her, and answered without any defense.

“So your family is in Yanjing!” My ploy worked.

“Da Gege, you were trying to get words from me! I’m not close with you now!” Xia Jing said anxiously.

“I just asked casually, I didn’t say I would send you back,” Seeing that she was a bit unhappy, I quickly explained.

“Even if you don’t send me back, they will nearly find me and get me to go back,” when Xia Jing said this, sadness filled her face.

“Okay, okay! Your family coming to find you means they care, and love you, this is a good thing!” I said.

Xia Jing shook her head, and leaned on me, and said softly, “Da Gege, I don’t want to separate from you.”

“It’s not like we won’t see each other, I can go to Yanjing to find you!” In truth, I really wanted to kick Xia Jing away, because I was more looking forward to the next meeting with Xia Jing, we won’t have any barriers between us next time...

“You don’t understand! Once I leave, we — won’t know when we’ll see each other again,” Xia Jing’s eyes were full of sadness and attachment. Seeing that, my heart pained, Xia Jing was so attached to me, and yet I still wanted to kick her away to fulfill the goal of having no barriers between us, I was so ashamed!

I reached out my hand, and tightly hugged Xia Jing in my embrace, and lightly caressed her back. I comforted her, “Don’t worry, we’ll definitely meet again!”

“Hopefully,” Xia Jing closed her eyes and said.

That night, Xia Jing and I took off our clothes and got onto the bed really early, Xia Jing didn’t evade me at all, and embraced me in the blanket.

Neither of us said anything, and just continued to hug each other. My mood was fouled by Xia Jing, I think that Xia Jing was definitely more

depressed than me, the entire room was filled with a sad atmosphere.

Who knows after how long, Xia Jing moved...

I know what she was going to do, this surprised and intrigued me, what happened to Xia Jing today? First she took off her clothes in front of me, then took the initiative to...

In a certain room in Songjiang city Guobin Hotel.

“Young Master Lei, we found the two attempted rapists, from what they described about the clothing and looks, that person is Miss Xia,” a black suited man said to a ten-odd years old kid.

“Where are the two people?” Young Master Lei asked.

“In Songjiang city Number One Hospital,” the black suit asked respectfully.

“Hospital? What happened? Those two are doctors there?” Young Master Lei didn’t understand.

“No, they were beaten up by a Samaritan, one has a broken elbow, the other has a broken leg,” the black suit said expressionlessly.

“What? He hit so hard? Then where’s Xia Jing? Young Master Lei’s expression changed.

“Saved by the person, but we got someone to draw a portrait already,” the black suit answered.

“Okay, bring me to meet that person,” Young Master Lei said.

Within Songjiang city Number One hospital.

“You’re sure this is the person that hit you?” Young Master Lei held a freshly drawn portrait and asked the person lying on the bed.

“That’s definitely him! He hit so hard, I’ll definitely find a chance to extract revenge on him,” replied the one on the bed.

“Hehe, I’m afraid you won’t have the chance,” Young Master Lei laughed coldly.

“What-what do you mean by this?” The person with half his body

paralyzed looked at the boy in front of him.

“Heh! You dare to touch my fiancé,” Young Master Lei’s face darkened, “Uncle Bin, you should know what to do right?”

“Understood, Shaoye,” the black suit said expressionlessly.

Young Master Lei nodded, and took the portrait out of the room, then suddenly turned his head back, and laughed sinisterly, “Don’t kill him immediately, you should play around with this type of people more.”

The black suited man called Uncle Bin nodded while still remaining expressionless.

With in the Songjiang city police station.

Young Master Lei directly pushed opened the chief’s office.

Jiang Yongfu was playing cards with a few people, and was just into it, seeing the door was suddenly opened, he immediately got angry, “Who is it? Don’t you know to knock first before entering? Are you handleless!”

“Chief Jiang, I can report you just because you’re playing cards here!” Young Master Lei took out the portrait and said coldly to Jiang Yongfu.

“Who are you supposed to be? Did you think your family opened the police station? I can do anything I want during lunch breaks, how’s it your business?” Seeing that it was a ten-odd years old child, Jiang Yongfu said in disdain.

“Although I can’t control it, but I can tell you, I am from the Lei family, my dad is Lei Fubai, I am Lei Xiaolong!” When Young Master Lei said this, he had already sat onto the chief’s chair.

“So it’s Young Master Lei!” Hearing the three characters Lei Fubai, his face immediately changed. His tone also improved a lot. However when he saw the Lei Xiaolong didn’t have any manners at all, and sat in his chair, he was a bit angry inside, but he couldn’t show it. Lei family is a huge family, they say that it was about to enter the six large families of Huaxia, replacing the original Wang family! Lei Fubai was also the current head of the Lei family! Jiang Yongfu couldn’t wrong this kind of

person easily, he was despised Lei Xiaolong's frivolous attitude.

“They say women change face quickly, from what I see, you change face quite quickly too!” Lei Xiaolong mocked.

Chapter 51 – Found me

“Young Master Lei is humorous. It’s already work time, isn’t it?” Jiang Yongfu was still very respectful on the service.

“I’ll treat it like you get it! Help me find information on this person!” Lei Xiaolong handed over the portrait to Jiang Yongfu.

“This, shouldn’t be an issue,” Jiang Yongfu replied as he took over the portrait, and immediately blanked, and shouted, “What? It’s him?”

“What? You know this person?” Lei Xiaolong asked weirdly.

“Kind of, there was some misunderstanding between us police and him,” Jiang Yongfu said embarrassedly, and at the same time he glared at the Defense Team Captain Yang Shuguang.

“Oh,” Lei Xiaolong nodded, and said, “I have something important to find him for, tell me his address.”

“I wonder if Young Master Lei can leak a bit of information on what it is?” Jiang Yongfu asked carefully. He was quite troubled about this, last time they had wronged Zhao Limin because of that Liu Kesheng, it looks like that brat called Liu Lei’s backing wasn’t normal at all, yet this Lei Xiaolong was also the Young Master of a famous company in the country, it would be good if it’s something good, but if the two... Then no matter which side he leaned on it would be bad! It wouldn’t end well for him no matter which side he wronged.

However Jiang Yongfu was really overestimating himself, if the two really came into conflict, what can him, a police chief, do?

“What is it? This person have a large backing in Songjiang city?” As someone who has come from a famous family, how could Lei Xiaolong not understand the underlying meaning in Jiang Yongfu’s words?

Jiang Yongfu nodded embarrassedly, then immediately said, “Young Master Lei, don’t worry, if this person really did something illegal, then I will definitely not stand idle!”

Jiang Yongfu was quite helpless in this situation, but he still emphasized on must have done something illegal, this way, even if Elder Zhao blamed him, he still had something to say.

How could Lei Xiaolong not understand this old fox's meaning? He mocked with disdain, "Don't worry, I won't make it difficult for you, I just want to find him to understand the situation."

Since he got Lei Xiaolong's promise, it could be considered that Jiang Yongfu's mind was set at ease, and immediately ordered Yang Shuguang to find the information on this person.

Yang Shuguang's efficiency was also surprisingly fast, within the time taken to brew a pot of tea, he found out everything about Liu Lei, including home address, the school he's in and even parents' workplace.

Lei Xiaolong too over the information, and left without saying anything...

"Excuse me, are you Liu Lei?"

In the morning, when Guo Qing and I just got to the school gate, we were blocked off by several men in black suits.

"What do you want?" I asked with a sense of unease. Why did these people dress like those crime bosses on TV, what do they want me for?

"We want to understand the situation with you, please don't worry, I won't do anything disadvantages to you. Get on the car!" After that, he did a 'please' gesture.

My mind was spinning frantically, mob people? What do they want me for? I don't think I did anything alarming right? Aside from beating up the fat and thin monk the other day, I didn't do anything related to the mob? Even if it's because of these two, it should be the police, and not the mob. It seems like those two didn't have any powerful backgrounds, if they did then they wouldn't randomly rape women. Did they really have some business with me?

But it looks like they didn't have any good will, one's face was as tight as Ultraman, and was going to capture me for something. Thus I quickly

said, "I have to go to school, can you find me another day?"

Just as I was about to leave, the black suit closest to me took out a small black pistol and said coldly, "If I can't do it politely, then I'll use force, I don't want to do it, so please cooperate."

Seeing the situation develop this, I can't leave. From the looks of what they're doing, they might really give me a shot if I don't cooperate, and it was very probably. I said to Guo Qing, "Go back first, I'll go with them."

The black suit didn't stop me from talking with Guo Qing. I calmed down a little, perhaps they really wanted to find me to understand the situation of something, if they really held ill intentions towards me then they wouldn't allow Guo Qing to tell other people.

I followed them onto the car, they didn't make me cover my eyes or something like what would happen in a lot of movies, I was directly brought into a room at Songjiang Guobin Hospital.

"Hello, Liu Lei, I'm called Lei Xiaolong!" Said a young man sitting on the sofa, who was quite particular about his clothes while still giving off a little ruffian-like feeling.

"Say it, what did you find me for," I had no good impression of this person that looked to be a toff, I could tell he was a rich second generation from the first glance. In my previous life, while I was at Microsoft, I didn't socialize little with people like this, who showed off the fact that their parents were rich, and had an air of arrogance wherever they went.

"Then I'll get straight to it!" Lei Xiaolong took out a photo from a file, and said to me, "You've seen this girl right?"

Xia Jing! I could be sure, the girl on the photo is definitely the little beauty Xia that I have been spending the last two days with. Although I was a bit frantic when I saw this photo, I immediately calmed down and said calmly, "Nope!"

I couldn't be sure what these people in front of me wanted, although I could faintly feel that these people are the "them" that Xia Jing spoke of.

“It can’t be? Classmate Liu doesn’t remember something as memorable as saving a beauty?” Lei Xiaolong didn’t think I would say this, from the looks of it, the moment he asked me about it, I would spit everything out.

“I’ve been a samaritan too many times, and I’ve saved quite a few girls as well, if I had to remember every single time, then I don’t need to do anything else,” I really didn’t like the attitude of Lei Xiaolong, so I said displeasingly.

“Heh! Don’t fucking not take it when I give you face! Three night ago, you saved a girl that was about to be raped, and wounded two criminals, you already forgot about it?” Lei Xiaolong couldn’t suppress the normal Young Master attitude that he had.

“Being a samaritan is the responsible of every civilian, I don’t think I need to report it to you right?” I said fearlessly.

“I can get someone to beat you into a plump just because of the random shit you just spewed to me, but I’m not going to since you saved my fiancé, now answer me honestly about where this girl is?”

“I don’t know!” I spitted out without thinking. You want to get something from me with this attitude? You must be dreaming?

Chapter 52 – We Knew Each Other Ages Ago

How did Xia Jing become your fiancé, no wonder she isn't willing to go back, if I was a girl, I wouldn't want to look at you, who's a pig head.

“What are you looking at me for? Do you know who I am? Don't fucking think you're something just because I was a little nice, Uncle Bin, practice with him,” Lei Xiaolong swore angrily.

One of the expressionless suit walked over to me, from the way he walked I could be sure that this fellow was a martial artist.

Uncle Bin walked in front of me, and threw a bunch towards my stomach with a lot of power. I quickly dodged to one side.

Fuck him, this Lei Xiaolong was quite black-hearted, if didn't train then my intestines might have been beaten out of place by this Uncle Bin's punch! If this was hit onto normal people, they would definitely have internal injuries.

“The surname with Lei, I have no crossed you before. What is this supposed to mean?” I roared.

“Heh, what's this suppose to mean! Where did you hide Xia Jing?” Lei Xiaolong said with a pale face.

“What do you mean where did I hide her? Even if I saved her, I have no need to know where she went right?” I asked him back.

“Good, very good! You finally admit you've seen Xia Jing! Say it, where is she now?” Lei Xiaolong roared.

“Your memory must be terrible right? I told you I don't know!” I said fearlessly. That Uncle Bin's moves were only so so, I only just found that that my agility was this good, that punch from Uncle Bin was like in slow motion from my perspective.

“You, fine! Uncle Bin watch him, I'm going out for a little,” after that, Lei Xiaolong sneered sinisterly as he went out of the room.

“Uncle Bin right? From my view we shouldn’t fight, I’m scared of you dying,” I was very confident in myself. I notice my kungfu was getting out of this world, I don’t know if it was because my relentless practice recently, or it’s due to the experience of being the sanda champion in my previous life, it’s just that ever since I acted as a hero and saved a beauty, I was very happy with my prowess. However I only found out the real reason after having a talk with old bro Yama a long time later.

“Your kungfu is pretty good, there are people that can dodge my punch just now, but there aren’t many in Huaxia, and they are all older than you! Heroes really come from a young age! However I don’t dare to go against Young Master Lei’s orders, even if I have to risk my life I have to exchange a few blows with you,” said Uncle Bin.

This Uncle Bin was a man, but he followed the wrong master. Just as the two of us were taking stances to fight a grand battle, the room door was pushed open.

The person that entered was Zhao Yanyan, she quickly walked in front of me and asked me, “Liu Lei, are you alright?”

I shook my head, I was already really different when I had just been reborn, at least talent improved a lot from back then. I was prepared to happily fight a battle with that Uncle Bin, it seems like that plan is in the dumpster.

At that moment, Lei Xiaolong was standing awkwardly at one side, watching Zhao Yanyan and me, not knowing what to say.

“Lei Xiaolong, what right did you have to capture my hubby?” Seeing that I was alright, Zhao Yanyan asked Lei Xiaolong furiously.

“This, hehe, I didn’t know that he is Yanyan-meimei, your... boyfriend, misunderstanding, it’s all a misunderstanding,” Lei Xiaolong was so angry that his heart was itching, but he couldn’t say anything, he clearly knew who is Zhao Yanyan, he have seen her a few times when he followed his father to invest in Songjiang province, her grandfather was someone that even his own father didn’t dare to cross. Although his father could be said to be able to summon wind and rain, but there was

no need to anger a provisional official due to his small issues.

At this moment, a black suit ran over, and said a few words quietly beside Lei Xiaolong's ear, Lei Xiaolong's expression immediately darkened, and turned towards me and said, "What do you mean by this? Xia Jing was in your home, why did you say you don't know? I'm telling you, Xia Jing's identity isn't something you can climb to, if something happened to her, I'll make you unable to eat..."

Before Lei Xiaolong finished, Zhao Yanyan glared at him and interrupted, "Who are you trying to scare?"

"I — I —" Lei Xiaolong wanted to say something, but couldn't, and just swore in his heart that I would kill you once your grandpa enters the soil.

It seemed like I could hide the situation anymore, if I continued, the issue between Lei Xiaolong and I may very well develop into the issue between Zhao Yanyan's grandfather and Lei Xiaolong's father.

"That's right, Xia Jing is actually in my home, but I don't know who she is, and didn't know that the person you wanted to find is her," I said.

Seeing that I succumbed to a non-violent technique, he couldn't really say anything else, and said, "Nothing, I have to thank you for saving my fiancé." Lei Xiaolong didn't understand the relationship between the person before him and the Zhao family, and since he has been offered a way out, he followed it. Since he wouldn't do something as dumb as establishing another powerful enemy for no reason no matter how dumb he was.

Although I could tell that Lei Xiaolong seemed to have the intention to make peace, but the three characters "fiancé pierced my ears, I couldn't help but frown.

Zhao Yanyan noticed my change, lightly took up my hand and gripped it. I know she was telling me not to be impulsive.

After a while, I saw that Xia Jing had a look of a martyr as she was pushed in by two black suits. When Xia Jing saw me, a frantic expression

immediately appeared on her face as she glared angrily at Lei Xiaolong, “Lei Xiaolong, what did you do to Da... Liu Lei?”

I felt a sense of sweetness in my heart after hearing that, the little beauty still cared about me, and I know that she was just about to call me Da Gege, but there were too many people here.

Lei Xiaolong said unhappily, “Jingjing, he is Yanyan-meimei boyfriend, what can I do to him?”

Xia Jing also noticed Zhao Yanyan who was standing beside me holding my hand, a slither of depression flashed across her eyes before returning to normal.

However I saw this change, I was unnaturally happy in my heart. Then made a secret decision, isn't he just a pretentious rich second generation, I'll kill you in the future.

The moment Zhao Yanyan and I left the hotel, I asked, “Yanyan, how did you find me?”

“You're asking? The moment Guo Qing said you were taken away, I knew it must have been done by this fellow Lei Xiaolong, and immediately got Uncle Zhang to help me find where they are staying,” Zhao Yanyan said.

“You already know Lei Xiaolong?” It was weird, from Zhao Yanyan's tone, she knew Lei Xiaolong already.

“En, his dad is Lei Fubai. He followed his father once to our Songjiang city, we met each other a few times,” Zhao Yanyan didn't hide anything and spoke truthfully. Since she must let me know these things, since it concerns my safety.

Chapter 53 – Frozen Account

“Lei Fubai? That director of the board of Lei Corporation Lei Fubai?” I said in surprise. Lei Fubai could be said as an incredible person in Huaxia.

Yet, although Lei Xiaolong is Lei Fubai’s precious son, but how did Zhao Yanyan immediately think that the person that caught me was Lei Xiaolong? There was definitely more to it.

“Yanyan, are you lying to me about something?” I suddenly asked.

“N-No!” Zhao Yanyan denied immediately.

“You already knew Xia Jing right?” I thought of the expression that Xia Jing showed when she saw Zhao Yanyan.

“En, she came to Songjiang that time to, and I also know that she and Lei Xiaolong had an infant matrimony,” Since she saw that I noticed, Zhao Yanyan stopped hiding anymore.

“Then you’re still telling me to sleep with her?” I was freaked out, thank got I didn’t XXOO with Xia Jing, or else wouldn’t I be hunted down daily by people from the Lei family?

“Because I hate that Lei Xiaolong, he was already engaged with Xia Jing, and still pursued me,” Zhao Yanyan’s face was filled with disgust when she mentioned Lei Xiaolong.

Fuck, what kind of reason is that, you hate Lei Xiaolong so you tell me to XX his fiancé, no wonder she was so quick to accept it on this thing regarding Xia Jing. Isn’t this the same as telling me to die? Truly a woman’s view!

“Do you miss Xia Jing?” Zhao Yanyan saw that I wasn’t speaking, and thought I was thinking about Xia Jing again.

“A little,” I answered honestly. Who wouldn’t miss it if a little beauty just disappeared like that.

“Then I’ll tell Grandpa, and get him to tell the Xia family to cancel this marriage,” Zhao Yanyan said naïvely.

I was about to faint, let’s not talk about the success of this first, if Grandpa Zhao found out his granddaughter was helping her boyfriend to pursue other woman, wouldn’t he kill me first. Isn’t this pushing me into the fire!

“Leave it, we’ll talk about this later, if we can meet then it’s for the best, if we can’t then never mind,” I remembered the promise Xia Jing gave me again...

“Leilei, Xia Jing was taken by the police,” my mom said to me when I got home at night.

I knew this already, so I nodded.

“Ai, when someone came to our office and said that they were looking for Xia Jing to me, I didn’t want to tell them at the start, then found out that they were all police afterwards, so I handed Xia Jing over,” my mom muttered to herself.

This Lei Xiaolong really have his ways, and actually got a few fake police to scare my mom, and got Xia Jing this way.

“Leilei, did you ask where Xia Jing’s home is, when you’re on holiday, your father and I will take you to find her, I see that you two get along quite well,” my mom didn’t give up, from her perspective, Xia Jing will be her daughter-in-law in the future, and she didn’t think that the duck in her hands just flew away like this.

“Leave it mom, Xia Jing has a infant matrimony, her family background is better than ours, how can she get be interested in me!” I said this, but I thought proudly in my heart that she did get interested in me.

Xia Jing did leave for some time, although I would still occasionally think about the little beauty, and think about the excitement on those two nights, but I know these things can’t be forced. Zhao Yanyan didn’t tell me Xia Jing’s real identity in the end, but I could guess that the little

beauty's family was either rich or royalty.

Originally I thought things calmed down, but I didn't think problem would find me again. Today I received Zhao Junsheng's phone call the moment I got home.

"Xiao Liu, what did you do recently?" Zhao Junsheng asked anxiously on the phone.

"Nothing much?" I asked weirdly, was it because of Xia Jing? However there shouldn't be any contact between Zhao Junsheng and Xia Jing.

"I received joint notice from Huaxia Bank and Huaxia People's Bank today, the anonymous account I opened for you was frozen!" Zhao Junsheng said.

"What? Frozen?" My heart wavered, my hundred and sixty million were still in there!

"Yeah, I thought it was weird too! Logically speaking this type of anonymous account shouldn't be traced to the account opener, but they found me today!" Zhao Junsheng said weirdly.

"... Do you know their purpose?" I said after a slight pause. Ai! Huaxia' banks! It looks like I have to get a Swiss account

"Not sure yet, I only got the notice when I got off work, I think I'll ask my old man later, and see if he knows about this," Zhao Junsheng said.

"That's okay, please hurry, my money!" I said regretfully, if all be damned my money was done for.

Zhao Junsheng hung up, then immediately called his own father.

"Hey, dad, an anonymous account of our company's was frozen, do you know about this?" Zhao Junsheng asked.

"Your company? You said that account is your company's?" Zhao Limin asked weirdly.

"Yeah, that account is Xiao Liu's, Yanyan's classmate that I mentioned to you before, the boy that developed the Shuguang Input method," Zhao Junsheng explained.

“Is there some mistake? The account that is being investigated has a large amount of foreign money, no matter how profitable that input method is, it can’t have earned a hundred something million right?” Zhao Limin asked suspiciously.

“What, a hundred something million?” Zhao Junsheng freaked after hearing that, the net worth of his company was only so much, and could be counted among the top companies in the country in 1994.

“And it’s USD!” Zhao Limin said.

“Ah!” It was Zhao Junsheng’s turn to get short circuited, he was now wondering if the account his father was talking about and Liu Lei’s one were the same one.

“How about this, I’ll ask for you. Wait for my phone call,” Zhao Limin said then hung up.

Fifteen minutes later, the phone on Zhao Junsheng’s desk rang.

“Hey Junsheng, are you guys doing something behind my back?” Zhao Limin said serious and bluntly.

“Behind your back? What happened? Dad, do you not believe me? If there’s anything, then just say it!” Zhao Junsheng said anxiously.

“This account is your Tianheng Computer’s, and it does belong to the Liu Lei that you said, there is a hundred and sixty million USD inside! It was also I who reported it to the higher ups, you should know the severity of this issue, hopefully it’s not related to terrorist organizations, contact Liu Lei quickly, and see if this child was bewitched by some terrorist powers, I don’t want him to go on a misguided path! I have faith in this child!” Zhao Limin said slowly.

“I understand!” Zhao Junsheng hung up the phone with a solemn expression.

Zhao Junsheng understood his father’s meaning very well, he also understood the hidden issues that this large fund will bring in the hands of a terrorist organization. However he couldn’t understand no matter how he thought about it, how that seemingly genius young man could be

related to this large amount of money.

Zhao Junsheng thought about it for a long while, then finally picked up the phone on the desk.

Chapter 54 – Grandpa Zhao

“Hello, Uncle Zhao, what’s the situation?” My was waiting so much that my heart felt like it was burning, and hearing the phone ring, I immediately grabbed it.

“...” The other side was silent for a while,” Is it Mr. Liu? I am Xu Zhongbang.”

“Oh, Mr. Xu, hello, what do you need me for?” I was just worried about my account right now, and wasn’t in the mood to think about other things.

“It’s like this, our Windows 95 has already been pushed onto the market, I have a few official copies to gift to you, it’s a commemorative edition,” Xu Zhongbang said.

“Oh, this isn’t desperate, let’s talk about it after a few days,” I wasn’t interested in the commemorative edition of Windows 95 right now, and just want to end our call quickly.

“Okay,” Xu Zhongbang said, “Also another thing, Mr. Liu, please give us a bank account so we can send your share of the profits over.”

“How about this, Mr. Xu, help me open an account in Switzerland, and just directly send it over there,” I said. My account was frozen, how would I dare to get them to send the money there?

“Okay, then that’s it! I’ll call you after doing all that, but Mr. Liu should buy a mobile phone, this would make contacting you more convenient,” Xu Zhongbang said.

Buying a mobile phone was a pretty good advice, or else it was hard not to raise my parents’ suspicions always calling my home.

The phone rang again, I picked up the phone, “Hello, who are you looking for?”

“Xiao Liu, I’m Zhao Junsheng!” I finally got the call.

“Uncle Zhao, what is it?” I asked.

“Xiao Liu, tell Uncle the truth, how much money is there in your account,” Zhao Junsheng asked.

“About this ——” I stayed silent for a while, since Zhao Junsheng asked like this, it means that he already knew, I had nothing to hide anymore, and so I answered honestly, “A hundred and sixty million.”

“What?!” Although Zhao Junsheng knew already, but hearing me say it from my mouth still shocked him quite a bit, “Where did this money come from?”

“I earned it!” I answered.

“You earned it? How could you earn so much money? Xiao Liu, tell Uncle, did you get bewitched by bad people or was threatened? If you tell Uncle the truth, Uncle will help you!” From Zhao Junsheng’s point of view, I was impossible for a kid to earn money that a lot of people can’t even manage to earn in a lifetime.

“I did earn it! Ai, it’s hard to explain over the phone...” I explained.

“Wait a bit, I’m going to tell Old Gao to pick you up, we’ll go over to my dad’s together!” Zhao Junsheng said.

It can’t be? Actually telling me to meet Zhao Yanyan’s grandpa!

“This one is Liu Lei right?” The moment I entered Zhao Yanyan’s grandfather’s home, the kind old man I saw when school started came out.

Able to receive Zhao Yanyan’s grandfather’s personal welcome, this honor wasn’t small! I frantically said, “Hello Grandpa Zhao! I am Zhao Yanyan’s classmate Liu Lei.”

“Good! The young man looks like a talent, no wonder my darling granddaughter always talk about you!” Grandpa Zhao said while smiling.

I sweated, he could even say stuff like that, a typical old but not respectable! However I still wasn’t sure if Grandpa Zhao knew Zhao Yanyan and my relationship, it was better so speak less. Thus I said,

“Hehe, thank you Grandpa Zhao for the praise, Zhao Yanyan and I are deskmates.”

“I know, I know! And also first in the year!” Grandpa Zhao added.

“Dad, let Xiao Liu go into the house first, no matter what it is we can’t stand at the door!” Zhao Junsheng saw me still standing at the door, so he got me a pair of slippers.

“Right, what Junsheng said is right, Liu Lei, let’s go in and talk,” Grandpa Zhao pulled me into the living room with a smile.

Zhao Yanyan was also in the living room, and after seeing me enter, she ran up the stairs with a blush. Grandpa Zhao’s home was a typical duplex mansion, but it wasn’t weird for provisional officials to live in these type of houses, this was a necessary treatment.

“Hehe, my family’s chick is shy!” Grandpa Zhao said humorously when he saw his granddaughter run upstairs while blushing.

I really didn’t know what to say, I was even a bit confused about the purpose of me coming here right now. Why does it feel like Geezer Zhao is interviewing for his grandson-in-law?

Just as I was embarrassed, Grandpa Zhao begun, “Liu Lei, I don’t want to get involved between you and Zhao Yanyan. However, as an elder, I have to take responsibility for my own granddaughter, I hope that you will not walk onto an evil path!”

Walk onto an evil path? I immediately understood, Grandpa Zhao was indicating about that huge foreign fund that was in my bank account.

“Grandpa Zhao, I earned that money!” I said openly.

“Child, it’s not that I don’t believe you, are you clear about how large this sum of money is?” Grandpa Zhao asked.

“About eight hundred million Huaxia currency,” I said without a hint of fakeness.

“Eight hundred million! This money is enough to start a riot! Can you tell me how you earned this money?” Grandpa Zhao beat around the

bush.

I already predicted that this would occur, it was fortunate that I brought the Intel and Seagate contract over. No explanation would be as effective as these two paper contracts, black words on white paper, and the certificate from the notarial office.

As Grandpa Zhao looked over the contract, his eyes received a smile of relief, “Liu Lei, why didn’t you say so earlier! You got this old man here worried for nothing! You made all these technology?”

I nodded and said humbly, “I just like to occasionally mess around, it’s just little things!”

“You can’t say that, it probably isn’t so simple for Intel to be willing to pay and buy it right? I do know a little about this Intel, the world’s number one CPU manufacturer, I think even those old fellows in the Academy of Sciences wouldn’t be able to make something that would cause them to be interested, not to mention this technology sold for a huge price of 150 million!” Grandpa Zhao didn’t doubt this at all now, since the contract was there, and there was the certificate from the notarial office.

“I said all I need to be said, Grandpa Zhao do you think my account——“ My money, of course I had to get it back quickly.

“Hehe, I couldn’t tell that Liu Lei is also a little money lover! Okay, I’ll immediately make a call for you,” Grandpa Zhao laughed out loud as he walked up the stairs.

What do you mean money lover, who wouldn’t be worried about so much money?

“Xiao Liu, how was it with my dad?” Zhao Junsheng saw that his father went up the stairs, and immediately entered the living room. His father needed to talk to Liu Lei alone just now, so he (Zhao Junsheng) didn’t know if the situation was clarified.

I smiled, then pointed to the two contracts on the teapoy and said, “Uncle Zhao, see for yourself!”

Zhao Junsheng took over those two contracts, his eyes immediately popped out, and said surprisingly, “You sold technology to Intel?”

I nodded, “It’s the design data for a new CPU I designed in my spare time.”

“New CPU? You developed it?” Zhao Junsheng looked at me in disbelief.

Chapter 55 – Complete Control

“Yes, just slightly more advance than their product,” I intentionally made it sound casual.

“Slightly more advance? Liu Lei! Do you know what this means? What sort of company is Intel? The boss of central possessing units, the leading sheep in technology! It’s impossible for businesses in our country to follow their asses, you are actually saying slightly more advance?” Zhao Junsheng exclaimed in disbelief.

“Uncle Zhao, what are you so worked up about?” I felt confused about Zhao Junsheng’s actions, was there a need for this?

“How could I not get worked up? Liu Lei! If you started your own business within the country to manufacturer this new type of CPU ourselves, then Huaxia’s economy will rise alongside it, us Huaxia will also becoming one of the lading countries in technology!” Zhao Junsheng said with regret.

So Zhao Junsheng got worked up because of this? I only sold the technology for the most ancient Pentium MMX, technology like Centrino and Intel Core that came later were all imprinted in my brain, I could have them produced as long as I have money.

Thus I said, “Uncle Zhao, let’s not talk about whether our country can manufacturer things to the standard, even if we can import the production lines from other countries, what about money? Selling the entire Tianheng may not be enough to just buying this production line!”

“But-but giving the technology to foreigners like this, I’m not comfortable about it!” Zhao Junsheng knew that I was telling the truth, yet still couldn’t help but sigh emotionally.

“It’s alright, Uncle Zhao. I am already starting to develop the next generation of CPU, I believe I can present the complete development data soon,” I comforted him.

“Really? That’s great!” Hearing me say that, light returned to Zhao Junsheng’s eyes.

Just as we were chatting, Grandpa Zhao came down from upstairs and said to me, “Liu Lei, I already explained your situation to the higher ups, there isn’t any problem with unfreezing your account, but——”

“Grandpa Zhao, please just say it out whatever it is,” I said.

“It’s like this, after the higher ups heard that you developed a CPU, they immediately asked if you can donate this technology to the country,” Grandpa Zhao said.

“I’m afraid not, I already signed a contract with Intel, doing so would be illegal,” I explained showing an expression of difficulty.

“I know, that’s why I already rejected them for you, actually the higher-ups mainly want me to ask if you have any plans to start a CPU manufacturing company in our country,” Grandpa Zhao said to me.

“I do have the plans, I was just talking about this with Uncle Zhao, but we don’t have that much fund!” I spoke the truth, the money on hand wasn’t enough, using it to invest into some established industry was more than enough, but it probably wasn’t able to do anything when invested on the manufacturing of the CPU.

“What if the country invested?” Grandpa Zhao said emotionlessly.

Investment from the country, that sounds nice, but it would mean that the properties of my corporation will be completely changed, from a private company to a governmental business.

It’s not like there aren’t advantages, at least when it come to policies with the country behind my back. However at the same time there are a lot of disadvantages, the initiative of the business will not be in my hands, CPU manufacturing was even more profitable than money, while Grandpa Zhao was in power he would be able to block off a lot of things for me, but once Grandpa Zhao retired and gave up his power, then my gold egg-laying corporation will find it hard to not be targeted by corrupted officials, and will result in a restricting of the business, when

that happens, it will probably be broken down into pieces like Hu Xueyan's Hu Qingyu Hall at the end of the Qing dynasty.

Now that I thought of that, I made the decision immediately, "I understand Grandpa Zhao's goodwill, I will definitely invest and build a factory in Huaxia, but I just want to develop my specialty without restraint, and don't want to be involved in politics, and don't want to be restricted.

Grandpa Zhao nodded and said, "Fine, I won't force it since you have your own ideas, just remember to keep the country's profit in mind, and contribute more to the nation!"

Zhao Junsheng agreed with my viewpoint very much, no matter what, the initiative of businesses should be in our own hands, or else it will easily become chicken ribs. [1](#)

The eight hundred million can at most buy a normal CPU production line, of course this was limited to producing the Pentium MMX series, there aren't more advance technology right now even in other countries, so the production line could not exist. What can I do with my money? I can produce CPU, what about other related products? Oh yeah, the motherboard, the chipset! I remember in my previous life that VIA Technologies started off with manufacturing chipsets, and because the third largest CPU manufacturer in the world, although they were commonly in lawsuits with Intel due to patent issues, but it didn't affect it's speed in making money. Furthermore, I didn't need to worry about the patent at all, I was the one who developed Pentium MMX in this life, and I only gave the authorize Intel to use it, and didn't sell off the rights. Therefore Intel shouldn't be able to say anything even if I manufacture the corresponding chipset, and mine would definitely be original! Just like Intl's original chipset in my previous life.

"Uncle Zhao, have you thought about restructuring the company or establishing a new one?" Since Uncle Zhao know about my things and this father-in-law and I were on the same side, I told him my ideas without hiding anything.

“Hehe, Xiao Liu means for me to work for you right?” Zhao Junsheng said while laughing.

“How could I, Uncle Zhao, I don’t mean it like that!” I quickly side, actually that was what I meant.

“It’s okay, Xiao Liu, since you have the ability, it isn’t a loss to work for you! What’s more, what’s the point of making money this life? Isn’t it just to save up some dowry for Yanyan! It looks like I have no need to,” Zhao Junsheng looked at me and snickered.

“Hehe,” I laughed dryly, unsure of what to sure.

“Okay, Xiao Liu! Say it, there is nothing to hide between us father and son in law, what do you have in plan for the future?” Zhao Junsheng said.

“It’s like this, Uncle Zhao! I want to establish a computer chipset manufacturer, in other words, I want to manufacture north and south bridge chipset. We can’t afford to manufacture CPUs, but we have more than enough funds to manufacture motherboards! Also Uncle Zhao, don’t continue on with your Tianheng Computers, you can restructure it into a large software company that designs large graphic and office software, and even our own operating system if possible!” I told him my primary thoughts recently.

Chapter 56 – School Beauty Leaderboard Incident

“Good! Uncle Zhao supports you, I’ll work for you from now on! Did you know? If this can all become reality, then the time for Huaxia to become the leading country of IT in the world will not be far away!” Zhao Junsheng said excitedly.

“But can you really take out the method to create the motherboard?” Zhao Junsheng asked.

“Uncle Zhao, don’t forget who designed this CPU!” I said with a smile.

“Yes yes yes! How could I not believe, look at me, always using an older mindset to think about problems, and think that our development ability in Huaxia is very small, but now that there’s a genius like you, I don’t need to worry!” Zhao Junsheng said happily.

I was so ashamed! These were all stuff I plagiarized from the future, in my era, any CPU core data before P5 were already public, but I was called a genius just by taking the simplest out.

“Uncle Zhao, if you don’t have any problems, then let’s take 50% of the shares of the company each, I have to go to school normally, so the task of managing the company will fall upon you!” Since we’re all comrades, I know Uncle Zhao wouldn’t betray me.

“Aiya, Xiao Liu, what’s the point of giving me shares! The technology of the company is yours, the money is yours, Uncle Zhao is just helping you manage it! What’s more is that as long as your Bomu and I have enough money to spend then it’s fine, what use are the shares!” Zhao Junsheng refused.

Then we negotiated over and over, then finally I pretended to be angry and said, “Then 20%! Uncle Zhao, if you don’t even take that then I’ll won’t feel at ease!”

Zhao Junsheng knew that he couldn’t refuse anymore, and thus finally said, “How about this! I’ll take the 20%, but will transfer it to under

Yanyan!”

Since Zhao Junsheng said it like this now, I couldn't really say anymore, transferring it to under Yanyan was no different from holding 100% of the shares myself.

Uncle Zhao and I then discussed about the corporation name, and finally decided upon continue using the name Shuguang. Firstly because the name Shuguang had a bit of fame in Huaxia, secondly it was because Shuguang represents hope, and was hinting at a new hope for Huaxia's IT industry.

I didn't tell Zhao Junsheng about cooperating with Microsoft yet, because this was way too much of a surprise!

With Uncle Zhao helping me managing the company, I didn't have to worry anymore. The technology I supplied would definitely earn money, this would mean that I would have more time to do other things.

Grandpa Zhao reported my final decision to the higher ups, although they felt a bit of regret, but they were still overall please, since Shuguang is a people's business. The higher ups also decided that they will give a suitable amount of support, and make the processes and simple as possible, as long as we don't go against the principles then they will give the green light.

In the following days, Zhao Junsheng was first engrossed with things like registering the company *etc.* Due to the higher ups giving a heads up, even if they didn't who wouldn't dare to not give face, unless they don't want their jobs anymore since a provisional official's son was going to do the procedures. Therefore everything went unusually smoothly, within a week, all types of documents were in hand. Zhao Junsheng's Tianheng Computers was changed into Shuguang Software, some of the people that were in the hardware department were transferred to the newly established Shuguang Microelectronics Limited. Then Zhao Junsheng had to employ people, find a place for the office and contact manufactures, and was completely overloaded with work.

In comparison, I was much more free, everyday I just needed to go to

school, get off school. Underneath the halo of the first in the year, teachers in every subject all turned a blind eye towards my bad habits such as sleeping in class.

“Boss, the newest School Beauties have been chosen!” Early in the morning, Guo Qing said to be lecherously.

“Fuck, are you a large speaker, broadcasting everywhere in the morning,” although I was very interested in Guo Qing’s news, my Yanyan was right next to me, it wouldn’t be good if I acted too enthusiastic right?

“Hai — hai, it’s — beauties, us normal men would all be interested, unless Boss you’re not a man?” Guo Qing laughed sinisterly, and turned his head to Zhao Yanyan and said, “Dasao, is Boss a man?”

“Go die!” Zhao Yanyan blushed and said, “Do you think he is being so perverted?”

I was about to faint, you can’t not leave any face for me right? I raised my fist and punched Guo Qing, and extracted my anger all on him.

“Just say it if you have something to say!” I said.

“Hehe, us first years really don’t lack beauties, completely outmatched the previous years! The top of the leaderboard is from our first year!” Guo Qing said mysteriously.

“Can you brat just say everything in one go, are you out of breath?!” I hate his hesitant speech, I didn’t get annoyed with him infrequently over this, I didn’t think he would still be like this after I got reborned.

“About this! The first place is of course Dasao, Boss you have good fortune in romantic affairs, being able to hold a beauty, you are really the pride of us men...” Before Guo Qing finished, I cut him off impatiently, “What’s wrong with you? Where did all this bullshit come from!”

“Hehe,” Guo Qing laughed a little then continued, “In second place is Liu Yue, from Second Year Class Six. The third is Chen Weier, Third Year Class One. The fourth, is also in our First Year, in Class Ten, called Xu Ruoyun.”

Xu Ruoyun? Isn't that Geezer Xu's granddaughter? How was she in our school? But think about that chick's looks, it really does stand out, although it was different from Zhao Yanyan's glamour, but it was another type of beauty, it was naturally to get on the school beauty leaderboard. As for that Chick Xu, I think I should stay as far away from her as possible, I keep on feeling that this chick's hostility towards me was very strong.

"Who chose these school beauties?" I really didn't understand how there could be people thinking about this in our school.

"Of course it was by this one —— the boss of Fourth High, no that's not right, it's Laoer, that lead our brothers and chose it," Guo Qing was the true boss in school now, but because of my existence, he didn't feel right calling himself Boss, and so immediately lowered himself to Laoer. However why does this Laoer sound so weird.

"It really was you, what are you doing this far?" I asked.

"Ha, isn't that just making it more convenient for you, Boss, to chat up girls, now that the number one school beauty is taken down by you, there are three more beauties that you haven't succeeded with yet. Comrade, you still have to work hard!" Guo Qing handed me a slip with the school beauties' name and class.

"Then why don't you work hard yourself?" Although I said this, I still received the note from Guo Qing.

"Of course I should leave the chance for Boss!" Guo Qing said sincerely.

Chapter 57 – Mala Tang

“Whatever, I think it’s more like you are saying the grape is sweet while being unable to eat the grape, and still pretend like you’re giving I to me!” I pointed out Guo Qing’s thoughts mercilessly.

“Eh, about this, hehe!” Guo Qing immediately blushed.

“Guo Qing, stand up!” The moment the morning study period pasted, Ye Xiaoxiao appeared at the doorway to the classroom.

After hearing that, Guo Qing stood up lazily. Ever since Guo Qing started hanging out with other delinquents in school, he was no longer so fearful of school leaders and teachers, and always showed of an uncaring attitude.

“Guo Qing, I heard you’re quite capable, and made a something school beauty leaderboard?” Ye Xiaoxiao looked at Guo Qing with a dark expression.

At that moment, I saw Liu Kesheng standing behind Ye Xiaoxiao. It really was this brat who told on him, his grandpa, he already has no way out and is still pulling these petty tricks.

Guo Qing also noticed Liu Kesheng, and glared at him furiously, scaring Liu Kesheng so much that he quickly ran back into the office.

“Can you zhi a sound?” Seeing Guo Qing stand there silently, Ye Xiaoxiao said angrily.¹

“Zhi~!” Guo Qing used his mouth to make the sound. After a short silence, the entire class started laughing.

“You ——” Ye Xiaoxiao said with a pale face.

“Me, what about me? Did you tell me to zhi a sound?” Guo Qing said uncaringly.

“I’ve never seen a student like you!” Ye Xiaoxiao stomped, so angry that she didn’t know what to say.

“Aren’t you looking at one?” Guo Qing said without any concern.

“What —— What do you think is the point of choosing this?” Guo Qing almost made Ye Xiaoxiao so angry that she went stupid, she finally remembered to ask Guo Qing’s purpose.

“Nothing much really, which school rule said I can’t select school beauties?” Guo Qing said shamelessly.

Ye Xiaoxiao pointed at Guo Qing with her finger with a red face, and couldn’t say a word, and was nearly about to cry.

Seeing Ye Xiaoxiao like that, I could felt a little like I couldn’t bare it. Ye Xiaoxiao wasn’t actually that old, only twenty something, must have been a spoiled child at home, how can she deal with this!

Finally I stood up, and patted Guo Qing lightly, and said quitly, “Leave it, just apologize to Ye Xiaoxiao!”

Guo Qing turned around and looked at me, then looked at Ye Xiaoxiao, even though he didn’t want to, he still said, “Ye-laoshi, I’m sorry!”

I knew that Guo Qing will definitely listen to what I say, although this brat was normally laughing with me, but he already treated me as his Boss, his spine, he will definitely listen to me on important matters. Since the advice or decision I gave him was correct every single time.

Ye Xiaoxiao looked unbelievably at me, who stood up for her, then immediately switched to a thankful expression. If it wasn’t for me, she wouldn’t be able to deal with this in front of the entire class. YE Xiaoxiao couldn’t help but remember the stuff I wrote on the test paper, and her cheeks started blushing for apparently no reason. Why did the things did student do always seemed so surprising? On dealing with matters, he seemed even more mature than herself.

After Ye Xiaoxiao left, Guo Qing said in dissatisfaction, “Boss, why did you tell me to apologize to her? I haven’t apologized to anyone!”

“Okay now, just treat it like you apologized to m, that’s fine right?” I said helplessly, Guo Qing was definitely very awesome right now, there really wasn’t anyone in school that can’t not give face to him.

“Heh——, there’s eighty percent chance that your boss set his sights on Ye-laoshi, look at how intimately he called her, he called her Ye Xiaoxiao!” Before I replied, Zhao Yanyan interrupted from the side.

“It can’t be, Boss?” Guo Qing opened his eyes wide like he ate a fly, “What kind of taste is that? You don’t want all these school beauties, and instead is pursuing that old female teengaer?”

Old female teenager? Hearing Guo Qing’s evaluation, I didn’t know what to say. It seems like Guo Qing really have some issues with Ye Xiaoxiao. Was this an evaluation that a student should have towards their teacher?

When I left from Uncle Zhao’s mansion, it was already seven something.

Uncle Zhao more or less decided upon the factory, it was planned to be near Songjiang city. There was an ex-television factory, that was just shut down this year, some welding equipment could be used directly, we just have to buy a chipset production line. The television factory was originally run by the country, the factory also belonged to the country, due to Zhao Limin helping out, we were able to rent it without spending much money.

As I walked on the night street of Songjiang city, and looked at the little stalls and all type of food stalls on the sides of the street, this feeling was rather intimate. I often went to these places with Go Qing in the future.

When I walked in front of the familiar Mala Tang stall, my saliva couldn’t stop flowing, thinking about those comments I’ve seen on the internet in my previous life, such as Mala Tang was equal to waste oil plus E. Coli, just fuck off.

“One bowl of Mala Tang, without coriander,” I handed over two kuai and said to the owner of the Mala Tang stall.

“AI, Weier, there’s a customer, get the stuff quickly,” after receiving the money, the woman that looked like an owner shouted.

“I’m coming, mom,” a young and pretty girl with a ponytail answered while she skipped over, a little apron was by her waist. I was actually a little spellbound, she was dressed simple without a single adornment, although her clothes were simple, but it didn’t cover that natural beauty, if Zhao Yanyan was a water lily that just bloomed, then the phrase “untainted despite coming from mud” was tailor made for her. If I didn’t see it with my own eyes, I wouldn’t believe that such an extraordinary girl existed in this city.

“Want what?” The girl casually picked up a small metal basket and asked me?”

“What do you want?” The girl said softly once again after seeing I only stared at her like an idiot without any reaction.

I retracted my gaze in embarrassment, and quickly said, “Mushroom, kohlrabi, tofu skin and a bit of gluten.”

The girl familiarly grabbed a bunch of everything into the metal basket, and handed it to the woman on the side.

“No coriander, what about chili and vinegar?” The girl poured the cooked Mala Tang onto a small plate.

“Yes, with a bit more chili,” I said.

I took over the Mala Tang, and sat on a small table by the road, and ate happily with the dust and car exhaust. The taste wasn’t bad, it looks like I have to come here more often! Actually I was very clear about it, that I was finding an excuse to look at this girl.

“Hey! Weier, you’re busy?” A disgusting sissy voice went into my ears, fuck his brain, could he be the last eunuch in new Huaxia? Isn’t this making me vomit! I raised my head and looked over.

A very stylish teenager in his twenties was standing beside the girl called Weier, there were two lackeys behind him. It was obvious that he wasn’t a good girl, there was eighty to ninety percent chance that he was a rascal.

“Ai, it’s Yang-gongzi! Do you want Mala Tang?” The proprietress

immediately went over.

“Go to the side, it’s nothing to do with you!” The teenager called Yang-gongzi, who gave off a delinquent feel, waved impatiently towards the proprietress, and didn’t treat her with respect at all.

- 1. Zhi is the sound a mouse makes. [↩](#)

Chapter 58 – A Cheng Yaojin out of Nowhere

However, that Yang-gongzi turned around, and was full of smiles towards Weier, “Weier, as long as you say it, you don’t have to do this kind of lowly jobs anymore, I promise you’ll have good things to eat if you follow me! Definitely much better than selling Mala Tang here!”

“Yang Kaiyuan, how many times did I tell you, don’t bother me, what’s so good about me, who’s a child from a poor family? I don’t want to live that kind of life you are talking about, I can’t, and I have no interest in it! I still have to do business, please don’t bother me!” Weier said coldly, I could tell that she was very disgusted about this Yang-gongzi.

“Sure, you want to do business right? Here’s two hundred kuai, I’ll take all your dishes! This time you have to talk with me right?” Yang Kaiyuan took out two hundred bills and slammed it on the table.

“I have no interest in your money, I have a lot of old customers here, after you buy it all, they won’t have any to eat! I’m not selling it to you!” Weier took up the money on the table and stuffed it back in Yang Kaiyuan’s hands.

“Another bowl of Mala Tang!” I walked over with a smile, and handed over the bowl in my hands to Weier, “Your family’s Mala Tang is so delicious! How wonderful would it be to eat it everyday.”

Yang Kaiyuan looked at me in disdain and said, “It’s sold out, didn’t you see I’ll take it all?” Yang Kaiyuan was very displeased by my sudden interruption, this made him feel awkward, he was holding two hundred kuai, it couldn’t pocket it, nor could he put it down, and could only vent his anger on me.

“Still the same as just now?” Weier finally grabbed hold of a chance to get rid of Yang Kaiyuan, and immediately helped me to pick the dishes.

“Ai? Proprietress?! Is there anyone that does business like that? Isn’t there first come first serve? Didn’t you see I bought all of these?” Yang

Kaiyuan felt like he lost a lot of face after Weier said that, and could only roar towards the proprietress.

“Yang-gonzi, don’t get angry, this student was here already,” the proprietress hurriedly explained.

“Heh! I’m telling you, don’t not take face when given it, it’s your fortune that our boss has his eyes on your daughter, if it wasn’t because boss’s attitude is good, I would have gotten people to close down your stall ages ago!” The lackey beside Yang Kaiyuan finally spoke.

“Aiya, look at what it’s becoming, don’t get mad, don’t get mad, I’ll encourage Weier more when we get home tonight okay? Yang-gonzi, don’t hurry so much, since both sides have to be willing on this!” The proprietress quickly apologized.

“Fine, I’ll wait for you for a few more days! We’re leaving!” Yang Kaiyuan said. Then he waved towards the lackey behind him, both of them left together.

“Ai! Finally gone!” the proprietress sighed while looking at Yang Kaiyuan’s fleeting image.

“Auntie, what are they?” I took over the Mala Tang, and asked casually.

“Them, ai! Us small stalls just can’t piss them off! It’s like this, that Yang Kaiyuan set his sights on our Weier, and is hell bent on having Weier be his girlfriend. Weier doesn’t agree, and so he comes to find Weier every three or five days, at the start his attitude wasn’t bad, and just used all sorts of ways to woo her, we all thought he was a rather focused person in relationships, and so we didn’t pay much attention. But afterwards, this Yang Kaiyuan got more and more cocky, Weier refused, so he would take his lackeys here to cause trouble, causing our business to not be able to go on,” the proprietress sighed.

“Mom, how can you tell this thing to other people!” Weier said on the side with a red face.

“It’s alright, look, this guy doesn’t seem like a bad person, and mom really feel terrible, there isn’t anyone to talk to usually, so I just couldn’t help but say a bit more to him,” the proprietress smiled wryly.

“Since he’s like this, you can call the police to arrest them right?” I suggested. Although I know the police would usually be uninterested in these sort of things, but this was a solution, even if it’s not very effective, it could have a bit of a threatening effect.

“Call the police? That Yang Kaiyuan’s father is a police, I heard he’s also an important official! Who can civilians without money or power call? If we got into more mess because of it ——” Having the proprietress say to it this point, I already understood the gist of it. Those people must be the kind of rich second generation, using his dad’s power, to bully other people. I’ve seen quite a lot of people like this, that Liu Kesheng was a typical example.

But how was Yang Shuguang an important official? Only a captain of the defense team, essentially a temporary job. I did hear that it’s only because his wife’s family has a lot of power that he can act so cocky.

“Ai, look, that’s the number three on the school beauty leaderboard, Chen Weier!” Guo Qing suddenly pointed to a girl at the school gate.

I gazed over, and couldn’t help but blank, isn’t this that girl I met at the Mala Tang stall? No wonder she was so pretty, she’s a school beauty! However Guo Qing’s tastes really had some issues, why was this Chen Weier only third? Although her clothes were a bit lame, but I can promise that if she dressed up, then her beauty would definitely be equal to Zhao Yanyan’s.

“Boss, this Chen Weier is a famous cold beauty! Although her family background isn’t good, but could still keep herself pure, she never had a boyfriend, and rejected who knows how many gongzi with money and power!” Guo Qing praised.

What he said was the truth, that Yang Kaiyuan did have at least 2000 kuai in his wallet, but Chen Weier didn’t even look.

“That’s why, Boss. If you can take her down as well, then I, your bro, will truly admire you!” Guo Qing still continued endlessly.

“Okay now, she’s a cold beauty, I don’t want to bump into a wall,” but honestly, I do wanted to try. I decided, I’ll continue to go and eat Mala

Tang tonight.

As we chatted, we noticed something amiss, Chen Weier seemed to be arguing with someone.

“Boss, do you want to have a chance to be the hero and save beauty?” Guo Qing smiled lecherously.

“Even if I don’t, I can’t watch my classmate be bullied by others!” I said justly.

“Fuck, never mind, if it was another person you really wouldn’t give a shit,” Guo Qing said, and walked with me to the school gate.

When we neared, I could faintly hear that man say, “Weier, don’t think about studying anymore!”

Weier clenched her teeth and said, “Don’t say anymore! I rather die than marry that Yu Gang or whatever!”

Why did another person pop out? Who was this Yu Gang? Who was the person in front of Chen Weier?

“Yu Gang already promised me! If you agree to marry him, he’ll take out eighty thousand kuai!” That man said.

“Mom and I will find a way for the money! I don’t want to joke about my happiness! It’s impossible for me to marry someone I don’t like!” Chen Weier said firmly.

Chapter 59 – Failed Heroic Rescue

“You’ll find a way? But can time wait? What can that hundred something kuai per night of you selling Mala Tang do!” That man said angrily.

At that moment, I finally caught the gist of things, so this man was forcing a marriage! Hehe, even the heavens are helping me, who’s going to help if I’m not?

Thus I walked over while pretending to be very cool, and stood beside Chen Weier, and said to the man, “We are in a lawful society! Forced marriages or arranged marriages and the sorts are not permitted, you have already broken the law, so I have the right to send you to the police station!”

This was a classic quote that I spend a while thinking about, originally I also wanted to beat up that man with Guo Qing, but then my glorious image in Chen Weier’s heart may be downgraded to a barbarian, therefore I thought about it for a long time and finally came up with this marvelous plan.

Just when I was proud of what I had said, I noticed both Chen Weier and that man were both looking at me with wide open eyes, as if I was a monster.

What kind of expression is this?” What’s so weird about a samaritan that acts as the hero to save beauty?

Just as I was confused, I saw the man scratch his head, and said with a weird expression, “Meimei, who is this person?”

Liu Weier’s reply was, “...”

Meimei? What’s this?

“The two of you ——” I said unsure of what was going on.

“He’s my older brother!” Chen Weier glared at me and said.

“That’s right, who are you! What are you doing trying to interfere with our family business!” That man said with displeasure.

“Ah! I just thought that you were getting bullied by bad people,” I said embarrassedly.

“Heh! Even if I was bully by bad people, it doesn’t concern you, one look at you tells me that you have bad intentions!” Chen Weier said strongly.

How did I have bad intentions? This person really didn’t get things. I was going to save her out of goodwill, yet was treated as mule lung and liver. [1](#)

Guo Qing and I left embarrassedly. Fuck, making a move without understanding the situation, it really was a failed heroic rescue.

Just when we left, we heard Chen Weier said to that man, “You don’t need to say anymore, I definitely won’t marry that Yu Gang!”

“Fine! Then drag it on, drag it till dad’s death! If you don’t agree, then I’m going to rob a bank tomorrow! I just can’t let dad pass away like this!” That man said emotionally.

It looks like Chen Weier is in some sort of trouble, and needed money real quick. However this Chen Weier was just too strong-willed, it’s already concerning human lives and she’s still thinking about her own happiness.

That night, I arrived at Chen Weier’s family’s Mala Tang stall again.

I handed over two huai and said, “One bowl of Mala Tang, no coriander.”

Chen Weier raised her head, and seeing that it was me, spaced out for a second, then said embarrassedly, “I’m really sorry about this morning, I was getting mad with my older brother, since you came, I vented everything out on you.”

I said with a smile, “It’s alright. What kind of gege would force their meimei to marry someone they don’t like?”

Chen Weier shook her head helplessly and said, "He actually is a good gege, it's just that something came up for my family... Ai! Perhaps you also understand after hearing it all today, some things can't be helped."

Chen Weier gave me a bowl of Mala Tang, then returned the money to me, "Treat it as an apology, I'll treat you to a bowl of Mala Tang! Don't refuse!" Saying this, Chen Weier actually smiled, two faint dimples appeared on her face. This was the first time I've seen smile appear on Chen Weier's face, so she was actually so beautiful when she smiled.

I couldn't refuse, so I pocketed the money, and accepted it.

At that moment, a few more guests came over, Chen Weier also went over to busy herself.

"Weier, I'll ask you one last time! Now that Yu Gnag is also here, are you going to follow him or not?" A voice rang out.

It can't be, such a coincidence! Chen Weier's older brother is here again, and I was present once more.

"Ge, I said it already, I won't marry someone I don't like, just stop wasting your efforts!" Chen Weier shouted, but her hands were still handing those little metal baskets.

"Weier, think about it again! I can take out eighty thousand kuai! Think about it, with this money you can get your dad looked at!" The lecherously-looking man beside Chen Weier's gege said.

"No need to think about it, I rather sell my blood than marry you!" Chen Weier roared.

"Fuck! What are you bitch being cocky about! If it wasn't for your ge's face, would I take out eighty thousand kuai? I can find so many virgins with ten thousand kuai!" The lecherous man waved his sleeves and walked off.

"Yu Gang, don't go, I'll convince my little sister a bit more!" Chen Weier's gege was just about to give chase, but was pulled back by Chen Weier's mother. "Leave it! Stop forcing your meimei, I also know your dad's illness, eighty thousand is only the surgery fee to change kidney,

you don't need any money to buy the kidney? What about the hospital expenses after the surgery? Do you think it's enough just to sell your sister? That way you won't only not save your dad, but also doom your meimei!"

"Mom, I know all that! But-but what can I do right now? We don't have money, if someone was willing to buy my head, I would immediately chop it off for him!" Chen Weier's gege sighed.

"Mom understands your filial piety, but don't trouble your meimei anymore! She's still young, and have a long road ahead of her!" Chen Weier's mother said, "Okay now, hurry up and help out your sister, more customers are here."

I sat there, and finally understood most of it after listening, so Chen Weier's father is ill needs to change kidneys, but they aren't able to take out that much money, Chen Weier's gege was prepared to marry Chen Weier to the lecherously-looking man named Yu Gang in exchange for eighty thousand kuai of surgery fee. Eighty thousand Yuan, was only one hair from nine oxen, but to Chen Weier's family, this is money can that save a life!

"We're closing! Do you want to sleep here as well!" Chen Weier shouted beside my ear.

I raised my head, and noticed that most people have left the night market, Chen Weier's mother was also busy packing up. Just now I went into deep thoughts without noticing, and didn't think that such a long time passed in a blink of an eye.

I quickly got up, and handed Chen Weier the leftover plate, and left the Mala Tang stall. When I passed by Chen Weier's gege, I hesitated, and said to him softly, "Come over for a moment."

Chen Weier's gege momentarily blanked, unsure of what I called him for, then after hesitating he still came over, and asked while frowning, "What did you call me for?"

I smiled faintly, and handed him a slip, then said softly beside his ear, "If you want to cure your father then call this number, and don't tell

anyone else!”

After this, I quickly left. On the slip that I gave Chen Weier’s gege, was my new mobile number.

Chapter 60 – Give You Two-Hundred Thousand

That night, Chen Weier's gege Chen Yong played around with that telephone number in his hands, and wanted to tell someone about it several times, but stopped each time just when the words were about to leave his mouth. He didn't believe this number could save his father at all, but he still held a sliver of hope, he didn't know if it was because he didn't believe it or if it was because that person asked him not to tell anyone, in the end he didn't say a word.

“Ge, can Yu Gang really take out eighty thousand kuai?” Chen Weier carried over a stool, and sat beside Chen Yong then started picking vegetables.

In 1994, eighty thousand kuai was an astronomical value for a normal family, even families with a monthly income of over a thousand was rare.

“En, he gave me his deposit book to see, he said the moment you nod, he will immediately go to the bank and get the money,” Chen Yong felt really terrible in his heart as well, if he wasn't forced, he wouldn't think of an idea such as ruining his own meimei.

“Then ——” Chen Weier clenched her teeth, as if she made a huge decision, and said depressingly, “Ge, can you tell him that, I won't marry if, but if he is willing to pay, I can —— I can give myself to him!”

“Ai ——!” Chen Yong sighed, “Good meimei, Ge is terrible sorry!” After that, tears actually started flowing.

Chen Weier only made this decision without any other choice, since filial piety comes first, if sacrificing herself could really bring about their father's health, then Chen Weier was willing to sell herself out. However, will that beautiful love that is written on books really happen to her? Definitely not, no one would want a woman who said her own chastity.

Chen Yong knew that, Yu Gang probably won't be able to marry Chen Weier, Yu Gang's father is an entrepreneur in the city, who had over a

million's worth, he definitely wouldn't care about this eighty thousand kuai. Yu Gang just had his eyes on Chen Weier's appearance, and just wanted to play around.

The brother and sister didn't speak the entire night, Chen Weier's mother also hurried to the hospital to care for Chen Weier's father after eating.

The next morning, Chen Yong dialed Yu Gang's number, and said a bunch of not important stuff, he was unable to say anything about his sister at the last minute. After stuttering for a while, he finally hung up the phone.

Chen Yong's heart was a mess, his father could be cured if he sold his meimei, but that would mean putting an end to his meimei's happiness. Chen Yong placed his hands into his pocket out of habit, then suddenly touched that paper slip, and so random dialed the number on it...

"Hello? Who is it?" I picked up the phone while yawning, it's so early in the morning on Sunday, yet I can't rest.

"Hello. I am Chen Yong," the person said from the other side of the phone.

Chen Yong? Why don't I remember knowing someone called Chen Yong?

"Hey? Did you dial the wrong number? I don't know you?" I said sleepily.

"Oh, I'm sorry, then excuse me!" Chen Yong wanted to hang up in sorrow, so it was a lie.

"Ai~ Wait a bit, are you Chen Weier's older brother?" I suddenly remembered that I have my phone number to Chen Weier's gege the previous night.

"Yes, it's me! You can really help me?" Chen Yong noticed that the phone number was real, and said while unable to without his excitement.

"Let's talk face to face, I'll see you in the cold drinks shop in front of

Fourth High in twenty minutes,” I hung up the phone, quickly got dressed and rushed towards Fourth High.

When I arrived, Chen Yong was already there, standing and looking around at the entrance of the cold drinks stall. Seeing I walked over, he asked, “Why is it just you?”

“What’s wrong with just me?” I asked weirdly.

“Didn’t you say someone can help me? Where’s the person?” Chen Yong was still looking behind my back.

“Can’t I help you?” I said in displeasure.

“You, a student ——” But he swallowed the words that were at his mouth, because he saw the mobile phone in my hands, a student that could use a mobile phone that was several tens of thousands kuai, was definitely not a normal person right?

“Let’s go in and talk!” I pointed towards the cold drinks stall, and went inside first.

I ordered a coffee, then when I asked what Chen Yong wanted, Chen Yong looked all over the menu, and when he saw all the drinks were above ten kuai, he squeezed out a few words, “Then a cup of water!”

“Bottled water is eight kuai, sir!” The waiter said with a smile.

“What? Water cost money too?” Chen Yong exclaimed in surprise.

“Okay now, don’t be afraid since it’s my treat, give him a cup of water!” I said to the waiter.

“Ai! Never mind, I’ll have orange juice, this is eight yuan too,” Chen Yong quickly said.

“Okay sir,” the waiter left with a faint smile.

“I’m sorry, I let you see something unsightly!” Chen Yong scratched his head and said.

“Say it, what’s the deal with Yu Gang?” I immediately cut to the chase, I have no time to bullshit with him, I promised Zhao Yanyan to go on the

rollercoaster with on in the cultural park during the afternoon.

“About that, my meimei agreed,” Chen Yong said awkwardly.

“What?? Your meimei will marry that lecherous man?” I jumped up and shouted.

“No, it’s just —— just sleep with him!” Chen Yong didn’t know who to answer, and said the phrase ‘sleep with’ in anxiousness.

I naturally understood Chen Yong’s meaning, ‘sleep with’ is just XXOO, this Chen Yong, he really disappoint me, he still agreed to Yu Gang’s demands in the end.

“You sold your meimei just for eighty thousand kuai?” What made me more angry was that, was Chen Weier’s first time just worth eighty thousand kuai?

“Is eighty thousand little? Didn’t you hear that Yu Gang say, ten thousand kuai can buy so many virgins!” What Chen Yong said was the truth, the most expensive would only be two thousand kuai at max.

“Then you already promised that Yu Gang?” I said agitatedly.

“Not yet, I —— I really can’t say it!” When Chen Yong said this, it was like he was in excruciating pain.

From the looks of it, this Chen Yong still has a conscience. A man being forced to sell his own meimei to save his father was because he had no other choice.

“How about this! Since you’re selling no matter who, what about selling her to me, I will use an even higher price,” I said slowly. At that moment, another plan had hatched in my heart.

“What? Sell to you?” Chen Yong looked at me in disbelief, and had his mouth wide open. He didn’t think I was that kind of person. Then he regained his composure, “Never mind, since it’s the same either way. How much can you pay?”

“I think I’ll give you two hundred thousand, go and help your father contact the kidney provider, tell me if it’s not enough,” I said calmly.

“Two hundred thousand! You didn’t make a mistake right?” Chen Yong opened his eyes wide and looked at me with an expression full of disbelief.

Chapter 61 – I Want To Close My Account

“That’s right! Two hundred thousand,” I nodded, and said assuredly.

Chen Yong started believing me a bit, but still shook his head to see if he was hallucinating.

“You can buy a life with so much money, you’re still going to buy my meimei’s... that and sleep with her? And we can ask you for more if it’s not enough? Bro you’re not sick are you?” Chen Yong was shocked, from his perspective if I didn’t have any mental issues, then I just had nowhere to spend my money.

“Say if it you agree, screw it if you don’t, where did all these bullshit come from!” I said impatiently.

“Agree, agree, of course I agree! When do you want my meimei?” Chen Yong said eagerly. From his point of view, the earlier he gave his meimei to me, the earlier he could get his father cured.

“I’ll give you the money in a moment, but I don’t want you meimei now. How about this, treat this money as a deposit for your meimei’s virginity, go back and tell her that she has to keep her body for me, I’ll naturally go and take it whenever I want it. If she found someone she truly likes before that, come and tell me, we can dispel our contract anytime. However I will give the money just the same!” I only did this because I didn’t want Chen Weier to sell herself to someone else, but I didn’t want love that was bought. Although I think that I do quite like Chen Weier, but I also wanted her to give herself over to me willingly, and not with this method.

“Ah!” Chen Yong was completely dumbfounded, this was clearly just giving him money for free, that attached condition was essentially nonexistent. After a while, Chen Yong finally slowly stood up, and slowly kneeled down on the floor, and said with a face full of tears, “Bro, I, Chen Yong will always remember your kindness! I won’t say too many words of thanks, I, Chen Yong, is willing to be an ox and a horse for you this

entire life!”

“Okay! Men shouldn’t easily cry, men have gold underneath their knees, you broke these two rules together! Follow me to the bank to get money,” I reached out and pulled up Chen Yong, who was kneeling on the ground.

Chen Yong honestly stood up, and laughed like an idiot a bit. I got the waiter over to pay the bill, and went with Chen Yong to the bank.

The industrial bank was near Fourth High, I had placed the thirteen million from Intel and Seagate in there for convenience at the time.

“Withdraw two hundred thousand,” I handed my deposit book over to the counter.

“We don’t have that much, a reservation must be made when it’s above fifty thousand, you can’t withdraw now!” The clerk said without raising her head.

“I have urgent matters!” I said sullenly, what kind of service attitude was this.

“You can’t no matter what! Those that are lining up, next!” The clerk stopped talking to me, and begun to handle the next transaction.

“Bring your branch manager over!” I withheld my anger. What reservation, why did I hear about this! I don’t believe that a bank doesn’t even have two hundred thousand in cash for backup.

“The branch manager is not here!” The clerk answered casually.

“Is there anyone that treats a customer like you?” I was really mad, and slammed my hand down onto the counter.

“Guards, there’s someone causing trouble!” The clerk shouted.

Several guards wearing green military uniforms immediately rushed over and surrounded me, the leader asked, “Who is causing trouble?”

Before I said anything, that clerk already said, “This person! This child, he is causing trouble!”

“What are you all doing?” A middle-aged man wearing a suit walked over.

“Branch Manager Zhang,” The clerk and the guards all greeted.

“What happened?” Branch Manager Zhang asked.

“I came to withdrawn money, but this clerk told me that you don’t have money! The bank doesn’t have money? Is this a joke?” I laughed coldly.

“Could you please tell me how much would you like to withdraw?” Branch Manager Zhang asked.

“Two hundred thousand, but I changed my mind, I want to close my account! Your bank’s service attitude is too terrible,” I threw my deposit book over to Branch Manager Zhang.

Branch Manager Zhang took over the deposit book, opened it to have a look and immediately went dumb. Thirteen million, he immediately understood that the kid in front of him wasn’t a normal person. Furthermore this account was opened at their branch, such a large saving would like to close their account, his end of year bonus was definitely going down the drain.

Branch Manager Zhang immediately acted like a different person, and toadied, “Little bro, what the clerk did was just her own action, and is not related to our bank, how about this, I will immediately help you change to a VIP card, you don’t need to queue up in the future, and can directly do your business at the VIP counter on the side. This time you want to withdraw two hundred thousand right, I’ll personally help you process it, please wait a moment.”

I was just scaring him just now when I said I wanted to close my account, if I really closed it I then would have to move this large sum of money to another bank, that would be too troublesome for me. Since this Branch Manager Zhang knew how to act, then I shouldn’t say any more.

The efficiency of a branch manager was really quite, within a minute, two hundred thousand in cash and a VIP card were directly placed into my hands. I handed the cash to Chen Yong, and reminded him to be

careful on the way.

Under Branch Manager Zhang's farewell, we left the Industrial Bank. Before I left, I stopped Chen Yong, "Oh yeah, don't tell anyone about my identity, especially your meimei. Or else I will immediately cease the deal between us."

Chen Yong hugged the huge bag of money and kept nodding.

"Ge, you said you brought two hundred thousand back?" Chen Weier looked at Chen Yong in surprise.

"Yes! I sold you to someone else," Chen Yong answered honestly.

Thus he told Chen Weier about reserving her virginity, he just said a CEO of a company paid, and will take responsibility till the end.

However my latter sentence of "if she met someone she truly likes" was automatically filtered by Chen Yong. From his point of view, I was already his benefactor, and if his own meimei could really be with this benefactor, that will also be meimei's fortune.

I didn't expect that Chen Yong's automatic filtering action will cause me quite a bit of annoyance in the future.

Chen Weier didn't react much after hearing that, and instead got a bit curious about this CEO who reserved her with two hundred thousand. He hasn't even met her, yet he was willing to throw out so much money? What's more was that he just reserved it, wasn't he scared of he going back on the deal once her father's sickness was cured? What kind of person was this?

And take responsibility till the end? Two hundred thousand was already an astronomical number to her, but this wasn't enough, that CEO actually said that could ask for more if it was not enough, who exactly was this person?

He paid her so much, just to buy her first night? Even Chen Weier couldn't really believe it, how could she have sold for so much? This was like a fairy tale.

However, looking at the real cash in Chen Yong's hands, Chen Weier couldn't not believe the truth in front of her eyes. This money wasn't fake, with this money, her father's sickness...

Chapter 62 – Artificial Respiration

Only after I rushed over to the cultural park did I notice that it was still early. If I knew this would happen, I would have talked a bit more with Chen Yong, so I wouldn't have to wait here idiotically.

I used this chance to go over to the flower shot beside the part, and asked them for something with a few sentences, then paid the money. I really wasn't treating Zhao Yanyan that well, not only was I not single-minded in relationships, I haven't truly gift her anything when I was with her, in this period of time, since I was busy opening the company with Zhao Junsheng, I desolated the chick quite a bit, but she never had a single word of complaint.

"Guess who," just as my mind was wandering over the place, a pair of ice cold hands covered my eyes.

I was going to faint, didn't this chick have enough with this game? Wasn't she jealous enough last time?

"You are Xia Jing?" I asked.

"No!"

"Then Chen Weier?" I asked again after some thoughts.

"No!"

"Hehe, okay, I know you are Yanyan!" I intentionally took a while to think, before finally saying it.

"You guessed it wrong again!" The person who covered my eyes said coldly.

What? I guessed it wrong? At that moment I could faintly feel that something wasn't right with the voice, this wasn't Zhao Yanyan's voice.

I quickly turned around, and noticed that the person that covered my eyes was actually Xu Ruoyun! What was more unbelievable was that, Zhao Yanyan was actually standing on the side looking at me with a gaze

that was smiling yet not smiling.

“Yanyan-jie, who is that Xia Jing and Chen Weier?” Xu Ruoyun asked weirdly.

I sweated, where did these two chicks become sisters?

“Heh, who knows where this playboy carrot¹ found these girls!” Zhao Yanyan snorted.

After that she turned angrily at me and said, “Say it, what is it about that Chen Weier?”

“I just said it randomly...” I quickly explained.

“That’s not right? Why do I remember her as the third on the school beauty leaderboard?” Zhao Yanyan pretended to think and said.

She asking even though she knows it already? She really wasn’t giving me any face, I change the topic in a hurry, “Why are the two of you together?”

“We’ve gotten along the entire time! You haven’t been to the lesson much ever since you won that prize in Yanjing, Ruoyun meimei then joined, and sat beside me, on your original seat,” hearing Yanyan explain, I noticed that I almost completely forgot about Shao Nian Gong.

“Oh yeah, Liu Lei, why are you so good in computing? I thought you only know how to exaggerate at the start!” Xu Ruoyun said to me.

“Oh... about this, hehe,” I answered perfunctorily, was I supposed to tell her I learnt it in my previous life?

“Also, I heard Yanyan-jie say that you made that Shuguang input method? But how can you, a student write such a perfect input method?” Xu Ruoyun said as if she was going to find out till the end.

“...” I was speechless, was this chick here to investigate me?

“Sorry, excuse me!” A girl holding a bouquet of flowers walked towards us, I let out a sigh of relief. Her arrival could also count as helping me out of this situation, or else god knows what this Xu Ruoyun chick was going to pester me about.

“Beautiful lady, a Mr. Liu asked us to give this to you, he wants to say to you that he will love for you an entire life!” The flower-bearing girl said it all in one breath.

However Zhao Yanyan, Xu Ruoyun and I stood there dumbfounded.

“Miss, why aren’t you accepting it?” The flower-bearing girl saw that the expressions of our faces were very weird, but she didn’t say anything wrong? What’s with the three of them?

The flower-bearing girl didn’t say anything wrong, but she was saying it to the wrong target! At that moment, she was holding the bouquet of flowers out to Xu Ruoyun.

Xu Ruoyun looked at me with a flushed face, receiving it wasn’t right, not receiving it wasn’t right either, at that moment the two people stood stiffly there.

“Hahahaha!” Zhao Yanyan was the first that reacted by laughing, and said laughingly and elegantly to Xu Ruoyun, “Ruoyun-meimei, this is all goodwill from Liu Lei, just accept it quickly, haha!”

“Aiya! Yanyan-jie don’t laugh at me anymore, this flower is for you!” Ruoyun said with a red face.

At that moment, the flower-bearing girl finally understood, she was presenting it to the wrong target, and immediately bowed her head, and continuously apologized.

“Never mind,” I said awkwardly, “Xu Ruoyun, just keep the flowers.”

Xu Ruoyun looked at me, then looked at Zhao Yanyan, and after seeing the latter smile and nod, she received the flowers shyly.

Suddenly, Xu Ruoyun’s heart wavered, what’s with me, this liar definitely wants to confuse me with flowers! I won’t fall for it, I have to continue to dig out his secrets, and poke a hole through this liar’s ploy!

Thinking to this point, Xu Ruoyun clenched her fists, and silently took the flowers in her hands.

Of course, I didn’t know anything about this. Just having the flower-

bearing girl cause such a fiasco, the three of us became a lot more intimate. Xu Ruoyun didn't appear that constrained in front of me, and started getting high with Zhao Yanyan.

Originally it was a good lover's world, but was not destroyed by Xu Ruoyun. Although this chick was pretty, I could still sense a sliver of hostility, which made me alert about getting close to this chick. Another thing was that Xu Ruoyun was full of hostility towards me before, but why was she so fine with things this time? Of course I wouldn't be an idiot and think that Xu Ruoyun fell in love with me, I don't think that I was that charming. Ploy, there must be a ploy here! But what kind of ploy would a little chick have?

In the afternoon, I was dragged all over the place by the two chicks, and accompanied them on the pirate ship, roller coaster, flume ride, even though I was full of stamina, I still ended up very tired by the two. What caused me to be unable to stand it was that the two chicks actually placed their backpacks over my shoulders, a bouquet of flowers were still in my hands, everyone I passed by looked at me weirdly!

Finally just as I was about to burst, the two chicks finished all the events and rides in the cultural park.

When Zhao Yanyan wanted to ride the jet coaster once again, I finally was unable to keep up, and fell onto the floor with a 'dang'. That scared the two girls, causing them to start pinching and search for my pulse, but I just didn't wake up. Actually I was fine, I just couldn't stand the suffering.

"Yanyan-jie, what happened to him?" Xu Ruoyun asked anxiously.

"I don't know, he was fine just now," Zhao Yanyan didn't know what to do either.

"I heard that people that fainted requires artificial respiration right?" Xu Ruoyun spoke about the little bit of medical knowledge that she had.

Zhao Yanyan hesitated a bit, then finally dipped her head, and pressed it against my lips...

1. 花心大萝卜 is a term to describe a person that isn't focused on one relationship, and likes a lot of people. I used playboy carrots instead of just playboy since I wanted to preserve the humorous tone to it, since the phrase is used often by children, and usually more in a joking manner instead of an insult ↵

Chapter 63 – Trash in the Computing Industry

I hugged Zhao Yanyan, and started cooperating with her...

“Mhmmm...” Zhao Yanyan wanted to speak, but her tongue was entwined with mine.

After a long while, Zhao Yanyan finally pushed me aside, and said with a red face, “You’re so terrible! Ruoyun-meimei is just on the side, you actually ——”

I chuckled and looked up, and noticed Xu Ruoyun was looking at us with wide eyes. Her face was already infinitely flushed...

Although Zhao Yanyan and I were extremely happy playing around in the park, Xu Ruoyun was clearly disinterested. However I didn’t care about him, I didn’t bring her over to play, I was only coexisting peacefully with her, due to Xu Jinde’s face.

When we left the cultural park, Zhao Yanyan and I sent Xu Ruoyun onto the bus first before we parted reluctantly.

Xu Ruoyun didn’t go back home directly, but was called over by a senior in the Computing Association.

“You are sure that the input method he made was copied?” Xu Ruoyun looked at the data in her hands, and asked in disbelief.

“Definitely! I got the official version of Windows 95 through internal relationships, there was a pinyin input method that came with it which is exactly the same as Shuguang pinyin input method! IT is also called that, the only difference is that it works in the Windows platform, and Liu Lei’s is for a DOS platform. I am certain that this Liu Lei must have seen the input method within Windows, then moved it to a DOS platform. This type of naked plagiarism actually dare to claim it as a Huaxia original!” A man said.

“But it could be Windows that copied Lie Lei?” Xu Ruoyun asked.

“That’s definitely impossible, are you unclear with what kind of company Microsoft is? How could it go and copy someone else?” The man said confidently.

He thought that, Xu Ruoyun was really overestimating this man called Liu Lei, who did he think he is? Let an international company copy him? Isn’t that like a joke?

That was like hearing a millionaire borrowing money from a beggar. It was too ridiculous.

“That’s true! Heh, if it really is like this, I have to reveal this! Such a failure would actually appear in the computing world!” Xu Ruoyun raised her fist and said hatefully.

“Of course! Oh yeah, Ruoyun, my dad copied a new game from his coworker today, do you want to try it over at my home?” The man said.

“No, I still have to hurry back home to write a program, leave it for another day,” Xu Ruoyun said without any expression.

After Xu Ruoyun left, a cold smile appeared on the man’s face. Fight over a woman with me? I’ll cause your name to shatter. Heh, you brat wants to silently get rich? You didn’t know that I have a way to get the sample for Windows 95 right?

This time, including the Shuguang Computers that’s with you, is going to be doomed together! Heh.

This man was called Li Boliang, he was the president of the Songjiang Youth Computing Association, and also a talented student of Songjiang University’s first year the Computing course .

Before meeting Xu Ruoyun, Li Boliang thought that all the girls that messed with computers were dinosaurs, because there was not a single beauty in his course. The first time he saw Xu Ruoyun who came to sign up for the Computing Association, Li Boliang was blown away by the beautiful girl, and made her the target that he would pursue for the latter half of his life.

However the feeling Xu Ruoyun gave him was rather distant, although

he hinted that he likes her many times, Xu Ruoyun never had any reaction. The relationship between the two just developed in neither a good nor bad direction.

Li Boliang felt that the two were closer than friends, but definitely not lovers. Despite this, Li Boliang wasn't in a hurry, since Xu Ruoyun was young, only in the first year of high school. There was plenty of time to come, there will be a day when Xu Ruoyun falls in love with him.

The reason he had such confidence was because he knew that Xu Ruoyun was a computer fanatic, she would always admire computing masters that are better than her, and he was the best in the computing world in Songjiang city, if Xu Ruoyun wants to find a boyfriend, then he would be her best choice.

However, accidents will often happen.

Ever since Xu Ruoyun returned from the competition in Yanjiang, it was actually another boy's name that kept on coming out of her mouth — Liu Lei.

Not only that, but she often praised Liu Lei for this and that, as well as the fact that he got two first places in Yanjing by himself, and was a computing genius *etc.* This angered Li Boliang, he could faintly feel that this Liu Lei may become his rival in love, so he investigated him in secret.

However, when he found out that Liu Lei had participated in the development of the Shujiang input method that was all the heat within the country, he deflated.

This input method was the pride of the entire computing world, and was called a revolutionizing work for Chinese input methods in the twentieth century! Everyone, including Li Boliang himself, was using this input method.

At that moment, Li Boliang found out that he was definitely a frog at the bottom of a well, and the difference between him and that Liu Lei wasn't just a tiny bit, even if he worked hard for ten years, he may not be able to produce such a perfect input method!

However there really were coincidences, LI Boliang's father borrowed an official version of Windows 95 from a friend, after installing it Li Boliang noticed that Liu Lei's Shuguang pinyin input method had a 99% similarity with the input method that was in Microsoft's Windows 95, not only that, even the name was the same — both were called Shuguang input method!

At the time, Li Boliang wanted to laugh crazily, the heavens were really helping him! This Liu Lei's work was actually plagiarized.

On the following day, Li Boliang immediately found Xu Ruoyun, and told her all about it, Xu Ruoyun immediately became really angry. She always looked down upon those people that loose face for the computing realm, she thinks that Liu Lei shouldn't have plagiarized no matter what, and after that, he actually shamelessly claimed that it was a Huaxia original, and it was the pride of Huaxia! That was truly losing face for Huaxia's computing industry.

Therefore Xu Ruoyun decided that she will get closer to this Liu Lei and investigate his actions in secret, and will sue him at court when she needs to, and deal with this kind of trash by law!

Li Boliang was very satisfied with Xu Ruoyun's reaction, and he was already sure in his heart that Liu Lei's Shuguang pinyin input method was definitely plagiarized! From his point of view, Liu Lei's name shattering into pieces was only a matter of time!

Now, he just needed to collect evidence, as long as he had enough evidence, he can reveal it using the media, when that happens, he doesn't need to do anything, the comments by people will ruin this Liu Lei.

When a fall is shattering, people will push it down, all of the other media will also rush forward, and it could be foreseen that this Liu Lei was done for, he will have no chance to come back in the future!

Li Boliang thought that he really was a genius, and was even able to think of these ideas.

Chapter 64 – Zhao Yanyan's Dream

Eversince Zhao Yanyan returned from Yanjing, she had weird dreams every single night.

She didn't really pay much attention to it at the start, but then the dreams became more and more realistic, and every night's dream was linked with the previous one!

Another one of herself, and another Liu Lei will always appear in the dreams, after a while, she started to be unable to tell which one was the dream, and which was reality.

Every character in the dream, every dialogue, even every action and her thoughts at the time were so realistic, as if it truly happened. However it seemed like it didn't as well, because in the dream she was already in second year, and had to select her subject, she asked Liu Lei like a fool, do you think I should choose humanities or sciences?

What was it? Zhao Yanyan didn't just think that they were purely dreams anymore, dreams cannot continue, and wouldn't give that feel as if she was really there. Every time Zhao Yanyan woke up, the things that happened in the dream would be fresh on her mind, as if it is scorched into her brain, and can't forget it even if she wanted to.

Perhaps she had the ability to see the future? But that wasn't it, because the dreams started when school started and she shook hands with Liu Lei, the Liu Lei in the dreams wasn't as daring as the one in real life, the Liu Lei in the dreams had a red face, and didn't dare to shake hands with her even after a long while, and the things that happened later didn't occur in the dreams. Therefor Zhao Yanyan didn't think this dream had any connection with real life, but why did the things that happened in the dreams seem so real?

That Zhao Yanyan loved Liu Lei in secret, but Liu Lei seemed always seemed indifferent whenever she hinted at her feelings.

Zhao Yanyan was really scared, she wanted to tell this all to Liu Lei, but didn't know how to begin! Could it be because she loved Liu Lei too much? Perhaps! Zhao Yanyan didn't know herself why did she love Liu Lei so much, for example on the first day of school, Liu Lei seemed awfully familiar to her. That feeling was like the two of them knew each other before...

Turn back the time to Zhao Yanyan's wedding in the previous life, onto the story that Liu Lei doesn't know about.

In the hospital.

Zhao Yanyan caressed Liu Lei's thin face, while tears flowed down her face. She choked, "Liu Lei, if you told me these words earlier, I would have married you at all cost! Did you know, I waited for these words from you for fifteen years!"

Scenes from the past flashed through Zhao Yanyan's mind...

That little boy who didn't even dare to shake hands with herself... (Perhaps it was then, her heart was given to him)

The foolish boy who acted indifferent towards her very obvious hints when choosing subjects... (Already asked him so many times "Do you want me to take humanities or sciences")

That genius boy who actually got first in the year in the last few mock exams in the third year... (Did he work so hard for me?)

That familiar figure that appeared in in the registry office of Qinghua University... (He really came, I nearly went dumb from the excitement)

That new star in school that was always surrounded by beauties... (Is he the same person as he was in high school? But he seems to act indifferent to the pursue of the beauties~ It can't be for me right? Happying...)

He actually worked in the same corporate company as myself after graduation... (Could this be a coincidence? He can't have looked at my employment letter in secret right... Being narcissistic...)

That excellent man that continuously worked, and got gradually promoted... (Why does he only care about work, I'm already twenty eight, I will no longer be young after a few years...)

The man commanding the ocean and winds, who sat upon the throne of Microsoft's CEO of the Huaxia region at the age of thirty one... (Ai! Could it be that he never liked me at all! I'm already thirty-one, if I don't marry then no one will want me anymore!)

That man is actually so close with Xu Zhongbang's daughter, they are chatting and laughing... (What is their relationship? Dismaying, and somehow randomly accepted Xu Qingwei's proposal when my head was heated.)

On the day of Christmas, I handed my own wedding invitation to that man... (Last chance, if he confesses to me before my wedding, I will definitely marry him, I'm so anxious...)

Fifteen years of memories, was fresh in her mind just like yesterday, Zhao Yanyan laid across that stone-cold corpse, and continued to weep.

That night, Zhao Yanyan cancelled her engagement with Xu Qingwei, and stumbled back into her own apartment alone.

She opened the drawer, and took out a diary from within, she opened the diary, from it a photograph fell out — That was a graduation photo of Songjiang Fourth High's graduating class of 1994.

Zhao Yanyan caressed the face of the person in the photograph softly, this was her only photo taken with him, tears flowed from the corners of Zhao Yanyan's eyes.

Looking at her own diary, that name appeared pretty much on every single page, Zhao Yanyan smiled. At least she already obtained his love, everything else wasn't that important anymore, isn't that right?

We who don't understand love, hate, passion, worry and torment

Think love is just like the ever-changing wind and clouds

Believing that one day love will be forever more

And in that moment time will freeze

We who don't know how to express tenderness

Still think that starcrossed love exists only in ancient stories

How painful it is to part? How intense the pain

When dreams are buried in the misty rain of the South River

Only when we've had our hearts broken do we understand

The beautiful and depressing song of "South River" rang out from the amplifier...

On the next day, all of the newspapers had a shocking news on the front page: "Microsoft Huaxia region's CEO dies mysteriously attending a subordinate's working, the bride commits suicide through overdose of sleeping pills that night."

Was it a coincidence or was there more to it, rumors begun to spread through newspapers, magazines and television, people continuously voiced their suspicions.

However, the deceased has deceased, two young man and woman, left like this. They left this world carrying their co-worker's confusion, the media's suspicion, and the troubles of public opinion.

The only one who knew the truth was Xu Qingwei. He seemed to have predicted this situation beforehand, he sat along in the new home, and sighed quietly.

Zhao Yanyan, belongs to that man in the end, she died, she died for love. She could finally be with him like she hoped.

Xu Qingwei was vexed, why couldn't he compare up to Liu Lei in anything, even in love. He was a complete and utter failure. He had thought that after Zhao Yanyan marries himself, she would finally give up, and be content with him.

However he didn't think that Liu Lei would die not earlier nor later, but right on the wedding, and dead is dead, he had to say something to Zhao Yanyan right before he died, resulting in Zhao Yanyan breaking off the

engagement and ran back to her own home...

He didn't think that this leave, will be a permanent one.

Xu Qingwei felt like there was no meaning in living anymore, even if he continues to live, how would others see him? A failure?

Chapter 65 – Side Story

In the underworld.

“Yama-daren, there’s another person that committed suicide today,” Judge A said.

“There are already plenty of laws in the world of the living, why are there people that commit suicide? Could there be a grievance?” Yama asked weirdly.

“It’s probably a suicide for love!” Judge B said.

“Oh? There are suicides for love these days?” Yama had an expression as if he saw a ghost. (He seems to be a ghost himself right?)

“Yeah, how is there true love in this era, I haven’t seen suicides for love in several hundred years!” Judge A said.

“En, that’s right!” Yama was also interested in this person that committed suicide for love, “Bring that one here, this Yama will judge him in person!”

“Yes!” A xiaogui answered, and swiftly floated out of the palace.

After a while, a xiaogui brought a beautiful and depressed female ghost onto the palace of Yama, the female ghost was made to kneel onto the floor.

“Who is down there!” Yama asked.

“Replying to Yama, I am called Zhao Yanyan,” the beautiful female ghost said.

“Zhao Yanyan? That’s a good name! Say it, why did you die!” Yama asked.

“I committed suicide,” Zhao Yanyan said.

“Fuck! I know you committed suicide, I’m asking you why did you commit suicide,” Yama glared angrily at her.

“For the one I love, because he died,” Zhao Yanyan said. However this Yama was pretty hilarious, and wasn’t scary like he was portrayed in movies. From the looks of it, he seems pretty easy to talk to him, she’ll beg him a little later, and may even let her and Liu Lei be a couple in the next life.

“How did that person die? What’s he called, say everything, if he didn’t reincarnate yet, then I can help arrange you two to meet in the underworld,” Yama said. There was a ruling in the underworld, for those who died due to grievance or for love, there were different treatments.

“He’s called Liu Lei, he died of a heart attack,” Zhao Yanyan said while being worked up, she never thought that she would be able to see her loved one in the underworld when she died.

“En? Liu Lei? Why was this name so familiar?” Yama said as he pondered.

“Yama, he’s your gandidi!” Judge A reminded.

“Oh! That’s right! Fuck, look at my memory, bring me those melatonin that people burnt for me later so I can supplement myself!” Yama suddenly remembered.

“En... About this... Liu Lei isn’t in the underworld anymore,” Yama said awkwardly.

“What! He already reincarnated? So quickly?” Zhao Yanyan fell onto the floor in shock.

“Ai, what a pitiful woman!” Judge B sighed.

“Yeah, but there was only that one spot for rebirth, or else it’ll be great for her to get reborn!” Yama said regretfully.

“Oh yeah, Yama-daren, according the rules of the underworld, those that committed suicide for love can have a chance to find their loved one again!” Judge A suddenly thought of something.

“You’re telling her to eat ‘Zhuiqing Dan’?” Yama asked, then immediately shook his head and said. “No no, this dan is way too

poisonous.”

“What is drug is it? I can see Liu Lei after eating it? Let me eat it quickly!” Zhao Yanyan suddenly shouted while worked up.

“Ai! Girl, it’s not that this king is not willing to give it to you, this Dan is way too poisonous!” Yama said, “Judge A, explain it!”

Judge A cleared his throat and said, “After ingesting this ‘Zhuqing Dan’, your soul will automatically go back to the moment when you just started liking that person, in other words into your previous body. It is similar to rebirth, but it isn’t rebirth. That’s because your memories in this life will be sealed, including everything you have experienced in the underworld.”

“Then how is it poisonous?” Zhao Yanyan asked weirdly.

“Let me finished!” Judge A continued, “You must receive that person’s love within a year, and sleep with him, only then will the poison in your body be transferred onto your loved one, not only you’ll be fine, you’ll also gradually restore the memories of your previous life. However if you didn’t receive his love and sleep together, then you will die because of the poison, and will become a wandering spirit, never to reincarnate.”

“But you said that poison will be passed onto his body?” Zhao Yanyan asked anxiously.

“What’s with you, girl, you aren’t worried about your own well-being, and is worried about that person?” Judge A asked weirdly.

“Perhaps, this is love,” Zhao Yanyan said faintly. “Never mind, death is death, as long as I can see him again, I’ll be really happy, I won’t pass the poison to him.”

Yama didn’t think Zhao Yanyan would say that, and was a bit surprised, and thought, my little bro has that hand? He didn’t notice it. Remembering that Liu Lei is his own little bro, Yama didn’t want to hide it from Zhao Yanyan, since she’ll forget everything she knows after rebirth. Even if he tell her, she can’t bring the memory through rebirth, these things will only be hidden in the depth of her memory, even

though it may occasionally pop up in dreams, she definitely won't recall it.

Thus he gave Judge A a cue.

"Fine, I'll tell you, that poison not only has no harmful effects towards men, and will change his constitution, let him possess some powers that normal people doesn't, in your words it's called superpowers, and could also be called supernatural abilities, this can be said as a reward for his love to you," Judge A saw that Yama agreed, and immediately explained for Zhao Yanyan.

"Oh, then give it to me quickly," Zhao Yanyan felt relieved after hearing that the Dan had no ill effects for Liu Lei.

"Are you sure? You won't remember these things after ingesting it, if he doesn't do that with you, you'll die for no reason whatsoever!" Judge B reminded.

"Aiya, how can you be so long-winded, just give it to me quickly!" Zhao Yanyan said impatiently.

"Heh! This isn't just empty warning! Judge B is right, XXX in the Tang dynasty and XXX in the Qing dynasty and XXX in the Republic of China all took this drug, but didn't receive their love, and died of the poison in the end!" Yama reminded.

"I'm not scared!" Zhao Yanyan said firmly.

"Okay, Judge A, go and get it for her!" Yama shook his head. Then he thought, hopefully my little bro won't disappoint this infatuated girl.

Judge A handed Zhao Yanyan a Dan and said, "Think about that person's name when you take it, then you'll return to the moment you fell in love with him!"

Zhao Yanyan received the Dan, and swallowed it without any hesitation.

Yama sighed, "Ai, we don't know if she can succeed or not! If my little bro calls me, I have to remind him a little. However I can't call him yet,

ai, this phone's function, I have to get the two fellows Edison and Bell to add the finishing touch, or else it won't work!"

"However if that person really received superpowers, wouldn't he be invincible?" Judge A said worriedly.

"What's the problem with that, that person is our Yama's didi, invincibility is normal! Worry your ass!" Judge B glared at Judge A and said.

"Oh yeah, didn't my didi want superpowers? The superpowers are here, it's up to him to see if he can grasp it!"

Chapter 66 – Company Opening

December 26th 1994, was an important day.

On this day, Shuguang Technology Corporation officially opened, it's children companies include Shuguang Microelectronics Limited and Shuguang Software New Technology, Zhao Junsheng assumed the role of the CEO of the corporation.

The day it opened, Uncle Zhao called really early, and reminded me to not get the time wrong. Originally I didn't want to attend this type of occasion, but I couldn't stand the countless persuasion, and could only attend as an invited guest.

The ribbon cutting was set at Uncle Zhao's original company at Fazhan Road. Tiangheng Computers was restructured and turned into Shuguang Software, Uncle Zhao took the chance to also rent the other floors on the original office, and established that as the office of the corporation. Due to this ribbon cutting being really grand, and more than 1000 people attended, the local government couldn't help but to send the traffic police to Fazhan Road to temporarily seal off the path, and prevent cars from passing. Of course, this was also in order to give face to Zhao Junsheng's father, Elder Zhao.

Officials from all levels in the province and city attended the ribbon cutting ceremony, the occasion was more magnificent than thing ever before. A lot of rich businessmen and important officials in the government all came to congratulate, and Zhao Junsheng also gave an awe-inspiring speech as the CEO of the corporation.

Zhao Junsheng used a voice that excited the people and said, "The people of Huaxia now rise in the IE field as well!"

After the ribbon cutting ceremony ended, Zhao Junsheng said he was going to bring me to meet some people in the upper class, but I refused. It's not that I didn't want to get in contact with these people, but I didn't want my identity to be exposed so early. If the fact that a high school

student managed to create such a large corporation was known by some people with ulterior motives, then it was unavoidable for them to cause some issues. However Zhao Junsheng wouldn't agree no matter what, and was hell bent on introducing me to some officials in the province and the city, it couldn't be helped, after a discussion, I could only appear as the son-in-law of Zhao Junsheng, which is also Zhao Limin's grandson-in-law, and shook hands with each and everyone of these officials.

These officials were very curious about my identity, someone that could become Elder Zhao's grandson-in-law couldn't be normal, and looking at Zhao Limin's attitude towards me, it was obvious that he accepted this marriage. Everyone was guessing about my background and the power I represent, however even if they thought so hard that they broke their brains they would not be able to guess that my background was my worker parents. They would also never be able to imagine that I was the true master of Shuguang Corporation behind the scenes.

Something a bit more interesting also occurred. Jiang Yongfu also attended this ribbon cutting ceremony. When Zhao Junsheng introduced me to Jiang Yongfu as the "son-in-law", the expression on Jiang Yongfu's face was embarrassed to the max, he shook hands with me bitterly, and just wanted to go and find a hole in the ground to hide in. At the same time he also broke a sweat for himself, fortunately he got there in time last time, and didn't let that bastard Yang Shuguang cause any huge trouble. Or else it was very likely for him to already be one of those traffic police creating order or police that was patrolling around.

Since Jiang Yongfu could also be countered as a local magistrate that was neither very important nor ignorable, I didn't make it too hard for him, said softly beside his ear, "I know you had nothing to do with it last time, so don't worry! If I was going to take revenge, it would also be towards that Fat-ass Yang!"

Jiang Yongfu looked at me thankfully, and said seriously, "Say it anytime if you can use me, Old Jiang!" Actually Jiang Yongfu was also clear that with my current identity, there were almost nowhere that he would come into use. However for his own future, he still had to say it.

However I did have somewhere that Jiang Yongfu could come into use, Guo Qing was getting more and more cocky, and was very famous in the society around Fourth High, who doesn't know Wanming Guozi, ever since he broke the opponent's head when he fought a few rascals from the technical school, this name became really well known. If he continues on like this, it's hard to not have a day where he'll be arrested, so the reason I have Jiang Yongfu a way out was so that Guo Qing can know him through me.

After a round, there was a pile of various business cards in my hand, these people all took up important positions in businesses or the government. I placed these name cards away, there might be a time when I can use it in the future.

After that, under Zhao Junsheng's company, the different officials also visited the office and the software company. The factory of Shuguang Microelectronics Limited was located in outskirts of the city, and was far from here, so they gave up visiting there.

After we ate, the ribbon cutting ceremony officially ended at four something in the afternoon.

All of the media gave Shuguang Corporation a lot of importance and recognition. Shuguang Corporation became a shining new star in the IT realm of Huaxia with dignity, and had over 1.5 billion Huaxia currency invested in it, this was never seen before in the industry.

Other people, including everyone from the corporation, all think that Zhao Junsheng had the final say in Shuguang Corporation, none of them knew that Zhao Junsheng was a naked director without any bit of shares. According to the arrangement, I held 90% of Shuguang Corporation's shares, Zhao Yanyan held 10%. I, as the absolute shareholder of Shuguang Corporation, did not appear on the ribbon cutting ceremony.

The same day that Shuguang Corporation officially opened, Zhao Junsheng once again announced a news that made people drop their glasses — Shuguang software will be introducing "Shuguang Office 95" that could be used on Windows 95.

Shuguang Office 95 was developed a masterpiece under my leadership, and developed by those programmers originally working for Uncle Zhao as well as the newly employed programmers. Not only did it possess the functions I saw in Office 97 in my previous life, what was most attractive was that it could support the files of both WPS and CCED! This allowed the users to choose to use the easy to operate Shuguang Office 95 without losing any of their original data!

This was also the first software developed by Huaxia that was based on the Windows platform! In comparison, Microsoft was not surprised by this, because this shock was nothing compared to the shock that had in Huaxia before. However Microsoft could never dream that the owner behind the scenes for Shuguang is me, the person that sold them the Shuguang operating system!

After Shuguang Office 95 was put onto the market, Microsoft immediately sent over emails, asking if they could cooperate with us to develop versions for other languages, I got Zhao Junsheng to reject the offer, because we don't lack money anymore, this could all be done ourselves, there was no need for other people to participate and share profits with them.

Shuguang Office 95 achieved a huge success after being introduced, Zhao Junsheng immediately got his subordinates to translate it into many different languages such as English, Japanese, Korean *etc.* to sell in other countries. Almost everyone that bought Windows 95 would also buy Shuguang Office 95, as time passed, the orders at Shuguang increased crazily, Zhao Junsheng couldn't help but get the factory to produce another batch of Shuguang Office 95.

Windows 95 was sold for 4000 Huaxia currency within the country, but I insisted on getting Zhao Junsheng to set the price of Shuguang Office 95 at 5500 Huaxia currency, the price in foreign countries was also higher than the price for Windows 95.

Chapter 67 – First Day of the New Year

Zhao Junsheng found it really weird at the time, will someone buy it since they set the price so high? However I, who was clear with the direction of history, knew that due to my appearance, Microsoft couldn't help but to release Windows 95 early, the Office 95 that was to go with it was still in development, and had not past testing. On the other hand my Shuguang Office 95 already included all of the functions of Office 97, and I have used the WPS Office I saw in my previous life as reference, and entire that it would support WPS, CCD and other file formats used in foreign office software, the Office 97 in my memory was sold at precisely this price, and received success, Therefore I also set Shuguang Office 95 at this price.

Although Zhao Junsheng found it weird, he still followed my instructions, and didn't think that Shuguang Office 95 would end up with even more sales than Windows 95. Towards this weird situation, Zhao Junsheng and I clearly knew that Windows 95 can be installed on multiple computers for a official operating system, yet it wasn't like that for Shuguang Office 95, Shuguang Office 95 also had my encrypting techniques that was unable to be broken by the current computing realm, it was an encryption technique that encrypted both the disc and registered the phone, pirated versions would not be able to be made in this era.

I estimated in my heart, at the end of 1995 in my previous life, Microsoft received a profit that reached 6 billion dollars within the 4 months of Windows 95 being released, if I go with that, then the profit that my Shuguang Office 95 received would be even higher, my profits will be 8.25 billion, and this is assuming the sales are the same, from the looks of it, the sales of Shuguang Office 95 was even higher than Windows 95.

“Xiao Liu, our Shuguang Office 95 managed to sell for nearly 1 billion USD!” Zhao Junsheng called me early in the morning on New Year's day.

“Oh, is that so?” Shuguang Office 95 was only part of the plan, there are a lot of software ideas which I haven’t made yet,” I already knew this result would occur. I did have a lot more ideas, finance software, graphic software, media software, antiviruses will all become areas with huge profits.

“Hehe, my glory of a life time were all realized these few days of Shuguang Corporation opening! The central government has already recognized our business as a private technology business to be developed and protected, you can’t even imagine how many beneficial policies there are!” Zhao Junsheng said happily.

Actually everything he said was inevitable, the appearance of Shuguang Corporation virtually led to the development of Huaxia’s economy and trade, the government was naturally going to be happy about it.

“Oh yeah, Xiao Liu, I am starting to regret not accepting your share back then, 1 billion USD, if you gave me 10% then I would have 100 million, and that’s 500 million Huaxia currency, I won’t have to worry about money my entire life!” Zhao Junsheng said laughingly.

“I don’t care about that, who told you to reject it back then. Now that you want it, it’s too late! But you can talk about it with Zhao Yanyan, and see if she’s willing to give her shares to you?” I said craftily.

“Yanyan? Never mind. Just treat it like I was kidding, your bomu and I can’t even spend all the money I made before. I’m not in Shuguang for money, it’s because it can give me pride, and the pride of the people!” Zhao Junsheng said full heartedly.

“Okay, you want pride, I want money, we won’t interfere with each other,” I laughed and hung up.

It’s the first day of the New Year, what should I do? I called Zhao Yanyan first, I haven’t XXOO with her for a long time, since there’s no one at home today, I thought perversely.

The result disappointed me very much, Zhao Yanyan was going to celebrate at Zhao Limin’s home, the entire family was there, so she couldn’t accompany me. I could also hear Zhao Junsheng’s roar in the

phone: Xiao Liu I just hung up, and you're already calling my daughter!

I hung up the phone and smiled wryly, coincidentally, the phone rang again.

"Hello, who is it?" I picked up the phone.

"Boss, what are you going to do today?" This voice was definitely Guo Qing.

"Not much, how about going out together? I said.

"Sure, see you in front of the market in half an hour," Guo Qing said.

After half an hour, I saw Guo Qing, who was wearing a black suit and sunglasses, clearly this was the boss of the underworld on TV.

"Fuck, what's this, do you think you're Xiao Ma Ge? You are just an Old Tun," I rushed up and gave him a fist.

"Fuck your mom, who the hell are you!?" Before Guo Qing said anything, I was surrounded by four or five rascals with colored hair.

"Who? Who your mom, quickly call Lei-ge!" Guo Qing kicked the delinquent that spoke.

"Hello Lei-ge——" All of those delinquents said together.

"Okay, go play on the side, there's no business of yours here," Guo Qing said, and waved his hand to tell the few delinquents to go over to the billiard hall on the other side of the street.

"Who are these?" I pointed to the colorful figures.

"Just a few lackeys I just accepted from around here. They're from the market, they don't know much else except to act pretentious, and after getting beaten a little they immediately submitted," Guo Qing said while lighting a cigarette. Then it to me.

"I couldn't tell, but you're awesome now, already going around the society," I pushed away the cigarette that Guo Qing handed me.

"Heh, my ability isn't exaggerated, beaten ones like them is just child's play," Guo Qing said proudly.

“I really couldn’t tell, let’s spar a bit when we have time?” I hands have been getting itchy these days as well, I didn’t know why, but I always felt really energized.

“Boss, although you’re Boss, but your physique, I really shouldn’t say much, I can already get to a draw with Coach Zhang,” Guo Qing clapped my shoulders and said.

“Hehe, it’s not that I’m scolding you, looking at what you’re wearing, didn’t you see everyone on the streets avoiding you? I feel really weird with you,” On the way, people always hid faraway from wherever Guo Qing passed by.

“Fuck, that just means I’m cocky, I’ll beat whoever won’t submit to death!” Guo Qing said uncaringly.

I sighed in my heart, continuing on like this, Guo Qing wasn’t far away from those criminal organizations, I don’t know if the Huaxia government could stand his existence under such circumstances. It wouldn’t matter much if these organizations don’t cause any trouble, but once they do, they’ll get arrested, and either be imprisoned for a lifetime, or be sentenced to death.

I have to remind Guo Qing, but how was I supposed to say it? Guo Qing finally found some target in life, if I killed off his dreams, he might collapse into shambles, this wasn’t what I wanted to see.

What I had to do now, was make him understand that without hurting his pride, and like him walk a unique path. Looking at Guo Qing, who was beside me, I had to think about it carefully again and speak to him about this.

Since the current Guo Qing could only be counted as a delinquent, and couldn’t be classified as a member of the underworld.

Chapter 68 – Meeting Chen Weier Again

“AI? Boss, isn’t that Chen Weier? Why is she selling Mala Tang here?” Guo Qing pointed in front with shock.

“Two bowls of Mala Tang,” I handed Chen Weier five kuai.

Chen Weier just wanted to give us the change, when Chen Weier’s mother went over, and said, “Aiyaa, it’s Guozi-ge, how would I dare to take the money! Weier, return the money quickly!”

Chen Weier looked at Guo Qing and I with disgust, and prepared to return the money to me.

I got annoyed, this Guo Qing, he must have gotten used to walking sideways in the area, these little stall owners don’t dare to piss him off. Due to this the little bit of good impression Chen Weier had for me all disappeared into thin air.

I quickly refused, “Auntie, how could we eat if you don’t take our money, what’s more is that Weier already treated me to a bowl the other day already. Running your small scale business isn’t easy, and you need to save up money to treat illness.”

Guo Qing immediately understood what I meant after I said that, and immediately said, “Auntie, just take the money. Don’t worry, if there’s anyone that comes trouble you in this area, just say that I Guozi is watching over you.”

Chen Weier glared at me, then gave me one kuai of change. It was as if she was saying, if you dare to not pay, I’ll kill you.

I pretended to not see, smiled and asked, “Weier, your brother?”

“Taking care of my dad in the hospital, the surgery was really successful, my dad’s resting,” the moment this was mentioned, Weier’s face was full of smiles. Chen Weier’s impression of me wasn’t bad, she just didn’t understand why I was mixed with people like Guo Qing.

I was busy with company stuff, and haven't visited Weier's Mala Tang for about a month, I'm not sure if the money I gave Chen Yong was enough. He never called me again after giving him two hundred thousand.

"Did you get enough money for the surgery?" I asked. Don't talk about two hundred thousand, two million, twenty million, I could even take out two hundred million without twitching my eyebrows.

"My — My brother borrowed two hundred thousand. However the kidney donor took away a hundred and fifty thousand, and we couldn't do anything about it. The surgery fee took eighty thousand, my mom and I borrowed thirty thousand, so we got enough," since it was New Year's Day, and there weren't many people on the streets, Chen Weier started chatting with me while sitting on a chair. Speaking of borrowing two hundred thousand, Chen Weier obviously blushed, I think she's too shy to say the money came from selling herself.

"Then that's great! But that money isn't from that Yu Gang right?" I asked deliberately. Yet I was scolding Chen Yong in my heart, call me if you didn't have enough money, borrow money for what!

"No," Chen Weier immediately shook her head. I could tell that, Chen Weier was in a good mood. It may be due to her father's illness having been treated, she didn't dislike me asking her these questions.

Then I talked casually about some daily stuff, such as how Mala Tang stall isn't profitable etc., then Guo Qing and I left the Mala Tang stall.

"Boss, why don't you express something to her?" Guo Qing asked weirdly.

I laughed and said, "You don't understand this now right, you have to take it slow with these independent girls." I patted Guo Qing's back and said.

"Oh," Guo Qing nodded like he didn't fully understand. "Boss is obviously different. If it was me then I would directly ask her if she likes me or not, never mind if she doesn't."

“It’ll be weird if you managed to get girls like this,” I mocked.

“Don’t say that, there are a lot of chicks that are willing to follow me, I’m just not willing,” Guo Qing said with pride.

“Those are just some little taimei¹ right!” I gave away the secret.

“How’d you know?” Guo Qing immediately got discouraged, like a frosty eggplant.

In the afternoon, I said my farewells to Guo Qing in front of the billiard hall. That brat said he needed to have fun with his bros.

After Guo Qing left, I directly called Chen Yong. The phone number Chen Yong left me was the hospital number, after being redirected a few times, I finally heard Chen Yong’s confused voice, “Hello? Who’s looking for me?”

“Chen Yong, why didn’t you fucking call me?” I got angry just hearing Chen Yong’s voice, not speaking up when the money’s not enough, and even got Chen Weier to borrow money, what if the girl was tricked by people with ill intentions, then wouldn’t I die of regret

“You —— You are Liu Lei right, what——what did I do wrong?” Chen Yong was shocked, and stuttered in the phone.

“Why didn’t you tell me after spending all the money! And you went to borrow?” I said angrily.

“I... This... That...” Chen Yong nearly went dumb hearing my words, what was unimaginable for him was that I actually took the initiative to call him to give him more money!

“How much more do you need?” I asked. I felt a bit annoyed, this Chen Yong, we said it at the start that he’ll say it when he needs money, and yet now he’s still hesitating, who knows if he actually has a brain, “Shouldn’t you say something? Don’t just this and that!”

“Ah ——, Chen Weier and them borrowed thirty thousand, the two of them also earned three thousand something kuai, we still owe others twenty seven thousand,” Chen Yong answered honestly. Chen Yong did

think of asking me for money at the time, but he felt too embarrassed to, “I was thinking that you already gave us two hundred thousand, so it’s enough, I felt embarrassed to ask you for money.”

“Your meimei will be mine in the future, you’re still embarrassed? Okay now, I’ll wait for you at the entrance to the Huaxia Bank near the market entrance, call a cab over!” I snorted then hung up.

Yet I had to wait for more than half an hour. Chen Yong came down from a bus and came really slowly.

“Didn’t I tell you to call a cab?” I said angrily.

“I-I just have 5 kuai left in my pocket,” Chen Yong grimaced.

It looks like I was wrong to blame him, now that I think about it, the money his family earned have more or less all been used to repay the debt, how would he have money in his pocket.

Chen Yong and I entered Huaxia Bank, I walked straight to the VIP counter inside. I handed over a bank card, this is my share of profits from Shuguang Corporation, Zhao Junsheng turned the previously anonymous account into one under my name.

“Withdraw thirty thousand... No, withdraw fifty thousand,” I said to the clerk.

“Sir, here is fifty thousand, please receive it,” very quickly, fifty thousand was placed into my hands. The treatment of VIP really was different.

“Here, buy some supplements for your father with the remaining money,” I gave the money to Chen Yong.

Chen Yong got so worked that he didn’t know what to say, he was really confused about my generous gifting method. The first time I gave two hundred thousand when he asked for eighty thousand, this time I gave fifty thousand when he asked for thirty thousand. What was the goal of this young man that was pretty much the same as his meimei? He has nowhere to spend his money? It doesn’t look like it, from the simple way he dresses, he doesn’t seem like those who don’t treat money as

money. Could he truly like his meimei? Even so, he doesn't need to just dump two hundred and fifty thousand!

“Oh yeah, don't let Weier get so toiled, call me if the money's not enough,” I said to Chen Yong when I left.

Chapter 69 – Is This Person An Idiot?

“Ge, why did you come?” Chen Weier asked weirdly after seeing Chen Yong has come.

“Weier, you and mom all shouldn’t work so hard now! That person gave me another fifty thousand,” Chen Yong said while patting his satchel.

“Which person? Is it the big boss that wants to reserve... reserve my that?” Chen Weier asked shyly.

“En, I saw him just now. He was really angry, and scolded me about not telling him that we ran out of money,” Chen Yong nodded and said.

“Ge, don’t you think this person is an idiot? Why is it for?” Chen Weier asked weirdly. From Chen Weier’s perspective, the person that could make this request would be no different from Yu Gang, and just wanted to possess her. How could he be like this guy, reserving herself then continuously throw money at them, and not take any actions to her, isn’t he scared of her running away?

“Weier, don’t say stuff randomly! I think your brother met a good person! Don’t talk about reserving you, even if that person wants to marry you, mom will agree!” Chen Weier’s mother said.

“Mom, don’t say that. They are so rich, they wouldn’t be interested in me,” Chen Weier lowered her head and said.

“But this is quite weird, Da Yong, what does that boss do?” Chen Weier’s mother asked.

“Would they tell me that? Okay now, just don’t ask, those are their business secrets,” Chen Yong said.

“Okay. Oh yeah Da Yong, since you came, then help mom a little, and let your meimei go out and take a break, the waking up early and sleeping late has made her really tired recently,” Chen Weier’s mother said.

“Sure, Weier, didn’t you say you wanted to go to the book store last time? Go, let older brother look over here for a while,” Chen Yong said.

“But, what about dad’s side?” Chen Weier said worriedly.

“It’s fine, dad already slept after finishing drip-feeding, and there are also nurses,” Chen Yong said.

After Chen Yong left, I wandered around near the market aimlessly, it really was a lonely New Year’s Day.

Suddenly, I noticed that there was a group of people in front of me. I was just bored, if I didn’t go and look I would be an idiot.

So it was a young man selling Babao Candy having an argument with their customer. I’ve seen Babao Candy in my previous life, it is just candy that is made using a mixture of walnuts, pine nuts, almonds, peanuts and other similar nuts and sugar. This thing is very heavy, and the price is also ridiculously expensive, about ten kuai per 50 grams. Just a small piece would require, seven, eight or ten kuai.

What made me most surprised was that the customer buying the candy was Chen Weier!

“I asked you how much is it just now, you said ten kuai!” Chen Weier said.

“I did say ten kuai, but I didn’t say ten kuai per 500 grams!” The candy selling youth said.

“But this is too expensive!” Chen Weier said like she had been wronged.

“Expensive or not, you wanted to buy it, did I force you with a knife?” The candy selling youth snorted.

“Then I’ll just not buy!” Chen Weier said quietly.

“Not buying? You buy when you want to, and refuse to buy when you don’t feel like it, you think the market is your home?” The candy selling youth immediately got annoyed when he heard Chen Weier said she wasn’t going to buy it.

“That’s right, the candy’s already been cut, if you don’t buy it who are we supposed to sell it to?” The other youths with him started fanning the flames.

“Quietly, be willing and take out eighty kuai!” The candy selling youth said.

“Aren’t... aren’t you just robbing!” Chen Weier bit her lips and said angrily with a red face.

“You can’t say that, you got me to cut the candy, how am I robbing? Be careful with what you say girl!” The candy selling youth got even more annoyed.

Seeing the situation like this, I pretty much understood the goal of this bunch, they are just a group that scam people with word play, and doing so really cause you to be unable to actually pick out anything wrong.

“Don’t say anything, if you don’t give over the money today, then don’t think that you’re going to leave!” The candy selling youth slammed down the knife onto the table with a “pa” sound and said cockily.

I did see enough fun, if I just look anymore I think that Chen Weier will cry, thus I walked up, and said to those selling candy, “What’s going on?”

Seeing that I stood up for her, Chen Weier looked thankfully towards me.

“It’s none of your business here, wait on the said!” The candy selling youth said impatiently seeing that someone was being a busy body.

“What do you mean none of my business? Haven’t you heard that “Everyone mind everyone’s business?” I said uncaringly.

“Fuck, where did you brat jump out from, who didn’t let you out without tying up your pants?” The candy selling youth’s partners pointed at me and said.

“Please don’t use your fore finger to point at me, because when you’re pointing towards me, there are three fingers pointing towards yourself!” I remembered a sentence said in “Youth and Danger”.

“Ha—— Ha——” The moment words I said it, everyone in the surroundings including Chen Weier all laughed.

“Fuck, you’re looking to get beaten up right!” The candy selling youth shouted.

“Who’s looking to get beaten up? Fuck him, I can’t even feel fine playing pool. Let’s see whose acting so cocky?” A voice rang out, I could recognize this voice even if I turned into dust, it was definitely Guo Qing.

As expected, the crowd gave away a path the moment Guo Qing came over.

“Guozi-ge!” Those selling candy immediately calmed down, and said respectfully.

“Aiya, isn’t this Boss? Why are you here?” Guo Qing immediately noticed me, who was standing on the side.

I was going to faint, why does this brat come to ruin it every time something good happens, last time it was when I was going to kiss with Zhao Yanyan in the classroom, this time I was about to save a beauty, he came again.

“Hello, Lei-ge!” Those delinquents behind Guo Qing also recognized me, and immediately greeted me.

“What Boss, these few candy sellers are about to beat me up!” Since Guo Qing came, I won’t be able to save the beauty anyways, so I sold everything out.

Guo Qing stared at them, those candy sellers immediately came over and bowed, and kept asking us to forgive and forget, they had eyes but didn’t recognize Mt. Tai, don’t go onto their level, they nearly kneeled down for me.

“Okay now, what are you pretending to me? Where did the will to hit people go?” Guo Qing used the knife on the table, and casually cut off a piece of candy and placed it in his mouth, he chewed a bit and said to the few delinquent lackeys, “Fuck, this candy is pretty good, come and have a taste.”

Those delinquents weren't anyone someone easy to deal with, they were used to bullying people, and forcing people to buy and sell, now that their boss spoke up, they immediately surrounded them and started eating.

Guo Qing casually handed me the piece that Chen Weier wanted just now and said, "You wanted this right?"

I didn't refuse, and immediately took it over and handed it to Chen Weier.

"This isn't good right?" Chen Weier said. Although she also dislikes those people selling candy, she still couldn't do this kind of taking without paying.

"It's fine, take it, I'll give him the money later," Guo Qing ate another piece of candy and said.

Chapter 70 – Am I Dasao?

“Guozi-ge eating my candy is because you recognize me, how would I dare to take your money!” The candy seller stuttered.

“Fuck your mom, what do you mean by not taking the money I’m giving you?” Guo Qing said darkly.

“Yes-yes, then I’ll just accept the money for the cost,” the candy seller freaked and immediately changed his mind.

“That’s more like it, or else people will say I, Guozi, ate and didn’t pay,” Guo Qing reached his hand into his pockets, rustled around in it for a long while, and finally took out a few coins, and threw it to the candy seller.

“Is it enough?” Guo Qing asked.

“Enough, enough, this is too much!” The candy seller didn’t dare to say not enough, who doesn’t know Guo Qing’s name around the market, there is a sentence going around the vendors, as great as the tax bureau and industrial and commercial bureau it doesn’t compare up to one of Guozi-ge’s sentence.

“Is that so? It’s too much,” Guo Qing casually took back two kuai, and said, “It’s fine now right.”

“Yes, yes!” The candy selling didn’t dare to say anymore in fear of Guo Qing troubling him even more.

“Fuck, he really is a evil merchant, those three pieces of candy tricked three kuai from me!” Guo Qing swore.

Hearing that, the candy selling on the side nearly peed his pants, he said with a crying face, “Guozi-ge, please don’t mess with me anymore, I don’t want any money, I don’t want any money!”

“Then wouldn’t I be robbing you?” Guo Qing said in annoyance while taking back his three kuai.

“It’s xiaodi¹ that treated Guozi-ge to the candy!” The candy seller quickly said.

“Oh, that’s fine, thank you!” Guo Qing patted the candy seller and said with a smile.

“Boss, quickly go and eat candy in the corner with dasao, what are you still standing here for?” Guo Qing turned around, and smiled lecherously towards Chen Weier and I.

Chen Weier immediately blushed after hearing that, and quickly shook her hands, “I’m not — that — that dasao.”

“Wasn’t what your friend, Guo Qing, did a bit too much?” Chen Weier said to me.

“It’s not really too much, wasn’t it the same when they were asking you for money!” I said.

“That’s true, it’s good that those people got punished a bit, or else they would go and trick other people,” Chen Weier agreed with me seldomly.

“That’s right, why did you think of buying this type of candy? Haven’t you seen that these often trick people?” I pointed to the candy and asked.

“My dad always wanted to eat this type of candy, but he’s reluctant to buy it. Since I saw it coincidentally today, I wanted to buy some for him, I thought it was ten kuai per 500 grams, who knew it was per 50 grams,” Chen Weier said embarrassedly.

“Oh,” I nodded. “Why did you come out? Aren’t you selling Mala Tang?” I asked weirdly. It was nearly mealtime, why did Chen Weier come out at his tim?

“My older brother went over, and told me to come out for air, I also just wanted to go to the bookstore,” Chen Weier said.

“Oh? You’re also going to the bookstore?” I pretended to be surprised. It was very realistic, even I thought I was going to go to the bookstore.

“Yeah, you’re going too?” Chen Weier thought that I was also going seeing my expression.

“Then let’s go together, what a coincidence,” I said naturally, without pretentious expression. This type of lie was far too simple for a old business fox like me.

“Okay,” Chen Weier didn’t find it right to refuse after I said so. Since I just helped her out.

The two of us walked on the street, one at the front, one at the back. Originally we were supposed to walk side by side, yet Chen Weier always waited faster or slower than me. Perhaps Chen Weier thought that walking shoulder to shoulder would make us seem like a couple, making it too ambiguous.

Songjiang city’s Xuefu Bookstore was established in 1990, it was currently the largest bookstore within Songjiang province, it covered 3600 squared meters, and had a standalone garden and parking lot, the number of books it had was among the most in the country, it can be said that aside from pirated copies, all genuine books could be bought here.

“What book are you going to buy?” I said when Chen Weier and I got on the bookstore’s elevator.

“It’s going to be the National Matriculation Examination soon, I want to buy a few more revision guides,” Chen Weier said.

“Let’s go and have a look together,” I said. I remember I often visited this place when I was in the Third Year, now that I think about it, I did miss those books quite a bit, it was a chance to have a look at it with Chen Weier.

In 1995, revision material wasn’t all over the place like it was later on, but it wasn’t too lacking either, Xuefu Bookstore had an entire floor dedicated to selling revision material for students.

I saw Chen Weier pick up a function question bank, it was called “High School Worked Function Examples”, I’ve seen this book in my previous life, the questions inside were a bit different to the course, although the explanation was pretty good, it wasn’t very useful for the National Matriculation Examinations. Of course, I only found this out after attending the National Matriculation Examinations, because this book

was treated as a “bible” by some people in our class.

As expected, Chen Weier was immediately attracted by the contents of that book, and started reading enjoyably.

“Although this book does explain stuff in quite a bit of detail, but the questions within are a bit different to those of in the actual exam,” I said to Chen Weier. I felt like I did have to warn Chen Weier a bit, so she would walk less curved paths.

“Really? How do you know, a lot of studious classmates in my class strongly recommend this book!” Chen Weier said in disbelief.

“Because I’ve seen this book, and have compared it to various past papers!” It couldn’t be helped, I could only answer like this. Or was I supposed to tell her that I’ve seen this book in my previous life?

“Oh? You’ve read it? But this is a guide for Third Year?” Chen Weier looked at the student that just started First Year in disbelief.

“Yeah, I already self-studied all of the courses for high school,” I could only continue randomly making stuff up.

“You learnt all of the courses for high school!?” Chen Weier shouted in surprise, causing everyone else in the book store to look our way.

Chen Weier stuck out her tongue in embarrassment and covered her mouth with her hands. She was way too surprised just now that she became too loud.

“Ah, I remember! They say that our school’s first year has a genius freak, and got 493 marks in the mid term tests, Math, Physics, Chemistry and English were all full marks. I remember he’s also called Liu Lei, are you that person?” Chen Weier opened her mouth wide and pointed her finger at me.

“Probably,” I nodded unsure of what to do. However isn’t this name of genius freak a bit too ehh, why doesn’t it sound good.

“No wonder! So you’re this good! Then I’ll listen to you, I won’t buy this book,” Chen Weier’s gaze towards me became a gaze of admiration.

So being good in academics was so great in school, I said proudly to myself in my heart. It looks like this is an opening, I should talk about academics a bit more with Chen Weier, at the same time... Hehe.

After that, I recommended Chen Weier a few exercise books that were very helpful for me in my previous life, and one of them was even the exercise book with the most accurate questions for the National Matriculation Examination in Chen Weier's year.

When we were going to pay, I noticed Chen Weier was really slow in paying, and looked at me with a weird gaze.

Chapter 71 – The Money Brought Wasn't Enough

“Miss, it'll be a hundred and thirty two kuai,” the cashier lady repeated again.

“What's with you?” I asked Chen Weier weirdly.

“I... didn't bring enough money,” Chen Weier muttered quietly.

Hehe, so she didn't bring enough money! I was wonder why this chick had this expression, so she wants to borrow money from me, but was too embarrassed to ask.

I took out two hundred kuai from my pocket and handed it to the cashier lady.

“Thank you, I'll definitely pay you back next time,” Chen Weier thanked me after picking up the books.

“No problem,” I smiled, what's two hundred kuai, I've given you two hundred something thousand already.

“Then... I'm going back,” Chen Weier said to me after we went out of the book store.

“I'll take you,” I said.

“It's fine, I can get back myself,” Chen Weier shook her hands and refused.

“Okay then, take care,” I didn't force it, and just reminded Chen Weier.

“En, I got it,” Chen Weier nodded, and ran away with a red face. I turned around, and just wanted to go back, then suddenly notice Guo Qing was looking at me not too far away with a smile.

“Boss, you've done school beauty Chen Weier?” Guo Qing noticed that I saw him and immediately rushed over.

“Why are your thoughts so lecherous, we're just talking about studying!” I poked Guo Qing and said.

“That’s true, that’s true, the number one in first year and the number one in third year should obviously study together!” Guo Qing said.

“What? You said Chen Weier is first in third year?” I asked in surprise. This chick’s academic was actually unaffected by all the things she had to do for home.

“It can’t be, Boss! You don’t even know this! Chen Weier is the famous incarnation of beauty and intelligence!” Guo Qing didn’t believe that I didn’t even know this. However I truly didn’t know this, I always thought that girls like Zhao Yanyan, who were both beautiful and intelligent, were rarer than rare, I remember Zhao Yanyan was given such a title in my previous life, but due to an accident, which is me, she could only remain second.

In this period of time, every time I was with Zhao Yanyan, I would always feel unusually energized, without a hint of tiredness. I didn’t understand why this would occur, could it be due to me getting reborn? However old bro Yama didn’t tell me anything special about people that got reborn, and already told me clearly that I wouldn’t have superpowers.

“Liu Lei, aside from this world we live in, do you think there’ll be another world which is similar to ours?” Zhao Yanyan suddenly asked while she leaned on my shoulders.

“There probably is,” although I didn’t understand what she meant, but since people can get reborn, then it wouldn’t be a huge surprise if there’s another world.

“Then do you think that world will also have a Liu Lei and Zhao Yanyan?” Zhao Yanyan asked me while looking up at the ceiling.

“Another world? Another Liu Lei and Zhao Yanyan?” My heart leaped, and repeated these two phrases. This chick can’t have noticed that I have been reborn right?

“En. Do you remember that time in the hotel at Yanjing, when you told me that story?” Zhao Yanyan turned around, and leaned completely on me. This was a her favorite position when she was with me, just like a hug fried dumpling.

“I randomly made up that story!” I said.

“But I feel like that story is real!” Zhao Yanyan said affirmatively.

“Why do you say that?” I quickly asked.

“I’m not so sure, it’s just that I’ve kept on having this dream in this time period, I dreamt of another you and I, but the things that happened in the dreams have never happened yet feels oddly familiar,” Zhao Yanyan twitched her eyebrows and said to me.

“What did you dream of?” I could faintly feel that something wasn’t right.

“It’s not so clear, the Zhao Yanyan I dreamt of liked Liu Lei, but that Liu Lei wasn’t as much as sweetheart as you, he was essentially a block of wood. For example, you shook hands with me on the first day of school, but the Liu Lei in my dreams was very shy and didn’t reach out his hand in the end. Also...” Zhao Yanyan continuously gave me examples, and I was already shocked to the core.

Because I knew that what Zhao Yanyan said were not dreams at all! They were scenes that had occurred in my previous life!

There couldn’t be such a coincidence right! Could it be that due to my change, the things that should have happened now occurred in Zhao Yanyan’s dreams? But this doesn’t make sense, since history has changed, then those things were no longer history, why did they appear in Zhao Yanyan’s dream?

“Yanyan, can you tell me when you started having these dreams?” I stared into Zhao Yanyan’s eyes and asked seriously.

“What are you doing, your eyes are so scary!” Zhao Yanyan turned her face to the side, and didn’t look at me in the eye.

“Tell me quickly!” I said anxiously.

“I’ll tell you since you asked! It was ever since we came back from Yanjing, more correctly speaking it should have started during the few days in Yanjing... it seems to have-have started ever since you did that to me!” Zhao Yanyan said with a red face.

After her and I did that? Could I have just passed my memories of my previous life to her? That doesn't make any logical sense, it seemed like I had a one-sided crush on her in my previous life, it wasn't her who had a crush on me.

As expected, Zhao Yanyan also seemed to notice this issue, she thought about it for a moment, and said, "Liu Lei, do you remember the story you told me? The Liu Lei in it always loved Zhao Yanyan, and the Zhao Yanyan in my dreams always loved Liu Lei!"

"Okay, don't think so much into it! I think it might be something you and I thought up, wasn't there a saying that whom one thinks about during the day, is the one that dreams about come night!" I quickly tried to explain.

"Perhaps," I could see that Zhao Yanyan didn't really believe what I said.

Don't talk about Zhao Yanyan, even I didn't believe the explanations were necessary, but what could I do even if I didn't believe it? I really didn't know why something like this would happen to Zhao Yanyan, it was something I couldn't explain, now that Zhao Yanyan asked me, would I be able to explain it?

Everything started becoming weird following my rebirth, although I was still the same me, Zhao Yanyan was still that Zhao Yanyan, but it was like we were in a parallel dimension.

Regardless of me, or Zhao Yanyan, our personalities changed. Perhaps Zhao Yanyan's dream was the reason why she could fall in love with me so much.

If it wasn't for this dream, with Zhao Yanyan's personality, she couldn't have fallen that easily.

However, what made me didn't understand was that, I had been reborn, this was something I could be certain of. Yet Zhao Yanyan hasn't been reborn, she was still a person from this era! Furthermore, the Zhao Yanyan in my previous life should have had no interest in me.

Chapter 72 – Parallel World

Unless, there really was some misunderstanding here?

The Zhao Yanyan in my previous life, was actually always interested in me, it's just that I was too dense, and didn't realize it?

Thinking about this possibility, I had a cold sweat.

Although there was no way of proving this guess, and I don't know the truthfulness in it. Since that is something from the previous life, but once this thought has formed, it became something that I could not erase.

Now that I think more about it, Zhao Yanyan was a beauty among beauties, yet she could remain unmarried till she was thirty, that was a bit unusual.

Although there were many men that were often unmarried at the age of thirty something, since successful people often married late, but women that haven't married at thirty something was rarer than rare.

You can't say there aren't any, but there definitely wasn't a lot. Despite that, those women that didn't marry would still have boyfriends! Women like Zhao Yanyan who haven't even had a boyfriend at thirty something, either had mental issues, or it was due to some other reasons!

Thinking about those small moments in my previous life with Zhao Yanyan, although I didn't say much to her during school, I always kept an admiring attitude and looked up towards Zhao Yanyan.

With an inferior mindset, I felt like I would not be worthy of Zhao Yanyan, no matter how hard I tried to catch up, I always felt that there was a distance between her and I, this type of distance, wasn't something that simple hard work could make up.

Only until we started working, did I slowly began to take off, to the point that my position in the company gradually overtook Zhao Yanyan, only then did I recover my confidence.

Yet on the day I was preparing to confess to Zhao Yanyan, I received news of Zhao Yanyan's marriage!

This change that struck me as a heavy blow, caused my entire person to feel like it had fallen into an ice crevice, at that moment my brain was filled with deep regret and emptiness.

Yet I didn't think anything about it, I was muddleheaded the entire time throughout the wedding to when I died from alcohol overdose, I didn't think carefully about what was wrong about it.

Furthermore after my rebirth, I had intentionally avoided this period of history, and didn't want to touch upon this depressing past, and didn't think about any of the details.

However, since the topic has reached here today, I once again thought carefully about my previous life, and finally found something unusual!

Even if Zhao Yanyan and my assistant Xu Qingwei was getting married, why didn't I hear anything about it before? Nor did I see any hints about it?

Zhao Yanyan was someone I quietly watched over, if she had a boyfriend, was it possible that I couldn't have noticed any detail?

Furthermore, Xu Qingwei was my assistant, and someone by my side, if he and Zhao Yanyan had a lover's relationship, who I have not noticed? Was I just a blind person in my previous life?

I shook my head silently, and rejected this notion from the bottom of my heart. Despite my lack of confidence in my previous life, I wasn't an idiot, it was impossible for me to be incapable since I had reached the position of the regional company.

Then what was Xu Qingwei and Zhao Yanyan's sudden engagement for?

This was something I couldn't understand at all, but, in my heart, I thought of a possibility that made my heart jump! Perhaps, if it really was like Zhao Yanyan said, her in my previous life, was definitely interested in me, it's just that she was a girl, and was too embarrassed to

express it, and always waited for me to take the initiative, perhaps I... Chased after her in inferiority over and over again, without a single hint... This caused Zhao Yanyan to feel dispirited, perhaps she just casually chose a marriage partner.

Since she wasn't young either, at thirty something, a woman was no longer young, she couldn't delay any longer! Even if she wanted to delay, her family wouldn't agree.

However, all of this, was just my guess, there was a bit of regret, but fortunately the heavens did favor me a lot, and allowed me to return back to 1994, my high school era, and allowed me to restart my life.

This life I will leave no regrets behind!

Yet, perhaps, this was just my imagination, just like what Zhao Yanyan had said, outside of this world, there was another similar parallel world, her and I were in it as well, so were other people.

It's just that the story between them were different. Perhaps in the Zhao Yanyan and I in that world, were deeply attracted to each other, what Zhao Yanyan felt, was her thoughts from another world.

Of course, or maybe, Zhao Yanyan just muddled her dreams with reality, and throw her own thoughts into her dreams and affected it.

Thinking to this point, my heart finally calmed down... I was really worrying for nothing! Why did I think so much into it? It doesn't matter about the previous life, this life is the most important.

In this confusion, with a bit of sleepiness, I also gradually fell asleep.

“Ding —— Ding —— Ding ——” A clear telephone ringtone sounded out, and woke me up from my slumber.

Who's calling me right at noon, I immediately ran over to the living room and picked up the phone.

“Hello, who are you looking for?” I said in a habit.

“Leilei, so you're home! Your dad and I are going to be home really soon, open the door for us later, we're carrying too much stuff in our

hands!” My mom’s voice came out from the phone.

Why’s my mom back? Didn’t she and my dad go and visit my grandma? I remember in my previous life, the two of them stayed at my grandma’s home for three days, this was only the second day.

“Mom, why are you back so quick?” I immediately asked.

“Yeah, your dad said he’s afraid you’ll be bored at home, and there wouldn’t be anyone to cook for you, the two of us discussed it so we returned earlier. Your dad said you worked hard studying, so we just went to the farmer’s market at the market and bought you some fish, to make you something good to eat!” My mom said happily.

It can’t be? Was it because my academics improved in this life, so my parents are treating me better than before? But you don’t need to come back earlier right, isn’t this ruining things for me?

My mom saw that I didn’t reply and immediately asked, “What, Leilei, you don’t want your dad and I to be back earlier?”

“How could I, I do, I do! I’m just too happy, so I couldn’t react!” I immediately came back to my senses.

“Okay, then I’m hanging up! Although your dad’s phone bills can be claimed at the factory, we can’t waste it,” my mom said then hung up.

I hurriedly ran back to my bedroom, and woke Zhao Yanyan up at the as time as I got dressed. “Get dressed quickly!” I shouted.

“What is it? Is it dark outside?” Zhao Yanyan was woken so suddenly by me, and opened her sleepy eyes dumbly, and looked at me in confusion.

The Zhao Yanyan that just woke up, was indeed cute, but I didn’t have any time to observe in detail, and said to her in a hurry, “My mom is downstairs, she’ll come up soon!”

“What?! Your mom is back?” Zhao Yanyan suddenly jumped up from the bed, and rushed around to find her clothes, “Why didn’t you say so earlier? Aiya... What are we going to do?”

“I only just received the call!” I smiled wryly, “What else can we do, clean up hurriedly and then welcome them!”

At that moment, both of us were in an extreme hurry, we swiftly cleaned up the bedroom, then simply cleaned up the living room, until there were no suspicious traces did we let out a sigh of relief.

Just then, the doorbell rang. Zhao Yanyan and I looked at each other, it was lucky that we just finished cleaning up, or else we'll be in deep trouble.

I got Zhao Yanyan to pretend to be coming over to visit, and sent her to my room, then I stood up to open the door.

Chapter 73 – My Mom Is Back

“Mom, you guys are back!” I fixed the collar of my shirt at the last minute, and opened the door.

“Why are you so slow! Didn’t I already tell you to wait for us by the door!” My mom asked me weirdly after seeing me pant.

“This... there’s a guest over,” I said awkwardly.

At that moment, Zhao Yanyan also walked out of my with herself properly dressed, she said quietly when she saw my mom, “Hello Auntie!”

“Aiya! Leilei why didn’t you say that we have a guest earlier, do didn’t eat lunch yet right? Old Liu, wash the fish quickly, and hurry on making food!” My mom ordered, causing my dad to get through into the kitchen without even having time to change.

“Auntie, don’t get so busy, I’m alright,” seeing that my mom started to make lunch right after she got back, Zhao Yanyan immediately tried to stop her.

“It’s alright, even if you didn’t come we still have eat, let Leilei’s dad get busy, we’ll chat,” my mom said affectionately I was going to faint, what’s wrong with my mom, she’s getting even more enthusiastic than me after seeing a beauty, last time was Xia Jing, this time was Zhao Yanyan.

“Guinv, sit, don’t stand there! Leilei, quickly pour some water for your classmate, aren’t there drinks on the balcony, take it all here!” My mom roared at me.

“Auntie, it really is fine, I don’t need to drink water,” Zhao Yanyan immediately shook her hands.

“It’s alright, let Liu Lei busy himself,” my mom didn’t know that Zhao Yanyan’s heart would hurt even more with her working me so hard.

As expected, Zhao Yanyan gave a sorrowful look at me, I returned an “it

doesn't matter" smile to her. When I brought the drinks there, I heard my mom chatting with Zhao Yanyan, "Guinv, what's your name?"

"Auntie, I'm called Zhao Yanyan," Zhao Yanyan also relaxed quite a bit, and didn't have that restraint that she had before.

"Zhao Yanyan, this name is good. Are you in the same class as Leilei?" My mom asked while smiling.

"Yes, the two of us are desk mates," Zhao Yanyan answered.

"Oh, so you're desk mates! Desk mates are good, you can help each other in academics!" My mom took over the drink in my hand and passed it to Zhao Yanyan.

"Auntie, how does Liu Lei need help with his academics!" Zhao Yanyan started to make me look good again.

"Then let Leilei help you," my mom was also really happy to hear Zhao Yanyan praise me.

"Mom, just say a few less words, Zhao Yanyan is second in the year, she doesn't need my help," I also opened a bottle of drink, to be honest, I really a bit thirsty. The XXOO in the entire morning was physical exercise.

"Ahh, that's even better! One of you is first, the other is second, you have to communicate more in the future!" My mom already started holding hands with Zhao Yanyan in this short period of time.

"Leilei, go and help your dad out in the kitchen, don't just stand here," my mom found something for me to do when she saw me standing there idly.

I gave Zhao Yanyan a look to signal her not to say too much. Zhao Yanyan immediately returned a "don't worry" expression to me.

"Dad, you don't need to make so many dishes, enough is fine," I said to my dad, who was dealing with the fish.

"How can that be, we have to make it look better with a guest at home!" My dad placed down the cleaned fish, and started to heat the wok.

“Oh yeah, Liu Lei. Tell dad, what’s with that girl?” My dad finally had some time, and started to interrogate me.

“What do you mean what’s with her? She’s my deskmate!” I started to act dumb.

“Deskmate? If she’s a deskmate you would let her visit? You better be honest with me, do you like her?” I didn’t think my dad wouldn’t cut any corners and went straight to the topic, causing me to be unsure of how to reply.

“I—I—I—“ I really didn’t know what to say.

“Leilei, there’s no outsiders in the kitchen. Just the two of us man here, Dad is going to warn you right now, if you like her then tell her earlier, don’t drag it on. I can tell that girl is quite pretty, there must be no shortage of people that fancy her right? Children your age getting into a relationship isn’t anything special, your mom and I were also around your age when we met back in the day, your old man, I, will tell you one thing that, and that’s he who strikes first prevails, if it wasn’t I who confessed to your mom first, then you might not exist!” My dad said exultantly.

I was completely shocked after hearing that, is this still my dad? Why is he completely different from the serious and solemn father he usually was?

“Hai—— Hai——! Don’t space out, hurry up and help me wash the vegetables. Don’t tell what I told you to your mom, it’s our Liu family’s ancestral esoterica!” My dad coughed a few times and said to me.

Ancestral esoterica? Why haven’t I heard about it before? If you guided me like this in my previous life, then I might have gotten Zhao Yanyan at the time.

“Okay now, son! This chick isn’t bad, there’s nothing wrong with her looks, don’t disappoint your old man!” My dad clapped my shoulders, causing all the fish scale to stick onto me.

“I ——“ I felt so awkward that I didn’t know how I was supposed to

reply, was I supposed to say I already did it with Zhao Yanyan?

I helped out my dad familiarly, actually I know how to make all these dishes as well, since I didn't lack any chance to make them in my previous life, but I can't give away too much. Even so, my dad still praised me with a hint of confusion, saying that the vegetables are cut much tidier than before.

After the two of us got busy for a while, three dishes, a soup and a fish was very quickly placed on the dining table.

"Come over and eat!" My dad set the table, and said to my mom and Zhao Yanyan who were chatting happily in the living room.

My mom led Zhao Yanyan to the dining table with a smile, Zhao Yanyan's expression was also full of smiles. What did they talk about? Looking at their intimate expression, my mom couldn't have taken in another goddaughter right?

"Yanyan, you're hungry right, eat first, there's no need to care about anyone else! Treat this as your own home," my mom handed Zhao Yanyan a pair of chopsticks.

En? This phrase seemed really familiar, I remember the last time I visited Zhao Yanyan's home, Zhao Yanyan's mother also said this to me.

Thinking to this point, I raised my head, and noticed that Zhao Yanyan was looking at me, we smiled at each other, most likely she also thought of this.

I felt really confused the entire lunch, my mom kept on getting food for Zhao Yanyan, every time I wanted to reach my chopsticks over, my mom would take away what I was going to get, I even started thinking if she really gave birth to me. My dad didn't say much at the table, it was my mom talking most of the time, many times it was my mom that said something which caused Zhao Yanyan to laugh out loud after hearing it, while my dad and I remained confused, was this what they called women's topics?

Furthermore, what made me extremely annoyed is that, my mom didn't

just complain once about how she really regretted giving birth to a boy, it would be great if she gave birth to a daughter, not only could they chat normally, they can also go shopping together. Zhao Yanyan immediately said that she would often come over to my home and talk with my mom after hearing that, making my mom really happy.

Meanwhile, Zhao Yanyan would laugh sneakily like a cat that successfully stole fish.

Chapter 74 – It Would Be A Lie If I Say That I’m Not Jealous

I put on my clothes to send Zhao Yanyan home after eating, under my mom’s fierce demand. It was winter, and was the New Year, there weren’t much people on the streets, a girl alone was not very safe.

My dad was also on the side, smiling craftily, clearly it was to create an opportunity for me. Towards parents like these, I was already speechless. Good grades were really more important than anything, I’ve never seen them so cheerful in my previous life.

To be honest, even if my parents didn’t say anything, I would definitely send Zhao Yanyan back, this is my own wife, who’s going to care about her if I don’t?

When we just walked out of the compound, Zhao Yanyan placed her hand on my arm, and leaned in towards me.

“Heh, you’ve done my mom in!” I said in a displeased tone, I currently felt that my mom wasn’t my mom, but Zhao Yanyan’s mom. Just take the meal for example, not only did I barely ate anything, I had to pretend to be really full.

“Ai, you’re so stingy! Getting angry with me just because of this!” Zhao Yanyan pouted and said in a tone like she was wronged. “Aren’t I just trying to establish a good relationship with your mom so I can successfully become your legal wife in the future! What’s more, isn’t my dad done in by you? Look at how happy my he gets every time you go over!”

I sweat! So she still remembers about the legal wife thing, this chick is pretty smart, she knows that she has to pass by my mom if she wants to be my legal wife, as long as my mom agreed, then no other woman can take her place.

“What did you say with my mom?” I held Zhao Yanyan’s hand and

asked.

“Nothing much really, I just told her how we got to know each other,” Zhao Yanyan said with a smile.

“My mom doesn’t know we’re already together right?” I was scared that Zhao Yanyan accidentally said something about how I already ate her, then problems will arise.

“Who got together with you?” Zhao Yanyan asked.

“We didn’t get together? Who was it just now that wanted to be my legal wife?” I pinched Zhao Yanyan’s bright red cheeks and asked.

“Don’t flatter yourself, your mom was just selling you to me, and kept on talking about your virtues! Haha~ Liu Lei, we’ve been together for so long, why don’t I know you have this many merits?” Zhao Yanyan rocked with laughter.

“What did my mom say to you?” I couldn’t help but asked.

“I’m not telling you, haha, this is way too funny! Why couldn’t I see a single virtue that your mom said about you?” Zhao Yanyan laughed so much that she almost suffocated.

“Heh! Laugh, laugh some more! You’re not telling are you!?” I put my hands into the shape of a claw and started tickling Zhao Yanyan under her arms.

“Aiya~! Stop it, haha, quickly stop it, I’ll say it okay, haha!” Zhao Yanyan immediately surrendered after I started tickling her.

“What did she say?” I retracted my hands and said.

“Your mom said you’re honest, and didn’t like to talk. Although you’re a coward, you’re reliable! Haha! I forcefully withheld my laughter! You’re honest? Don’t like to talk? You’re cowardly? Hahaha! Liu Lei, how do you act at home? Why did you leave such an impression for your mom!” Zhao Yanyan laughed.

So it’s this! If I hadn’t been reborn, what my mom said was indeed the truth, but why did I feel like these aren’t any virtues? They are obviously

faults! I really don't know if my mom's helping, or ruining things. Thank god Zhao Yanyan is already mine, and what she said was only more laughing material.

"What else did my mom say?" I felt like that spoke for a long time, and not just these things.

"Your mom also asked me if I had in-laws etc., haha!" Zhao Yanyan said.

"Then what did you say?" I quickly asked.

"What else can I say? I just answered honestly," Zhao Yanyan said mysteriously.

"My young mistress, can't you just say everything at once! What do you mean answered honestly?" I really couldn't help it, why did girls pause so much when talking.

"Answered honestly means no, I'm not like Xia Jing, who's already decided by both your mom and the Lei family as their daughter-in-law," Zhao Yanyan glanced at me sourly.

Why was Xia Jing brought up again? Ai! I wonder how this chick Xia Jing is doing, it has been a month since she was brought back to Yanjing. There wasn't any news in the meantime, she didn't even call once, and then there's that annoying Lei Xiaolong, he pisses me off just when I think of him! Fuck, I'll speak to old bro Yama one day if I get desperate, and get him to send to xiaogui to end that Lei's life earlier.

I was originally in a joyful mood, when I thought of Xia Jing, it turned sullen. Although I hadn't been with the little beauty for long, only three days, but her figure couldn't be erased from my memories, whenever it is in the middle of the night, I would think of this little beauty that stayed on the same bed as me for three days, and about the ambiguous rubbing between us.

"What is it, hubby?" Zhao Yanyan also noticed my silence, and asked anxiously.

"Nothing really, I just thought of some unhappy things," I said. Just let

nature take it's course when it comes to Xia Jing.

“Do you miss Xia Jing?” Zhao Yanyan asked carefully.

“En,” I nodded and didn't deny it.

“Don't worry, Liu Lei. I have a feeling, Xia Jing will definitely return to your side!” Xia Jing embraced softly and said.

I caressed Zhao Yanyan's face that was frozen red, and kissed that little mouth.

“En... Meanie... This is on the streets!” Zhao Yanyan resisted a little and said unclearly.

I tightly embraced Zhao Yanyan, our tongues entwined together.

“Yanyan, thank you,” I said softly.

“Hehe, idiot! What are you thanking me for,” Zhao Yanyan said lovingly.

“I'm thinking about other women, yet you're not angry and is counseling me instead,” I caressed Zhao Yanyan's hair and said thankfully.

“Don't be a fool, it would be a lie if I said I wasn't jealous. Which woman wouldn't want their lover to be devoted to one? You're so excellent, it's hard to prevent others from seducing you! But we'll make it clear now, you can only have one Xia Jing apart from me!” Zhao Yanyan said calmly to me.

“Then what about Ye Xiaoxiao?” I looked at Zhao Yanyan with a smiling yet not smiling expression.

“Ye Xiaoxiao?” Zhao Yanyan momentarily blanked after hearing this name, and then said angrily, “Wow, you really have a relationship with Ye Xiaoxiao! I'm not going to care about you anymore.” However she still fell into my embrace.

“I'm sorry, Yanyan! I'm really sorry!” I didn't know what to say. “This mouth... Ai, why did I mention her now!”

“Don’t say anymore, I’ll support you. Who made it so that I like you so much,” Zhao Yanyan laid in my embrace, feeling my heartbeat and said softly.

Chapter 75 – Today in the Previous Life

The love I had for Zhao Yanyan was mixed with the memories and feelings from my previous life, but what about for Zhao Yanyan? We've only known each other for four months, her love for me could be said to surpass everything, I am her only one in her heart. I don't understand why Zhao Yanyan would be so dead set on loving me, supporting me, treating my pride as hers, and definitely supporting what I think is right. This was like an entirely different person compared to the Zhao Yanyan who was cold to any man in my previous life.

It was because of Zhao Yanyan's coldness towards men, that I took my time, waited without fear, and still didn't make up my mind to confess. Until she was about to get married with Xu Qingwei, I was unable to see any hints. If she had Zhao Yanyan's current personality, then she should have stuck to Xu Qingwei everyday! I don't understand if Zhao Yanyan changed, or if the Zhao Yanyan in my previous life and this life were two different people.

"Why are you so good to me..." I whispered lightly while embracing Zhao Yanyan.

"Your question is pointless, towards your loved one, do you really need a reason?" Zhao Yanyan giggled after hearing it.

"I'm being serious with you, don't laugh," I said seriously.

"Okay, serious then serious! Let me tell you, I think I already liked you in my previous life," Zhao Yanyan said seriously.

"Previous life?" I repeated weirdly.

"En. Do you remember the dream I told you just now at your home? I had that dream when I was sleeping again," Zhao Yanyan said.

"What did you dream of?" I asked urgently, was the original history really going to continue in Zhao Yanyan's dreams?

"I dreamt that we both got into Huaxia University, but we didn't seem

to be in the relationship we are in now, I loved you a lot in my dreams, I felt that you also seemed to like me yet that might be a mistake, basically the feelings between us two were weird! Then you woke me up!” Zhao Yanyan would always twitch her eyebrows whenever she talked about the dream.

The speaker has no particular intention in his words, but the listener reads his own meaning into it! My body shuddered! This wasn't a dream at all, but truth that has happened! Furthermore if it really was as Zhao Yanyan said, could it be that Zhao Yanyan always loved me in my previous life? Then why would she marry Xu Qingwei? A bunch of questions popped into my mind.

“Liu Lei, what is it?” Zhao Yanyan asked me caringly after seeing my seemingly painful expression.

“Nothing much, I just thought of something,” I answered perfunctorily. My mind was in a mess, and could not calm down to think about any questions. Thinking back to the bits and pieces between Zhao Yanyan and I in my previous life, the depression, and pain Zhao Yanyan showed right before I died, perhaps she truly loved me?

I was silent the entire way. Zhao Yanyan didn't disturb me either, and only until we nearly reached the entrance of Zhao Limin's mansion did she say to me, “Don't think too much about it, I just won't talk about that dream anymore!” Then she flew into my embrace, her mouth kissed me on my cheek, and said, “I'm going back, Liu Lei, I love you!”

Yeah, why am I thinking about it so much? No matter what, I already possess Zhao Yanyan for real now, and obtained all of her love. No matter what the previous life was like, the Zhao Yanyan in this life will always be mine alone, this is already enough, what else was I dissatisfied with, unhappy with? It doesn't matter if the Zhao Yanyan in front of my eyes is the Zhao Yanyan from my previous life, my love for her was definitely real, I had turned all of those thoughts from my previous life into my love for her. The Zhao Yanyan right now is the one I love most in this life. My mood brightened up in an instant.

I reached my hand and pulled Zhao Yanyan, who was about to leave, and hugged her tightly, then whispered softly beside her ear, “Yanyan, you are the one I love most in this life.”

Zhao Yanyan replied passionately after hearing that, and stuck her body onto me, and kept on nodding.

Time slipped by us, even in the cold wins, we could still feel each other's body heat.

“Kiss me...” Zhao Yanyan closed her eyes, and whispered softly beside my ear.

I kissed her passionately without any hesitation. Our movements were already going crazy, this was the first time Zhao Yanyan and I kissed so fiercely, the desires in our heart exploded in that moment.

In the ice cold surroundings, Zhao Yanyan and I were still covered in sweat...

“Di—— Di——“ Suddenly a car horn rang beside us.

The focused Zhao Yanyan and I jumped, and our bodies subconsciously separated.

Fuck, who is this, a car makes you somebody? I'll buy a bulldozer, no an armored car, another day, and send you flying. Just as I raised my head in anger, I noticed the one who interrupted us was Zhao Junsheng's Honqi car.

“Hai...! Hai...! I won't mind you youngsters' business, but you can't do it on the streets, and treat it as if no one's around?” Zhao Junsheng rolled down the windows, and stuck his head out.

“Dad~!” Zhao Yanyan said embarrassedly as she stomped the ground.

We walked to the side of the car, Zhao Junsheng opened the door and said, “Get in the car.”

Zhao Yanyan and I sat on the back row, when I got on the car, I used an extremely tiny voice and said to Zhao Junsheng, “You are to ruin the board director's good thing, be careful of me firing you.”

Zhao Junsheng didn't take heed to it, laughed a bit and replied, "If you fire me, I'll get my daughter to deal with you."

I wanted to say something more, but Zhao Yanyan already got on, so I could only close my mouth. Currently, Zhao Yanyan didn't know my real identity, she only know I made an input method and cooperated with Zhao Junsheng's company, as for the newly established Shuguang Corporation, Zhao Yanyan thought that Zhao Junsheng had done it all by himself. She didn't even know that she had 10% of the company's shares.

"It's the winter, and look at you two, covered in sweat! Quickly wipe yourselves!" Saying that, Zhao Junsheng handed two paper towels to us.

Zhao Yanyan and I rubbed off the sweat on our heads in embarrassment, Zhao Yanyan also shyly dipped her head down, and seemed to want to stick her head into the down jacket.

"Have a seat with us okay? Don't catch a cold!" Zhao Junsheng saw that I was really hot, and so he said to me caringly.

"Okay, I'll also go and see Grandpa Zhao," I said. I would definitely catch a cold if I returned like this, it was better to rest a bit.

"Hehe, your Grandpa Zhao told me he misses you a lot, and since you came by yourself, just the chance to eat together!" Zhao Junsheng said with a smile.

This was a good idea, I became the guest here, since I didn't get to eat till I'm full at noon, I stuff myself full tonight.

Chapter 76 – It Looks Like I Got Tricked

“Dad, Xiao Liu came over!” Zhao Junsheng shouted upstairs the moment he entered.

Without a long time passing, Zhao Limin came down in a thick coat, he immediately greeted me and waved after he saw me, “Xiao Liu, you came! Have a seat!”

I changed my shoes, and said respectfully, “Hello Grandpa Zhao!”

“Good good! Drink a little bit of water first and sit down Xiao Liu, I’m playing go with an old friend upstairs, I’ll come down later,” Zhao Limin said to me.

“Dad, let Xiao Liu accompany you upstairs, Yanyan and I will help Yuma cook, Xiao Liu will eat dinner with us tonight,” Zhao Junsheng suggested.

“That’s good! Xiao Liu, come and give some ideas for Grandpa, so that fellow old Ye would stop acting so high and mighty, let the two of grandpa and grandson slaughter him till he has nothing left!” Zhao Limin smiled and said.

I sent a questioning gaze towards Zhao Yanyan, but Zhao Yanyan shook her head, meaning that she didn’t know who Grandpa Zhao’s friend was.

I followed Zhao Limin upstairs, I don’t know what’s the meaning behind Grandpa Zhao’s words, slaughter him till he has nothing left, was it courteous words? Or did he really think that? It was really hard to understand an important person’s words, I’ll see when it comes to it, worst come to worst I’ll pretend to be an idiot when he asks me for advice.

We arrived at a small study on the second floor, there was a fifty-something years old man inside, who was sipping tea and gazing at an incomplete match of go.

“Old Ye, I’ll introduce this lad to you! Liu Lei, young and promising!” Liu Limin pointed at me and introduced.

“Oh? There aren’t many young people that can get into your sights, Elder Zhao! This lad is definitely not normal!” Old Ye said.

“How so, it’s all Grandpa Zhao’s favor, Y...” I wanted to call him Grandpa Ye, but this guy’s age didn’t seem like a grandpa.

“Hehe, just call m Ye-bobo, I’m younger than Elder Zhao, and my daughter is also around your age!” Ye-bobo said.

“Haha, Old Ye, don’t you get anxious every time you mention your daughter? Who forced you to have a child so late, my granddaughter is nearly getting married, your daughter still didn’t find any in-laws right!” Zhao Limin ridiculed.

“Elder Zhao, I respect you since you’re older than me, and we were also comrades back in the army, but you can’t always make fun of me with this! But my daughter is worrying, she’s all grown up now yet she hasn’t even had a boyfriend!” Ye-bobo sighed.

“Ai... Old Ye, where’s your eyes looking at, Xiao Liu is our family’s Yanyan’s boyfriend!” Zhao Limin ridiculed.

“Don’t worry, Elder Zhao, how could I fight you for your grandson-in-law!” YE-bobo smiled and said.

“Come, Xiao Liu, help grandpa to have a look, where should I place the next piece?” Zhao Limin said to me.

I already looked at the match after entering the room, the black side clearly had less pieces than the whites, and Grandpa Zhao was using the black pieces, if you just viewed it from that perspective, Grandpa Zhao was more likely to lose than win. However playing go was all about balance, you have to look at things from a broad perspective, there are a lot of white pieces, but a lot of them were useless, if the blacks could take the initiative, then who would win was still unknown.

But I didn’t dare to just say things, who knows what these two old fellows were thinking. If I said the right thing, what if Grandpa Zhao

thought I made him lose face, if I said the wrong thing, he might think I'm an idiot. It looks like the spectator shouldn't speak had some logic behind it.

Thus I said, "Grandpa Zhao and Ye-bobo are playing go, wanbei doesn't dare to speak."

"It's alright, just say it, since grandpa has nearly lost!" Zhao Limin waved his hand and said.

"Hehe, Elder Zhao, you still have a bit of self conscience! I thought you deliberately found a younger generation to play with me in order to cover up the fact that you lost!" Ye-bobo said.

"Heh! Xiao Liu, you play with him! You have to beat him, I won't marry my granddaughter to you if you lose!" Zhao Limin said angrily!

I sweat! What kind of condition was this? This is a blatant threat! Isn't making me do something that I can't do?

Ye-bobo saw my awkward expression and said, "It's alright, Xiao Liu, relax and play go with me! If your wife's gone, then I'll marry my daughter to you! My daughter is like flower and silk, definitely not worse than his granddaughter!"

"Look at you! Look at you! You have a ploy from the start! Your fox tail finally showed itself! You really were having ideas about our Xiao Liu!" Zhao Limin pointed at Ye-bobo's nose and shouted.

I sweated once again! Why did these two fifty-sixty years old old men act like kids, making jokes about these things? What's more is that my love life is already messed up as it is, Xia Jing, Ye Xiaoxiao, Chen Weier's things already caused Zhao Yanyan to have put up with me over and over again, if another one comes, Zhao-yatou might rip me to shreds.

Seeing as I didn't say anything, Zhao Limin said solemnly, "I order you as your future grandpa-on-law, go and slaughter your Ye-bobo until he has nothing left.

I faint, I really couldn't refuse now that Zhao Limin has said this, I could only sit beside the board, and said, "Ye-bobo, please take no

offense!”

Very quickly, I got into the zone.

The entire board was under my control, defeating Ye-bobo was just a matter of time, but I wouldn't be giving him any face if I beat him right? Since he is an elder, and also Grandpa Zhao's war buddy. I know the idea of war buddy, although they aren't brothers, but are as close as brothers, all of them. Although they were just kidding, if he really lost to me, this wanbei, even Grandpa Zhao would feel awkward!

However if I lost, not only Grandpa Zhao's face couldn't deal with it, what if he got desperate, and really refused to marry Yanyan to me, then would I die of regret? I really regret accepting Zhao Junsheng's demand to come here and have a seat.

A single mistake truly causes lasting sorrow! My mind was furiously spinning, calculating my next move! I couldn't lose, nor could I win, then I could only draw. Finally at the moment my brain cells were about to dry out, the game of go between Ye-bobo and I ended.

Looking at the equal black and white pieces on the board, I pretended to be sorry and said, “I didn't think that even though wanbei did all he could, I still lose my wife.”

“Xiao Liu! You truly did all you could!” Ye-bobo exclaimed, “You really think us two old men couldn't tell? You could have won ages ago if you wanted to! A mess of a game could actually be played to a draw by you, I really am suspicious if you are a computer!”

I faint, I hid it so well, but was still found out by them, don't mention how awkward this is! The good will I had turned to deliberately playing around! Who did I piss off? First I was nearly caught on bed, then I was starved, and now I was randomly caught to play go! Today really is an unfortunate day!

Chapter 77 – Something Happened To Chen Yong

“Xiao Liu, don’t blame yourself too much! It’s a good thing for young people to hide their own talents, but not too much, doing so too much would be being fake!” Zhao Limin said to me.

“Wanbei understands!” I said respectfully. Looking at Grandpa Zhao’s expression, he seems rather pleased with me.

“How is it, Old Ye! Now you’re convinced from your heart right!” Zhao Limin said proudly.

“I am convinced from the heart, but Elder Zhao, we have been friends for so many years, even if we aren’t brothers, we’re close like brothers right?” Ye-bobo said.

“Yeah, back in the days when we were fighting Vietnam, the two of us came out from the same trench, I have always treated you as my real didi!” Zhao Limin exclaimed.

“Then say, isn’t my daughter your real niece?” Ye-bobo said, then a crafty smile appeared on his face.

“About this, I suppose she is!” Zhao Limin could faintly feel something amiss, but still answered.

“So, for my daughter who’s also your real niece, I’ve decided that, I will definitely fight over this son-in-law with you!” Ye-bobo said and slapped his thigh.

Suddenly, I saw a smile that would only appear when their ploy worked flash across Zhao Limin’s face, although it was just for a split-second, I still saw it.

The fuck? These two old fellows couldn’t have worked together to trick me right? Why do I feel like I’ve been tricked?

That night, Ye-bobo said that he had something else to do, and left. I wanted to ask Zhao Limin several times what Ye-bobo actually does, but

didn't know how. On one hand it isn't very polite, but most importantly this Ye-bobo actually wanted to marry his daughter to me, I didn't want to have too much relationships with him.

That person called Yu-ma made delicious dishes, as expected of Grandpa Zhao's personal assistant, I don't know if it was because I was hungry, or because Yu-ma's cooking was spectacular, the food was actually more delicious than good I've ate in five-star hotels in my previous life.

I finally felt the feeling of being an important guest, which Zhao Yanyan felt in my home at noon, at Grandpa Zhao's home, the whole family kept on giving me good, after the dinner, my tummy was totally round, and I kept on burping.

After dinner, Grandpa Zhao wanted to find a car to send me back, but I rejected the offer. This was the night of a festival, even drivers had to rest, it was fine if I called a cab, it's not like I didn't have any money.

When the taxi passed by the market, I suddenly had an urge to go and see Chen Weier.

"Just stop at the market place in front," I said to the taxi driver.

"Ah? Didn't you want to go to Huaxing Compound?" The driver asked.

"Not now, I'll get off here," I said.

The driver didn't say anything else and directly stopped the car in front of the market place. At this time, there wasn't a fare meter for cabs yet, it was five kuai anywhere you went, the closer you went to happier the driver got.

I paid the fare, then hurriedly got off. I momentarily blanked without even walking a few steps, the scene in front of my eyes freaked me out. Chen Weier's family's "Chen's Mala Tang" sign was broken on the floor, the pot for Mala Tang was also flipped over, the seasoning and coriander where everywhere. Chen Weier and her mother were hugging each other and crying.

I quickly went in front of them and asked anxiously, " Weier, what

happened here?”

Could it have been done by the delinquents on the street? That's impossible, Guo Qing was the true head here, there were any rascals that dared to make a move on people protected by Guozi.

“My older brother was just arrested!” Chen Weier looked at me, and couldn't hold in her sorrow and started crying.

“Don't worry, Weier, don't cry for now, tell me exactly what happened!” I quickly comforted her.

After the incident the previous day, Chen Weier naturally developed a bit of reliance on me, seeing I say that, she wiped away her tears, then choked, “Yang Kaiyuan came just now, I didn't mind him, so he started making a move on me, then my older brother couldn't watch it anymore and started fighting Yang Kaiyuan, my older brother accidentally caused Yang Kaiyuan's forehead to bleed. We've caused a huge issue, that Yang Kaiyuan first got a bunch of people to ruin our stall, then they ran away, and immediately afterwards the police came, and said that my older brother was suspected of grievous body harm, and arrested him!”

Hehe, so it was all planned. It looks like both parties were asked here by that brat Yang Kaiyuan, or else how would there be as coincidental as the police coming the moment the criminals left.

“Did the police that arrested him say where they were from?” I asked.

“I don't know, my mom asked them, they didn't reply. They directly handcuffed my older brother and forced him onto the car!” Chen Weier shook her head and said.

“However, they say that Yang Kaiyuan's dad is an important official in the police station, there's eighty-ninety percent chance that they're together!” Chen Weier's mother reminded.

I now know most of the situation, it was clearly the job of that brat Yang Kaiyuan, I think the next step is threatening Chen Weier to do as he says by putting Chen Yong in jail right? This wishful thinking was pretty good, but the mistake he made was that he made a move on

someone he shouldn't have, he will definitely pay for this.

"Okay Weier, clean up with your mom and bit, and come with me!" I said chicly.

"To do what?" Chen Weier asked.

"To ask for him at the police station!" I said casually.

"What? Ask for him at the police station? Liu Lei, have you made a mistake! The police station isn't somewhere normal civilians like us can enter! Your friend Guo Qing is okay with dealing with delinquents, but that's the police station! Furthermore those are all Yang Kaiyuan's people!" Chen Weier said in disbelief with her mouth wide open.

"Do you believe me?" I asked Chen Weier.

"..." Chen Weier stayed silent a bit, although she didn't say anything, she still pulled her mother up.

I reached out and stopped a taxi, and then got on.

"To the police station!" I said to the driver.

Right after entering the police station, we were stopped by a little police on duty, "You three, what are you going here?"

"I want to ask, did you just arrest someone?" I asked.

"There's no need for me to tell you whether we arrested someone or not, scram if you don't have anything to do, otherwise I'll arrest you all!" The police said.

I ignored him, and took out my mobile phone from my pocket and dialed Jiang Yongfu's number.

"Hey, Chief Jiang, I'm Liu Lei," I said bluntly to the phone.

"Aiya, it's Brother Jiang, what did you find me for?" Jiang Yongfu quickly said.

"I am downstairs at the police station, the person on duty isn't letting me in," I said into the phone.

"What thing troubled Brother Liu to come personally, isn't it fine just to

call me!” Jiang Yongfu said with false displeasure.

Chapter 78 – Bad Luck's About To Occur To Yang Shuguang

“A friend of mine was arrested by you people, would it be fine if I don’t come?” I mocked.

“Is that so? Just wait, I’ll immediately come down!” Jiang Yongfu hung up the phone. He was swearing in his heart, which idiot pissed off this important person again, now he came personally to ask for the person.

Right after I dialed the phone, the police that’s on duty on the side’s attitude turned a hundred and eighty degrees around, and respectfully led us to the sofa in the duty room, and poured us tea and water. From the looks of it, a person that can get the chief to come down with a call would definitely not be normal, if he pissed him off then the chief wouldn’t let him off.

On the other hand, Chen Weier and her mother that were by my side were looking at me unbelievably, it was as if this was all impossible.

Before long, Jiang Yongfu ran out with his face full of sweat. After seeing where I was, he hurriedly came over and shook hands with me, “Brother Liu, I’m really sorry, I’ll immediately check for you, what is your friend’s name?”

“Chen Yong,” I replied.

“Xiao Wu, who was brought back just now?” Jiang Yongfu said to the police on duty.

“The Defense team Captain Yang just brought someone back, I’m don’t know of it’s the person this... ge is talking about,” the police answered. Originally he saw that the person in front of him was even younger than him, but the chief already called him Brother Liu, so addressing him as Liu-ge definitely wouldn’t be wrong.

“Where did he bring him?!” Hearing that it was Yang Shuguang who arrested him, he felt that his lungs were about to explode! Last time he

pissed someone off was because of this Yang Shuguang, he didn't think that not long later, this guy poked another hole for him.

"The interrogation room on the third floor," the police said.

"Brother Liu, wait here for a moment, I'll go upstairs and have a look!" Jiang Yongfu said.

"Never mind that, Chief Jiang, I'll go upstairs with you, I have tasted the handiworks of the one with the surname Jiang. Don't let my friend get electrocuted to death!" I said bluntly. Hearing that, Jiang Yongfu's face became pale, he probably had the intention to murder Yang Shuguang by now.

At that moment, Chen Weier and her mother were looking at me with an astonished look. You have to know that I was talking to the police chief, and from the tone I'm using, I'm not leaving any face for Chief Jiang. Even Chen Weier couldn't believe that this schoolmate that's younger by two years was someone that dipped in both black and white. Yesterday was not distinguishing between you and I with an underworld boss, today was calling each other brothers with the police chief. Chen Weier couldn't help but become curious about the person in front of her.

I went upstairs Jiang Yongfu to the first floor, and arrived at the door of familiar interrogation room.

"Kuangdang", the door to the interrogation room was kicked open by Jiang Yongfu. I rushed forward, and saw that Chen Yong's left hand was cuffed in the water bath as expected, a police was poking the electronic baton into the water. Yang Shuguang was smoking like a boss on the side.

"Fucking hell!" Seeing this scene, Jiang Yongfu sent the electronic baton in the police's hands flying with a kick, then stared at Yang Shuguang solemnly, "You really can't remember things? Who authorized you to arrest people?" The moment they entered the interrogation room, Jiang Yonfu already decided to sacrifice this bastard, Yang Shuguang, who only caused trouble for him.

"Chief Jiang, this person beat my son into the hospital!" Yang SHuguang explained.

“Beat your son? Why didn’t he beat mine, why did he have to beat your’s?” Jiang Yongfu retorted. He clearly knew that Yang Shuguang’s son, Yang Kaiyuan, was like, he pretty much does every sort of bad things from tricking to lying, from dine and dash to hiring prostitutes, to gambling, if it wasn’t Yang Shuguang looking out for him, this brat would have been in jail who knows how many times.

“About this...” Yang Shuguang still wanted to explain, but seeing the furious expression on Jiang Yongfu’s face, and me on the side, the words wouldn’t come out of his mouth.

“Take off your uniform, hand over the badge and baton of the defense team, then write a report for me when you go back, you are temporarily suspended!” Jiang Yongfu said with a displeased expression.

“Chief Jiang, look... I...” Yang Shuguang’s eyes were wide open, and looked at the old chief in front of him in disbelief. He was about to be suspended due to just arresting someone?

“There’s no need to say anything!” Jiang Yongfu snapped. Then he turned around and said to me with a calm tone, “Brother Liu, I wonder if you are satisfied with this result?”

Yang Shuguang was rather confused when he saw me earlier, now he understood, the one who wanted to deal with him was me. And this Chen Yong must be mine. Seeing the polite attitude that even Jiang Yongfu had towards me, it was natural for bad things to happen to him.

Yang Shuguang clearly understood the issue between him and I, and knew that I wouldn’t let him off easily. Thus he asked dispiritedly, “Chief Jiang, if you’re going to sentence me to death, then at least let me die understandingly, what exactly is this person’s identity?”

“Identity? Nothing special really, he’s just the son-in-law of the CEO of Shuguang Corporation, which is also Elder Zhao’s grandson-in-law. Of course, our police station is also a just place, even if he’s a normal person, I would deal with things by the book!” Jiang Yongfu said justly.

Yang Shuguang finally understood why Liu Ran fell so easily, it was because the provincial officials backing the situation.

Chen Yong's handcuffs were taken off by the police with a keen eyesight ages ago, Chen Weier rushed over anxiously and helped him up, "Ge, are you okay?"

Chen Yong shook his head, "I'm fine, your older brother's body is strong. This kind of small punishment is no big deal!"

Only then did Chen Weier come back to herself and look at me in disbelief. She didn't think that a first year that seemed to be just slightly cocky actually dealt with the problem, and that Chief Jiang also seemed to fear him quite a bit. What kind of person is he exactly? Oh yeah, Chief Jiang just said he is the son-in-law of the CEO of Shuguang Corporation! But how old is he, how can he be someone's son-in-law, she must have misheard it! Chen Weier subconsciously comforted herself, but why did she think like that, she didn't know either.

After saying farewell to Chen Weier's family in front of the police station, Jiang Yongfu wanted to send a police car to send me back. Because Chen Yong's body was just electrocuted, making it still a bit weak, I got him to send Chen Weier and them back instead.

Chen Weier's mother continuously thanked me, after Chen Yong found out that I saved him, his gratefulness towards me increased massively, it's just that Chen Weier and their mother were still at the side, so he didn't say anything.

The happiest here was Chen Weier, twice she had been in trouble, and my sudden appearance had saved her both times.

After waving goodbye to the three people, Chen Weier and them got on the police car that Jiang Yongfu called.

Chapter 79 – The Thing's About To Be Exposed

Hehe, this Yang Shuguang is dealt with, now just that Yang Kaiyuan that have ill intentions towards Chen Weier left. He dares to harass a woman I decided on, let's see how I play you to death. Aren't you in hospital? I'll let you stay there a few more months.

Right before I left, I said to Jiang Yongfu, "How do you plan on handling this Yang Shuguang?"

"Handle yet, isn't it over when I find a chance to fire him! He isn't official anyways, it's just that it'll be hard to explain to his Yuefu's side," Jiang Yongfu said uncaringly.

"Fire? I fire that this isn't a good method! Yang Shuguang has been the defense team captain for so many years, he must have quite a lot of contacts in the society, he might get desperate and cause trouble for me. It'll be fine for me, but I'm scared that he would make a move on Chen Weier's family!" I twitched my eyebrows and said.

"That's true! I didn't consider enough! Then what do you think, Brother Liu?" Jiang Yongfu said humbly. Actually all he did was push this troublesome problem to me.

Did he think I wouldn't notice this? However I had a plan in my heart ages ago, I gave off a villainous chuckle and said, "I heard that the traffic police force in our Songjiang city lacks people, and is employing traffic wardens, it's more or less the same as the defense team!"

"Haha! Brother Liu's move is truly great! I'll transfer him to stand tomorrow," Jiang Yongfu agreed.

Yang Shuguang probably could never imagine in his dreams that his entire future was decided in these few sentences between this pair of old and young people.

I laughed coldly in my heart, this Yang Shugong got used to being in a comfortable place, transferring him to stand on the streets now will tire

him out within a few days, by then don't talk about taking revenge on me, whether he could protect his son would be a problem.

When I got home in a taxi, it was already nine-something a night.

I noticed the atmosphere was not right the moment I got home, I was very confused. My dad and mom were sitting on the sofa with a darkened expression.

"Dad, mom, I'm back!" I smiled and greeted them.

"Back? You're capable, Liu Lei! Mom didn't realize you brat is all grown up right?" My mom threw out a sentence that was neither hot nor cold.

"Hehe, I just conveniently ate at Zhao Yanyan's home, so I came back late!" I explained with a smile.

"Who said you came back late?" My dad interrupted.

It's not because I came back late? Then why? I don't think I didn't do anything severe that endangered the society, or endangered the people right? These few tests were great, and I've been more obedient at home...

"Little bastard, you tell me what this is!" My dad picked up a white thingy and waved it around in mid-air.

What is that? It looks like a bra? Why's my dad holding that? Thus I said in confusion, "Dad, what are you holding mom's brassiere for?" I subconsciously decided that was my mom's, because my mom's the only woman in the home, my dad definitely wouldn't be perverted enough to collect these.

"This is your mom's? Whether it's your mom's or not, do you think she wouldn't know? Your mom picked this up from under your bed when she was cleaning up your room just now!" My dad threw that bra onto the tea table and roared at me.

My first reaction was, shit! Zhao Yanyan and my thing got exposed! At that point I faintly recall that Zhao Yanyan didn't find her bra when she got dressed in the morning, because we were rather rushed, and didn't look for it carefully, so Zhao Yanyan just didn't wear it at all. Since it

didn't have much effect whether she wore it or not. However I never would have thought that my mom would go and cleanup my room!

What kind of excuse should I use to get over this? My mind was furiously turning.

"You're really good! You've got guts! What did you do to their guinv?" My mom didn't give me any chance to think, and said like a machine gun.

"I-I didn't do anything!" I didn't know what to say.

"Liu Lei, dad's not scolding you, it's normal to have feelings between boys and girls at this age, your mom and I don't disagree with going out a bit. However you can't cross the line right? Say, if the girl's parents noticed and came here, where are your mom's and my face suppose to be!" My dad eased the atmosphere.

"Yeah! Leilei, how old are you now! You two just started first year, and have to go to university in the future, can you promise that you'll always be together with that girl? Once you separate, the one who suffered losses is the girl! You are harming her!" My mom also agreed.

Ai! It looks like my mom still doesn't understand the feelings between Zhao Yanyan and I. We cannot be separated, only I would understand the love Zhao Yanyan has for me which is scorched into her heart. It would be even more impossible for me to abandon Zhao Yanyan, would I be unclear about why I got reborn!? However my mom would not understand even if I told her this.

"What's more, even if you two do stay together in the future, do you have the ability to support her? That Zhao Yanyan's family background definitely isn't bad, just the Lee pant and the Bosideng down jacket that she's wearing, and this bra, are all things our family don't even dare to think about, your mom, I, can't afford it, the most I can do is just try it on and enjoy it a bit when I go to the mall! Now you've done that with her, what is she supposed to do in the future? Suffer with you?" My mom didn't give me a chance to take a breath, and continued on.

"I..." What was I suppose to say, was I supposed to say that my assets

now amount to several billion?!

“Does Zhao Yanyan’s parents know about your relationship?” My mom asked.

“They do,” I nodded and said. “I just had dinner at her place.”

“Her parents didn’t object to you two being together?” My mom’s tone was much calmer.

“No, her family like me quite a lot,” I said. Bullshit, I’m Zhao Junsheng’s boss right now, would he dare to object!

“Then they don’t know what you did to their daughter, wouldn’t they kill murder you after they know!” My dad snorted.

I don’t think so? Today that Ye-bobo seemed to want to snatch me away.

“Okay now, your mom and I want say anymore, since it already happened, there is no use scolding you. Just be more careful in the future, and don’t let the girl’s parents chase you up here,” after saying that, my dad took out a small paper box from a paper bag on the tea table, and handed it over to me, then said, “I don’t have to say what this is right?”

I looked up and noticed that’s a box of Double Butterfly condoms! I awkwardly received it, and though that was close! My mom only cleaned my room and didn’t check it, there are quite a few more boxes of these in my drawer!

“And this!” My mom handed Zhao Yanyan’s bra that was on the tea table to m. “Give it back to her the next time you see her! This brand costs several hundred kuai!”

I sweated, and received the bra. Why is this thingy so expensive!

Chapter 80 – Buying A Car

I quickly returned to my room, just after I entered, I heard my parents talk quickly in the living room.

“This Zhao Yanyan is even more pretty than that Xia Jing, our family’s Leilei profited!” My mom’s voice.

“Haven’t you looked at whose son it is, he inherited our old Liu family’s excellent lineage! This time the raw rice has been cooked, the daughter-in-law is settled!” My dad’s voice.

“You dare to say your excellent lineage? If it wasn’t you doing that to me back then... Would I have married you poor guy!?” My mom’s shy voice.

“What’s wrong with marrying me, unless you’re still thinking about that something ten youth entrepreneur? My dad said with displeasure.

“Heh! He is an outstanding youth in the country now, I heard the new company is huge!” My mom’s voice.

“So what! Ai~ You do pay quite a bit of attention to him, let’s see how I take care of you,” my dad’s voice.

“What are you doing, we’re old husband and wife now, ai~ knock it off, it wouldn’t be good if our son heard it!” My mom’s voice.

“Crap! I gave the condom I just bought today to our son!” My dad said regretfully.

I clenched that box of Double Butterfly condom, and kept sweating, I was wondering if I should first return this condom back to my dad. You have to know these two people is acting good cop bad cop on me! Hearing their tone, it seems like they are pretty happy about me and Zhao Yanyan.

Three days of New Year passed by quickly, it wasn’t a seven day holiday yet back then, normal school and work days resumed on January 4th .

Under my guidance and suggestion, Shuguang Photo Factory 1.0 and Shuguang CAD 1.0 were completed and entered the public testing phase. The first automatic wiring layout design system Shuguang EDA was in development, it could be said that Shuguang Software has already was completely on track now under my guidance. Shuguang Software now had more than a hundred excellent programmers, it be said that what they lack most now is good ideas and core codes, since I could provide both of these, what they needed to do was finish the software.

This was just to my liking, I don't have too much time right now to program all of the large scale business software that were popular, therefore I needed some people to help me finish these ideas, my Shuguang Software is my best helper.

On the side of Shuguang Microelectronics, the production lines for chips have all been purchased from Bao Island, originally Uncle Zhao wanted to buy it from Fusan Country, I strongly opposed, I rather spend more money and buy one made in the country

I've already made all the north and south bridge data that is compatible with Pentium MMX/Pro and gave it to the few technicians at Shuguang Microelectronics, they were very suspicious about the origins of this data, since it wasn't possible for such technological data to appear in the country, even in the entire world, this data would definitely be kept confidential by the producers, and would not be said.

However when they thought about the powerful background and financial abilities behind Shuguang, no one thought anything of it. They were able to buy production lines costing several hundred millions on a whim, how many companies could do this within the country?

Since the production process and the packaging technology were rather complete, the chips could be officially put into production very soon, I've also drawn out the circuit diagrams for the computer motherboard for the technicians to research. All developments were looking good, I estimate that they could be all put into the market at the end of January this year.

Intel's Pentium MMX had also been released into the market ahead of

schedule, since the technology was designed by me, suture packaging was directly used, this was one of my technology patents, and was preparation for standardization in the future.

Intel initially had some problems with Shuguang Electronics selling motherboards, but after sending someone here to communicate and found out that the owner behind the scenes for Shuguang was me, they quietly shut their mouth. This is because the contract had been not to sell the technology to a third party, but it didn't say that I couldn't use it myself. When they heard that we had already started developing a 300Hz CPU, they couldn't help but choose to cooperate with us once again, allowing Shuguang Electronics to become the sole distributor for Intel within Huaxia.

Uncle Zhao had always been a good manager, and with the extra training over these two months, Shuguang had started speedily growing under his leadership. Although the main reason for this speed was due to my technological data, I can't deny that Uncle Zhao had already managed Shuguang similarly to the international companies I've seen in my previous life. This means that, once these technicians mature enough to have the ability to research and develop on their own, and won't need the help of my data anymore, Shuguang will become like a large machine, successfully running whether Uncle Zhao or I are here or now.

It could be said that I could already feel relieved about the IT area, and could leave it in other's hands, the next thing I had to pay attention to was the extremely profitable industries in this period of time, real estate and domestic appliance industry.

Not long after the holiday, I saw Yang Shuguang, who was wrapped by thick on the streets cotton clothing and hat, on the streets holding a small yellow flag to direct traffic in the icy cold. I sighed in my heart, this Jiang Yongfu was truly resolute, the thing happened during New Year, and he immediately got Yang Shuguang to take office within a week. With this, those who originally had relationships with Yang Shuguang would all gradually estrange him from them. When I deal with him then, can't I just do whatever I want?

Looking at the passing cars on the street, I started considering if I should buy a car? Or else it really was inconvenient to go and do things. I can't always take Zhao Junsheng or Zhao Limin's car, after all I am a Board Director, I can't always call a cab when I go out.

I'll get Jiang Yongfu to get me a driving license, I think this is a piece of cake for him, he would rather I bother him more.

I took out my mobile from my pocket, and called Jiang Yongfu.

"Chief Yong, I'm Liu Lei," I said.

"I can tell, I can tell. What is Brother Liu calling me for today?" Jiang Yongfu said.

"Hehe, it's nothing special, I just saw Yang Shuguang on the streets, he's covering himself like a huge panda," I chuckled.

"Haha, he's gotten off light, I would have arranged him to guard the door, or heat the heater or something!" Jiang Yongfu also laughed sinisterly.

"Oh yeah, Chief Jiang, I want to buy a car, help me get a license," I bullshitted a bit, then mentioned it as if I just thought of it. Or else it would seem like I deliberately called him for help, I didn't want to owe him too many favors.

"About this, it's simple, get someone to bring me your ID, I'll get someone to help you sort it out," Jiang Yongfu immediately agreed.

"Sure, how does it cost?" I asked.

"Cost, just how much is getting a driving license, I'll pay for you," Jiang Yongfu said.

"Then Chief Jiang, thanks, I'll send it over to you later," I said.

"Ai, oh yeah, I'll get you a police plate for your car plate, or else you'll be fined when you're caught since you just started driving," Jiang Yongfu said.
